REASONS WHY YOUR SITE SHOULD BE SAFEGUARDED FROM BUILDING	
How do the public enjoy the space	It is breathing space between the two townships of Fortrose and Rosemarkie.
What makes the site more special than other areas in the village/town?	It is prime agricultural land which will grow in importance in the near future. With the increasing world population the inability of the UK to grow enough food will become critical.
Does the site have attractive or rare features	It is used by many species of birds such as curlew and skylark which are declining due to loss of habitat.
