Dear Ann,

I'm writing on behalf of Assynt Development Trust, our board and staff to fully endorse and support your application to Highland Council for a community asset transfer of Elphin community hall to the ownership of Elphin, Ledmore, Knockan Community Association Limited (ELKCAL).

We believe this is an excellent opportunity that will allow you to be able to further enhance the activities the community undertake in the hall and make improvements to the infrastructure and facilities and to ensure the sustainability of the hall.

Best wishes
