

Adult Services Development and Scrutiny Sub-Committee

Remit

General

To ensure specific consideration is given to the delivery of adult social care services, as part of an integrated approach to all community care services, and to oversee on behalf of the People Committee of Highland Council, the commissioning of social care services for adults from NHS Highland.

Specifics

1. To be kept apprised of legislative, regulatory, policy and practice issues in relation to adult social care services, including as part of an integrated approach to service delivery.
2. To consider the adult social care services to be commissioned as part of the partnership agreement with NHS Highland.
3. To scrutinise and comment on performance reports with regard to the delivery of adult social care services by NHS Highland and the Lead Agency Performance Management Framework.
4. To scrutinise and comment on actions where improvement is required to meet targets and improve outcomes.
5. To consider and recommend service and practice developments in services for adults, and in particular in relation to adult social care.
6. To consider and make recommendations to the People Committee in relation to these matters, and in relation to NHS Highland's actions and responses, including any proposed changes or developments to Highland Council policy and strategy.

The Sub-Committee will meet six times a year.
