REASONS WHY YOUR SITE SHOULD BE SAFEGUARDED FROM BUILDING	
How do the public enjoy the space	Open spaces will be beneficial to the occupants. Dense housing will adversely affect the occupants.
What makes the site more special than other areas in the village/town?	Even higher density housing than the areas adjacent would not be in keeping with the locality and would detract from the area.
Does the site have attractive or rare features	The site provides habitat for skylarks and oyster catchers. Red kites are seen hunting over this land. Owls have been seen in this area.
