

THE HIGHLAND COUNCIL

**SOUTH PLANNING APPLICATIONS COMMITTEE –
26 November 2013**

Agenda Item	4
Report No	PLS/053/13

Report by Head of Planning and Building Standards

SUMMARY

This report provides an update on progress of all cases within the ‘Major’ development category currently with the Planning and Development Service for determination and identifies those proposed applications which have Proposal of Application Notice (PAN). The report also details progress on proposals submitted under s36 or s37 of the Electricity Act 1989 on which the Council is consulted.

Recommendation – That the current position of these applications is noted.

1. UPDATE ON PROGRESS

- 1.1 Appendix 1 contains a list of all applications for Major Development currently with the Service and awaiting determination. A brief update on the progress of these applications is provided, including a likely timescale for each case to be determined.
- 1.2 Appendix 2 provides a list of all Electricity Act applications. It should be noted that for many of these, the Council has already provided its response to Scottish Government. Only once Scottish Ministers determine these cases will they be removed from the list. From a performance point of view, the Council is not required to meet the same target timescales expected with planning applications.
- 1.3 Appendix 3 provides a list of all Proposal of Application Notice (PANs) for which applications are yet to be submitted. Where known, expected submission dates will be provided.
- 1.4 Details for any of these applications can be obtained through the Council’s e-planning portal <http://wam.highland.gov.uk.wam/> by entering the respective case reference number provided.

2. RECOMMENDATION

- 2.1 That Members note the current position with these applications.

APPENDIX 1 - MAJOR APPLICATIONS PRE 2009

OFFICER	PROPOSAL	ADDRESS	APPLICANT	PROGRESS	REFERENCE	STATUS	WARD
Jim Harbison	Erection of private flats and retail units	Land At Thornbush Quay, Anderson Street, Inverness, Highland, ,	The Caledonian Property Partnership	The application has remained pending whilst work on the proposed River Ness Flood Prevention Scheme has been progressed by the Council. Agreement in principle has been reached to allow the Council to construct the relevant section of flood defences along the line previously granted planning permission in 2004. It is anticipated that an application will be lodged to extend the proposed flood wall to cover the wider site. If the overall flood prevention measures are approved then it is anticipated that the current planning applications for housing/retail development will be amended as the originally proposed land raising will then no longer be required as a flood prevention measure.	08/00478/OUTIN	PCO	15
