Environmental Protection

It is proposed that the current section on Environmental Protection - contained on Page 85 of the Scheme – should be replaced by a new section which has been attached as *Appendix 1* to this report.

Environmental Health

It is proposed that the current section on Environmental Health – contained on Pages 88-92 of the Scheme – should be replaced by a new section which has been attached as *Appendix 2* to this report.

6. Implications Arising from the Report

- 6.1 The new tasks included in the changes proposed for Strategic Committees will be contained within current Service budgets. The changes reflect changing statutory duties on the Council. By amending the terms of reference the risk of non-compliance with new statutory duties are reduced.

There are no negative Climate Change/Carbon Clever implications, although there may be some reduction in emissions from travel associated with the former Boards for Police and Fire services in the Highlands and Islands. Equalities implications are covered in the remit of the Community Safety, Public Engagement and Equalities Committee, with changes reflecting the informal meetings Members have with Equalities Groups following Committee meetings.

7. Recommendation

7.1 The Council is asked to agree the further amendments to the Scheme of Delegation as detailed.
