

## **Item 7 - Question Time**

### Response to Ms M Smith

I am aware of the project and look forward to visiting the completed units and factory facility. The project looks very interesting and has good potential. A review will be undertaken in the Autumn of 2015, following delivery of the 8 flats agreed within the Pilot project, and then there will be a follow up in Spring 2016.

As a part of the review we will seek to prepare a performance specification that will be used as a basis for taking forward future modular projects in other areas of the Highlands, either by the Council or our partner housing associations.

Additionally, there will be ongoing work with tenants to measure running costs and client satisfaction.
