REASONS WHY YOUR SITE SHOULD BE SAFEGUARDED FROM BUILDING	
How do the public enjoy the space	At present this is farmland.
What makes the site more special than other areas in the village/town?	<p>This area is a natural divide between the two villages of Fortrose and Rosemarkie. By permitting construction on this site the villages would become a town and the separate identities of both these villages would be lost, forever.</p> <p>In an area of outstanding natural beauty, and with the huge popular dolphin attraction further down the road, this area should remain un-developed so that it could be utilised for community/leisure use - if not farming.</p>
Does the site have attractive or rare features	The area is farmland which, because it is flat, affords beautiful un-interrupted views over the surrounding coast for residents and tourists alike. It is an outstanding asset to the area as a whole.
