<b>Date Received</b>	23/07/2024	<b>Grid Reference</b>	279737	890198
<b>Description of Works</b>	We removed part of the bank in the rear garden to gain more flat area, lowering the height of the top of the bank by 600mm and installing a second retaining wall. We backfilled the wall to form a flat area 2750mm wide by 13200 long. Another wall was constructed to the side (where another slope was) to form a walk with steps up to the flat area on top of the wall. The new retaining walls are constructed the same as the existing walls in the garden, using a tobemore block, and installed as per manufacturer instructions by a trusted building company. At the bottom of the wall, we have installed a soak away pipe which allows the water behind the wall to drain away. On top of the wall, we have erected privacy fencing, as per planning
