## 1.0 Background

- 1.1 Highland Council's People Committee, at its meeting on 23 August 2017, agreed that a statutory consultation be undertaken on the proposal to establish a catchment area for the new Bun-sgoil Ghàidhlig Phort-Rìgh, and to simultaneously establish formal catchments for the provision of Gàidhlig Medium Education (GME) for schools within the Portree Associated School Group (ASG). This followed the issue of Statutory Guidance by Bòrd na Gàidhlig in February 2017, which recommended that local authorities create catchment areas for the provision of GME.

1.2 **Appendix 1** is the original consultative paper and provides full details of the above proposal. **Appendices A and B** are the appendices to the original proposal.

## 2.0 Consultation process

2.1 The formal consultation period ran from Monday 28 August 2017 to Wednesday 25 October 2017. Written representations on the proposal were sought from interested parties as defined within the Schools (Consultation) (Scotland) Act 2010, as amended.

2.2 In accordance with statutory requirements, the following were consulted:

- (i) Parents of pupils attending Portree Primary School; including parents of pre-school pupils;
- (ii) Parents of pupils attending Macdiarmid Primary School; including parents of pre-school pupils;
- (iii) Parents of pupils attending Carbost Primary School; including parents of pre-school pupils;
- (iv) Parents of pupils attending Dunvegan Primary School; including parents of pre-school pupils;
- (v) Parents of pupils attending Edinbane Primary School; including parents of pre-school pupils;
- (vi) Parents of pupils attending Knockbreck Primary School; including parents of pre-school pupils;
- (vii) Parents of pupils attending Struan Primary School; including parents of pre-school pupils;
- (viii) Parents of pupils attending Kilmuir Primary School; including parents of pre-school pupils;
- (ix) Parents of pupils attending Raasay Primary School; including parents of pre-school pupils;
- (x) Parents of pupils attending Broadford Primary School; including parents of pre-school pupils;
- (xi) Parents of pupils attending Elgol Primary School; including parents of pre-school pupils;
- (xii) Parents of pupils attending Bun-sgoil Stafainn; including parents of pre-school pupils;
- (xiii) Parents of pupils attending Bun-sgoil Shlèite; including parents of pre-school pupils;
- (xiv) The Parent Councils of the above schools.
- (xv) Members of Parliament and Members of Scottish Parliament for the area affected by the proposal;
- (xvi) Staff of each of the schools listed above;
- (xvii) Trade union representatives;
- (xviii) All Community Councils for the Isle of Skye;
- (xix) Bòrd na Gàidhlig;
- (xx) Comann nam Pàrant
- (xxi) Education Scotland;
- (xxii) Highland Youth Convenor

- 2.3 The proposal document was advertised on the Highland Council website.
- 2.4 Public meetings were held in Portree on 13 September 2017, in Broadford on 14 September 2017, and in Dunvegan on 4 October 2017. The meetings were advertised in advance on the Highland Council website and Facebook page, and in the *West Highland Free Press*.
- 2.5 Following receipt of written representations received by Highland Council and consideration of oral representations made at the public meetings, officials reviewed the proposals.
- 2.6 The outcome of this review process is reflected in the response, conclusion and recommendations outlined below.

### 3.0 Responses received

- 3.1 A list of those who responded in writing during the public consultation is at **Appendix 2**, whilst copies of the actual responses are at **Appendix 2a**. (Some responses are in Gaelic and translations of these have been provided). The majority of responses received were from school pupils. Schools were sent age adapted questionnaires for the purpose of gathering pupil views. Some schools have returned individually completed questionnaires whereas others have returned a summary of pupil views. The various points raised are addressed in S.4 below
- 3.2 Two other responses were received. That from Bòrd na Gàidhlig expressed support for the proposal. The remaining response was from Raasay Primary School Parent Council. The island of Raasay was not included within any of the proposed Gàidhlig Medium catchment areas, due to the difficulty of travel to the nearest provision. In their response, the Parent Council suggested that the Council looks to increase the amount of Gaelic that is currently used in the school, and asked whether they could discuss how to ensure that the Gaelic language remains an important part of their learning at Raasay Primary.
- 3.3. Raasay Primary School is very fortunate in that the present Head Teacher is a fluent Gaelic speaker, something which has led to the children gaining success at events such as the Regional Mòd. Presently Gaelic is delivered at the primary school as part of the national 1 + 2 languages strategy, and as part of this programme it will continue to be an important part of the curriculum at Raasay Primary.
- 3.4 The questionnaires issued to pupils invited a response on 4 questions. A summary of the responses is provided below.

#### Q1 – Children from Elgol should go to Broadford PS if they want to learn in Gaelic

All of the pupils at Elgol Primary supported this aspect of the proposal although at Broadford a majority of those who responded were against (24

votes to 9). Amongst the Gàidhlig Medium pupils at Broadford who responded, opinion was split 50/50.

Q2 - Children from Carbost and Macdiarmid should go to Portree PS if they want to learn in Gaelic

The Learning Council at Carbost Primary were in support of this aspect of the proposal, but the joint return from Macdiarmid and Knockbreck Primaries indicated the majority of pupils at those schools were against (23 votes to 10). In many cases, the responses opposing the proposal were on the grounds that Gàidhlig Medium (GM) pupils should be able to attend whichever school they want to, rather than a specific school. In that sense, the criticism is that our proposal is too restrictive in seeking to designate a GM school for each address.

Pupils at Portree Primary were mostly in support of this aspect of the Proposal (157 votes to 17)

Q3 - Children from Edinbane, Knockbreck and Struan should go to Dunvegan PS if they want to learn in Gaelic

All the children from Edinbane Primary were in favour of this aspect. The pupils at Struan Primary were all against, arguing that the Struan Primary catchment should be part of the GM catchment of the Bun-sgoil Ghàidhlig Phort-Rìgh. The joint response from Macdiarmid and Knockbreck was the same as for Q2. Meanwhile pupils at Dunvegan Primary were evenly split on this aspect (13 votes in favour of the proposal, 13 against, with 7 “Don’t Knows”).

Q4 – Is Raasay Primary too far from any other school offering GME, for the children to be able to travel?

The majority of pupil responses, across all schools, agreed with this aspect of the proposal, although there were some who thought that Raasay pupils should have an entitlement to travel to GME elsewhere, and others who thought Raasay should be given its own GM provision.

3.5 Formal notes of the three public meetings are at **Appendices 3-3b**. No opposition to the proposal was expressed at any of the meetings.

**4.0 Issues raised during the consultation period**

4.1 The main arguments opposed to the proposal are summarised below, together with the responses from the Council. In many cases different responses have made the same or very similar arguments, and where this occurs the arguments have been addressed only once.

**Issue 1**

The Carbost Primary catchment is within the GM catchment for Bun-sgoil

Ghàidhlig Phort-Rìgh. Struan Primary is clustered with Carbost Primary. It would therefore be better if children from Struan to go Bun-sgoil Ghàidhlig Phort-Rìgh, if they wish to access GME.

### **Response 1**

Struan Primary is located 8.8 miles/13 minutes from Dunvegan Primary, but 10.8 miles/21 minutes from Portree Primary (source: Google Maps). The travel time to Portree is therefore about 50% longer than to Dunvegan. The most direct route from Struan to Portree is also affected by winter weather conditions more frequently than the route to Dunvegan.

There is already a transport contract linking Struan to Dunvegan for GME, which works by extending the route of a contract for EM pupils from within the Dunvegan EM catchment, but who live south of the village itself. Travel from Struan to Portree would be by providing extra seats on the High School contract (which follows the longer route via Sligachan).

The clustering arrangements do not affect any pupils opting for GME, since those pupils would attend neither Struan Primary nor Carbost Primary.

### **Issue 2**

Children from the same area should go to the same school and not be split up.

### **Response 2**

Gàidhlig medium education is a matter of choice, and no-one is forced to undertake it.

Highland Council is committed to developing Gaelic education in pre-school and primary schools. Gàidhlig medium education gives children an opportunity to learn Gaelic in the most natural way possible as the language is being absorbed through their learning. For this reason the Council is committed to the development of standalone GM schools, and to providing as much access to GME as is reasonable possible.

### **Issue 3**

There is a need for more children in English medium classes and nurseries.

### **Response 3**

Highland Council agrees that many of the primary schools in the Portree ASG could benefit from having more pupils, but this should not be at the expense of GME.

**Issue 4**

Having more children in the Gàidhlig medium class in Dunvegan would make the class too big and noisy.

Dunvegan would be overcrowded with pupils from Edinbane, Knockbreck and Struan. These pupils should come to Bun-sgoil Ghàidhlig Phort-Rìgh,

**Response 4**

There is currently a single GM class at Dunvegan PS, with 13 pupils. This is well within normal class size limits, and there is no danger that the Proposal will make the GM class at Dunvegan too big.

The Council's Proposal largely formalises what has been happening in practice anyway, and the total pupil numbers at Edinbane, Knockbreck and Struan are very small, with the 3 schools between them currently having only 16 pupils in P1-7. Taking these factors into account, the Proposal is unlikely to have any significant effect on the roll at Dunvegan Primary.

**Issue 5**

Soay would be a very difficult place to get to Portree from.

**Response 5**

Currently there are no primary age children on the island of Soay. In winter it would not be easy to travel regularly from Soay to any other school. If in the future there are any children resident on the island, Highland Council would make suitable arrangements for their education, which may involve granting them a place in the school hostel in Portree.

**Issue 6**

In some areas you would be closer to a different school than the one you are supposed to go to.

**Response 6**

It is not unusual for a community on the edge of particular catchment to be closer to another school. Catchment areas tend to follow transport routes and historic boundaries, and they are also often delineated by reference to natural features. In drawing up the GM catchments, Highland Council has sought to make the boundaries coterminous with some of the existing English Medium (EM) catchment boundaries.

**Issue 7**

Bun-sgoil Ghàidhlig Phort-Rìgh, Dunvegan Primary and Bun-sgoil Shlèite all have very big catchments.

**Response 7**

The GM catchment area for Bun-sgoil Shlèite is identical to the EM catchment area for that school.

Under the proposal, the other two schools mentioned above will have catchment areas that overlay a number of English Medium catchments. In preparing its Proposal, Highland Council was mindful of the advice within the Statutory Guidance, which states that a catchment area for GME provision should be an area in which the education authority thinks it is reasonable for pupils wishing to receive GME to travel to school, and should have the potential to attract parents to choose GME for their children. In our view, the proposal represents the best balance between travel times and allowing as much access to GME as possible.

Paragraph 4.3 of the Proposal Paper issued for public consultation (Appendix 1) listed the distances and travel times from the six primary schools in Skye that do not offer GME, to the various schools that do. This information was taken into account when considering the proposed GM catchments.

**Issue 8**

People should have the choice of which school they want to go to. *[multiple responses]*

**Response 8**

This Proposal has arisen because of Statutory Guidance from Bòrd Na Gàidhlig, which requires local authorities to designate specific catchment areas for GME.

In common with other local authorities in Scotland, Highland Council places all of its communities within designated school catchments. Pupils enrol into the designated school for their home address, at both primary and secondary level. This system is necessary for the efficient planning of educational provision. If parents choose another school, then this must be by means of what we term a placing request. These are normally granted but can be refused where acceptance of the request would result in additional expenditure.

**Issue 9**

The Broadford catchment should be bigger.

**Response 9**

The English Medium catchment for Broadford PS abuts those of 5 other catchments; those of Kyleakin Primary, Bun-sgoil Shlèite, Elgol Primary, Carbost Primary and Portree Primary.

The Elgol catchment is already within the proposed GM catchment for Broadford Primary. Both Bun-sgoil Shlèite and Bun-sgoil Ghàidhlig Phort-Rìgh offer GME, so it would not be appropriate for the GM catchment for Broadford to encroach on these. Kyleakin Primary is within the Plockton ASG.

Carbost Primary is located 17.5 miles/28 minutes from Portree and 24.8 miles/37 minutes from Broadford [source: Google Maps]. Most children in the Carbost PS catchment live in communities close to the school. On balance Highland Council considers that the Carbost PS catchment should be within the GM catchment for Bun-sgoil Ghàidhlig Phort-Rìgh

#### **Issue 10**

The catchments for Bun-sgoil Stafainn and for Kilmuir Primary should be combined.

#### **Response 10**

Both these schools currently offer GME and should therefore retain their existing catchments. Highland Council has no plans to remove the provision of GME from either school.

#### **Issue 11**

Broadford Primary should not just get portacabins but get a new school like Portree.

#### **Response 11**

Highland Council is aware of the accommodation problems at Broadford Primary. The Council is currently reviewing its capital programme, one aspect of which is the need for investment at Broadford Primary School.

#### **Issue 12**

Elgol to Broadford is too far to travel and the road is very poor [*multiple responses*].

Carbost is too far away from Portree for children to travel to school [*several responses*]

Carbost PS is closer to Dunvegan than it is to Portree.

It's too far to travel from Edinbane, Knockbreck or Struan to Dunvegan. Pupils from these schools would not get to Dunvegan in time for their class.

**Response 12**

The current EM pupils from Elgol PS, Carbost PS and Edinbane PS were all unanimously in favour of the Council's Proposal. Whilst the EM pupils from Struan opposed the Proposal, they suggested GM pupils should instead travel to Portree, which is further away.

Carbost is marginally closer to Portree than it is to Dunvegan. Historically children from Carbost who wished to attend GME did so at Portree Primary School. Transport to Portree could also be shared with secondary school pupils.

**Issue 13**

Pupils from Macdiarmid Primary should not need to travel to Portree as there is already very good Gaelic provision at Macdiarmid.

**Response 13**

Gaelic is the second additional language (after French) delivered at Macdiarmid Primary as part of the 1 +2 language provision recommended by the Scottish Government. A number of the teaching and non-teaching staff at the school do have Gaelic language skills. However, the provision at Macdiarmid Primary does not represent GME. It will remain necessary for children in the Macdiarmid catchment to travel to Portree to access GME.

**Issue 14**

Raasay Primary School should get its own Gàidhlig Medium class *[multiple responses]*

Raasay Primary School could get a portacabin to allow a Gaelic class, just as Kilmuir Primary did.

Elgol Primary School should get its own Gàidhlig Medium class

Carbost Primary School should get its own Gàidhlig Medium class

Macdiarmid Primary School should get its own Gàidhlig Medium class

Knockbreck Primary School should get its own Gàidhlig Medium class

Struan Primary School should get its own Gàidhlig Medium class

Edinbane Primary School should get its own Gàidhlig Medium class.

**Response 14**

Under The Education (Scotland) Act 2016, parents of children under school age, and who have not yet started to attend a primary school, have a right to

request an assessment of the need for Gaelic Medium Primary Education (GMPE) from the education authority in whose area their child lives. When an education authority receives a parental request for GMPE, it must assess the need for GMPE. Following an initial assessment, the education authority must decide whether there is a potential need for GMPE in the assessment area or not. This is defined as demand for GMPE in relation to five or more children in the same pre-school year group.

Any parental demand for GMPE from parents in the above schools would therefore be assessed by Highland Council in accordance with the above procedure.

#### **Issue 15**

Children from Raasay should be allowed to go on the boat to get to Bun-sgoil Ghàidhlig Phort-Rìgh *[multiple responses]*

High School pupils already travel from Raasay to Portree on the boat. If primary school pupils wanted to travel to Portree for GME they could do so on the same boat, and some of the High School pupils could act as "buddies" for the younger children.

#### **Response 15**

As mentioned at Response 7, the Statutory Guidance states that a catchment area for GME provision should be an area in which the education authority thinks it is reasonable for pupils wishing to receive GME provision to travel to school, and should have the potential to attract parents to choose GME provision for their children. On balance, Highland Council does not feel that Raasay meets these criteria, largely due to its island status.

The Council is mindful that under its Proposal, Raasay Primary will be the only school catchment in the Portree ASG that is not allocated to a GM catchment. Should any parents wish their primary age children to travel to Portree to access GME, we would be willing to consider this on the basis that the children use existing transport to Portree High School. In this context, the "buddy" system suggested in public consultation and summarised at Issue 15, would be very worthwhile.

#### **Issue 16**

All Gàidhlig Medium pupils should go to the new school in Portree.

#### **Response 16**

This would require the closure of GME in the other 5 primary schools in Skye where it is currently offered. It would also require primary age pupils from locations like Sleat, or Glendale, to undertake long journeys to Portree to access GME. Highland Council does not therefore support this suggestion.

**Issue 17**

The Gàidhlig schools football competition would be unfair.

**Response 17**

Although Bun-sgoil Ghàidhlig Phort-Rìgh is much bigger than the other schools in Skye that offer Gàidhlig Medium, this is no change from the current situation, where Portree Primary has many more Gàidhlig Medium pupils than the other schools.

**5.0 Summary of the issues raised by Education Scotland**

- 5.1 In line with legislative requirements, Education Scotland was invited to submit comments on the Council's proposals. A copy of the report from Education Scotland is appended – **Appendix 4**. A Gàidhlig language version is at **Appendix 4a**.
- 5.2 In its report, Education Scotland concludes that the Council's proposal has potential benefits for strengthening Gaelic within the Portree ASG. Almost all stakeholders support the proposal as formalising arrangements that are already in place. Education Scotland commented however, that stakeholders have identified reasonable concerns that the Council should take forward in finalising its report. This should include more detailed illustrations of the precise nature of GME catchment areas. In the south of the island, a few pupils and parents were unclear of how the proposed catchment areas would impact on the secondary school that they would attend. Others sought clarity on how the proposal would impact on the arrangements for transport for GME provisions.
- 5.3 Education Scotland recommends that the Council's final consultation report needs to detail the educational benefits that will accrue from the proposal. These should assist in allaying parents' concerns that some GME provisions may be more attractive than others. Education Scotland add that it should be clear how the strategic leadership and curricula of all GME provisions referenced in the proposal paper will give due attention to securing high-quality outcomes for all pupils in GME. The council should continue to engage with the parents of Raasay Primary School in taking forward their interest in Gaelic. In its final report, the council should specify transition arrangements to include families who currently live outwith the proposed catchment area for the school which they are currently sending their children to and how they will guarantee places for any of their younger siblings.

## 6.0 Responses to the Issues Raised by Education Scotland

### Issue 18

The Council's Proposal should include more detailed illustrations of the precise nature of GME catchment areas. In the south of the island, a few pupils and parents were unclear of how the proposed catchment areas would impact on the secondary school that they would attend.

### Response 18

All of the school catchment maps in Highland can be found online at:

<https://tinyurl.com/y7u3thd4>

There is a "zoom" facility on the page which allows the viewer to pinpoint the position of individual houses in relation to catchment boundaries.

The proposed GM catchments are either identical to the existing EM catchments or overlay a number of existing EM catchments. Where the latter occurs, the GM catchments have been formed by amalgamating several EM catchment areas, but otherwise by following the same boundaries.

The Proposal will have no impact on the secondary schools that pupils currently attend.

### Issue 19

There is a need for clarity on how the proposal would impact on the arrangements for transport to GME.

### Response 19

Once the new GM catchments are set, the principle will be that transport for GM pupils is provided on the same basis as for EM pupils; that is, pupils will be given free transport to their catchment GM school. Where appropriate this will take the form of shared transport with High School pupils. Any pupil within a designated GM catchment will only receive school transport to their designated GM provision and not to any other.

The catchment area of Raasay PS is a special case, as under this Proposal it is not within any GM catchment area. Whilst there will be no entitlement for Raasay pupils to receive free transport to GME provision, any requests for such would be assessed in line with the procedure set out at Response 15

**Issue 20**

The Council's final consultation report needs to detail the educational benefits that will accrue from the proposal.

**Response 20**

The Proposal was advanced because Statutory Guidance on Gàidhlig Medium Education, issued by Bòrd na Gàidhlig on 1 February 2017, requires local authorities to create GM catchment areas. In this case, compliance with the Statutory Guidance is the primary motivation for the Proposal.

Nevertheless, the Proposal forms part of Highland Council's overall approach to the promotion of Gàidhlig medium education. Up to now, Highland Council's admission arrangements to GME have been informal and based on a "reasonable distance" (often applied as a 15 mile radius) from each school offering GME. In some locations these radii have overlapped, and the "15 mile" principle has not always been applied consistently. The creation of GM catchment areas, extended throughout Highland, will mean that admissions to GME will in future be more formal and robust.

The Proposal therefore helps to consolidate our existing provision of GME, and allows for the more efficient use of resources. It should be considered alongside other measures being undertaken to promote Gaelic, and the benefits of bilingualism.

The Education Scotland report comments that almost all consultees appreciate the potential clarity that designating catchment areas may bring.

**Issue 21**

It should be clear how the strategic leadership and curricula of all GME provisions referenced in the proposal paper will give due attention to securing high-quality outcomes for all pupils in GME

**Response 21**

The Council's Quality Improvement Team will be liaising with all our GME schools and working with Education Scotland to ensure high quality outcomes for GME pupils. We are currently preparing a Guidance Paper in order to support GME teaching in Highland, and the provision of good quality CPD will also be part of achieving this end.

**Issue 22**

The council should continue to engage with the parents of Raasay Primary School in taking forward their interest in Gaelic.

**Response 22**

This issue was raised in the public consultation and is addressed at paragraph 3.3 above. At the initial stage, discussions should be between the parents and the Head Teacher.

**Issue 23**

The council should specify transition arrangements to include families who currently live outwith the proposed catchment area for the school which they are currently sending their children to and how they will guarantee places for any of their younger siblings.

**Response 23**

There will be transitional arrangements for any parents who have children currently attending GME outwith the proposed GM catchment for their home address. Children in this position will continue to attend their current school and current transport arrangements will also continue.

Younger siblings of any such children will also be entitled to a place at the same school, and the same transport arrangements as their older sibling. These arrangements only apply in case where the older child is still attending the school in question at the time the younger sibling enrolls.

**Issue 24**

A few stakeholders in the locality of Struan felt that their catchment area should be that of Bun-sgoil Ghàidhlig Phort Rìgh rather than the stated Dunvegan Primary School. This was to enable cluster work to be the same as that for English medium. Going forward, the council should ascertain if this would have impact for collaborative activity.

**Response 24**

As detailed at Response 1, Struan Primary is currently clustered with Carbost Primary, and neither of these schools offer GME. Pupils seeking GME would not therefore enrol at either school, and there would be no impact on collaborative activity.

## **7.0 Effects on the Community**

7.1 The Proposal will not have any impact on the wider community.

## **8.0 Effects on School Transport**

8.1 Travel arrangements are already in place for journeys to the designated GM schools, wherever there is demand. The proposals will clarify entitlement to this travel, and provision will be made according to normal criteria within these catchments.

## **9.0 Effects on Staff and School Management Arrangements**

9.1 The proposal is not expected to have any impact on staff and school management arrangements.

## **10.0 Alleged omissions or inaccuracies**

10.1 No alleged omissions or inaccuracies were identified during consultation.

## **11.0 Overall Review of Consultation Exercise**

11.1 The consultation exercise has not identified any significant opposition to the Proposal. The 3 public meetings were poorly attended and, aside from the pupil responses, only two written representations were received. The consultation undertaken by Education Scotland did gather additional comments, but these were predominantly questions about how the Proposal would be implemented in detail. These issues are addressed in Section 6 above.

## **12.0 Legal issues**

12.1 Throughout this statutory consultation Highland Council has complied in full with the requirements of the Schools (Consultation) (Scotland) Act 2010.

12.2 As provided for in section 1 of the Education (Scotland) Act 1980, it is the duty of the Council to ensure adequate and efficient provision of school education within Highland. The above, and all other legislative requirements, have been taken into account in the preparation of this Report.

## **13.0 Conclusion**

13.1 The consultation process has complied fully with legislative requirements and has provided an opportunity for all parties to identify key issues of concern. These issues have been fully considered and the Council's response detailed in section 4 above.

13.2 Education Scotland staff visited the 6 primary schools in the ASG that offer GME to speak to parents, pupils and staff. They also had the opportunity to

review in detail the proposal document, all written responses, and the notes of the public meetings.

13.3 The Director of Care and Learning, on reviewing all of the submissions, the notes of the meetings, and the Education Scotland report; concludes that the Proposal and should be implemented. The reasons for this conclusion are set out above.

#### **14.0 Recommendation**

14.1 It is therefore recommended that Highland Council proceeds with the course of action set out at Paragraph 13.3 above.

**THE HIGHLAND COUNCIL**

**The proposal is to establish a catchment area for the new Bun-sgoil Ghàidhlig Phort-Rìgh, and to simultaneously establish formal catchments for the provision of Gàidhlig Medium Education (GME) for schools within the Portree Associated School Group (ASG).**

**EDUCATIONAL BENEFITS STATEMENT**

**THIS IS A PROPOSAL PAPER PREPARED IN TERMS OF THE EDUCATION AUTHORITY'S AGREED PROCEDURE TO MEET THE REQUIREMENTS OF THE SCHOOLS (CONSULTATION) (SCOTLAND) ACT 2010**

The Highland Council is proposing, subject to the outcome of the statutory consultation process:

- To establish a catchment area for the new Bun-sgoil Ghàidhlig Phort-Rìgh. The new catchment for GME will overlay the current catchments of Portree Primary School, Macdiarmid Primary School, and Carbost Primary School.
- To establish a catchment area for the provision of GME at Dunvegan Primary School. The new catchment for GME will overlay the current English Medium (EM) catchments of Dunvegan Primary School, Edinbane Primary School, Knockbreck Primary School, and Struan Primary School.
- To establish a catchment area for the provision of GME at Kilmuir Primary School. The new catchment for GME will overlay the current EM catchments of Kilmuir Primary School and Uig Primary School.
- To establish a catchment area for the provision of GME at Broadford Primary School. The new catchment for GME will overlay the current EM catchments of Broadford Primary School and Elgol Primary School.
- To confirm that the catchment areas for Bun-sgoil Shlèite and Bun-sgoil Stafainn will apply to both Gàidhlig Medium and English Medium education.
- Existing catchments for the provision of English Medium education will be unaffected.
- The proposed changes, if approved, will be implemented for the beginning of school session 2018-19.
- None of the proposed catchments for GME encompass the catchment area of Raasay Primary School. The distances and travel times from Raasay to the nearest Gàidhlig Medium (GM) provision would be excessive for primary school age pupils. Any identified parental demand for GME from Raasay would be assessed in accordance with the Education (Scotland) Act 2016.

The proposal paper will be available for inspection, free of charge, at:

### **Consultation Period**

The consultation for this Proposal will run from Monday 28 August 2017 and will end on Wednesday 25 October 2017. This period allows for the statutory minimum of six weeks, including at least thirty school days.

### **Public Meeting**

Public meetings will be held, the details of which are set out below:

Portree Primary School, 7pm 13 September 2017  
 Broadford Primary School, 7pm 14 September 2017  
 Dunvegan Village Hall, 7pm 4 October 2017

Anyone wishing to attend the public meetings is invited to do so. Each meeting will be convened by the Council, will be chaired by a senior elected councillor, and will be addressed by officers of the Care and Learning Service.

Each meeting will be an opportunity for the public to hear more about the proposal; to ask questions about the proposal; and to have the views of all stakeholders recorded so that they can be taken into account. A note will be taken at the meeting of questions asked and views expressed. This note will be published on the Council website. The meeting will also be recorded.

The note will be forwarded to Education Scotland, along with other submissions and comments received by the Council during the consultation process.

### **Meetings with Pupils and Staff**

School staff will arrange to discuss the proposal with pupils (who are considered to be of a suitable age and maturity) in the affected schools. A record of questions, responses and views will be taken and this will be published in the Consultation Report.

### **Responses to the Proposals**

Interested parties are invited to respond to the Proposals by making written or electronic submissions on the Proposals to:

Norma Young  
 Area Care and Learning Manager (West)  
 Fingal Centre  
 Portree  
 Isle of Skye  
 IV51 9ET  
 Email: CL.SkyeAdmin@highland.gov.uk

When responding, you are invited to state your relationship with the school – for example, “pupil”, “parent”, “carer”, “relative”, “former pupil”, “teacher in school”, “member of the community” etc. However it is not compulsory to do so.

Those sending in a response, whether by letter or electronically, should know that their response will be open to public scrutiny and may have to be supplied to anyone making a reasonable request to see it. If they do not wish their response to be made publicly available, they should clearly write on the document: “I wish my response to be considered as confidential with access restricted to Councillors and Council Officers of Highland Council”. Otherwise, it will be assumed that the person making the response agrees to it being made publicly available. All written responses must be received by the last day of the consultation period, Wednesday 25 October 2017 at 5.00pm.

### **Involvement of Education Scotland**

When the Proposal Document is published, a copy will also be sent to Education Scotland by the Council. Education Scotland will also be sent a copy of any relevant written representations that are received by the Council from any person during the consultation period, as well as the summary note of the public meeting that will be held and so far as is practicable a copy of any other relevant documentation. It is intended this will take place at either the end of October or in early November (dates to be confirmed by Education Scotland), or if not as soon as possible afterwards. Education Scotland will then prepare a report on the educational aspects of the proposal, to be completed not later than 3 weeks after they receive the consultation

papers. In preparing their report, Education Scotland may visit the affected schools and make such enquiries of people there as they consider appropriate.

### **Review of Consultation Exercise**

Highland Council will review the proposal having regard to the Education Scotland Report, written representations that it has received, and oral representations made at the public meeting. It will then prepare a Consultation Report. This Report will be published in electronic and printed formats and will be sent to anyone who submitted a written representation during consultation. It will be available on the Council website as well as at the affected schools and local library, free of charge. The Report will include a summary of the written and oral representations made during consultation and a copy of the Education Scotland Report, together with the Council's considered response to the issues raised. The Report will include details of details of any alleged inaccuracies and/or omissions and how these have been handled. The Consultation Report will be published at least 3 weeks prior to being submitted to the People Committee, who will make a recommendation to the full Highland Council.

In publishing the report the Council will invite any person or party to make further representations to the Committee prior to its meeting. A notice to this effect will also be published on the Highland Council website.

At the present time the Council intends to publish its Report in December 2017, prior to submission to the Council's People Committee in early 2018. However, this timescale may change depending on the nature of issues raised during consultation, and the need to give full consideration to those issues. In the latter event, the Report may not be submitted until a later Committee meeting.

Any proposal approved by the People Committee would require to be confirmed by a subsequent meeting of the full Highland Council.

### **Note on Corrections**

If any inaccuracy or omission is discovered in this Proposal paper, either by the Council or any other person, the Council will determine if relevant information has been omitted or, if the paper contains an inaccuracy. The Council will then take appropriate action, which may include the issue of a correction or the reissuing of the Proposal or the revision of the timescale for the consultation period, if appropriate. In that event, relevant consultees and Education Scotland will be advised.

### **Legislative Background**

- 1.1 The proposal is advanced within the context of all applicable legislation. Amongst other duties, education authorities are required to secure adequate and efficient provision of school education (S.1 of the Education Act 1980); to publish or otherwise make available information as to their arrangements for the placing of children in schools under their management (S.28 of the 1980 Act) and to promote and support Gaelic Medium education and learning (S.15 of The Education (Scotland) Act 2016. Statutory Guidance issued by Bòrd na

Gàidhlig early in 2017 specifies that local authorities should establish catchment areas for Gàidhlig Medium education. The Guidance goes on to say that a catchment area for GME provision should be an area in which the education authority thinks it is reasonable for pupils wishing to receive GME provision to travel to school, and should have the potential to attract parents to choose GME provision for their children. Catchment areas for GME provision will normally overlay a number of school catchment areas.

### **Reason for the Proposal**

- 2.1 This proposal is being advanced for the following reasons:
- Highland Council has never previously specified catchment areas for GME. This has led to a lack of clarity for parents in respect of entitlement to GME.
  - Bòrd na Gàidhlig has issued statutory guidance recommending that local authorities create catchment areas for GME.
- 2.2 The current proposal follows on from informal consultation with local Elected Members; Head Teachers of the primary schools within the ASG; Parent Councils; and local Community Councils

### **Current and Planned Provision of Gàidhlig Medium Education within the Portree ASG**

- 3.1 At secondary school level, Portree High School offers GME.
- 3.2 There are 14 primary schools within the ASG, one of which, Uig Primary, is currently mothballed. Of the remaining 13 schools, six offer GME; Broadford Primary, Dunvegan Primary, Kilmuir Primary, Portree Primary, Bun-sgoil Stafainn and Bun-sgoil Shlèite.
- 3.3 A new Gàidhlig medium primary school is under construction in Portree. Following the opening of the new school, the existing Portree Primary will offer only English Medium education.

### **Proposed School Catchments for GME**

- 4.1 The currently defined catchments for Portree High School, Bun-sgoil Stafainn and Bun-sgoil Shlèite, will continue to operate for both English and Gàidhlig Medium education. There will be no changes to the current arrangements at any of the 3 schools.
- 4.2 Since the mothballing of Uig Primary, Kilmuir Primary has been the receiving school for pupils from the Uig catchment, whether for English or Gàidhlig Medium education. It is reasonable to include the Uig catchment within the Kilmuir PS catchment, for pupils wishing to access GME.

- 4.3 The table below shows the distances and travel times from the six primary schools in Skye that do not offer GME, to the new Bun-sgoil Ghàidhlig Phort-Rìgh, and to the GME provision at Broadford, Dunvegan and Kilmuir Primaries. For each school, the green highlighted text shows the shortest route between the school and the nearest GM provision.

	Broadford	Dunvegan	Kilmuir	Portree
Carbost	24.8mi/37 min	19.8 mi/30 min	36.2 mi/56min	17.5 mi/28 min
Elgol	15.4mi/37 min	53.2mi/85 min	69.2 mi/97 min	40.9 mi/69 min
Edinbane	39.7 mi/38 min	8.8 mi/14 min	25.3 mi/38 min	13.6 mi/21 min
Knockbreck	48.6mi/75 min	11.6 mi/25 min	36.7 mi/58 min	24.9 mi/40 min
MacDiarmid	31 mi/47 min	17.7 mi/25 min	16.6mi/28 min	4.9 mi/10 min
Struan	30.7 mi/42 min	8.8 mi/13 min	29.5 mi/48 min	10.8 mi/21 min

- 4.4 It is clear from the table that Broadford PS is in the best location to offer GME to anyone from within the Elgol PS catchment. In addition, the only road access from Elgol passes through Broadford.
- 4.5 Likewise, there is no question but that Bun-sgoil Ghàidhlig Phort-Rìgh is in the best location to offer GME to anyone from within the MacDiarmid PS catchment.
- 4.6 Bun-sgoil Ghàidhlig Phort-Rìgh will also be the nearest GM provision to Carbost. Although Dunvegan PS is only marginally further away, historically children from Carbost who wished to attend GME did so at Portree Primary School.
- 4.7 Dunvegan PS provides the nearest access to GME for pupils within the EM catchments for Edinbane, Knockbreck and Struan, and the Council proposes therefore to include each of these catchments within the GM catchment for Dunvegan.
- 4.8 Maps of the current school catchments for Skye can be found at **Appendix 2**. No changes are proposed for these catchments in respect of English Medium education.
- 4.9 The proposed new catchments for GME are shown at **Appendix 3**.

### **Educational Benefits**

- 5.1 In educational terms, Highland Council does not have a preference between the primary schools in Skye that offer GME.
- 5.2 The proposal may nevertheless have some educational benefits in creating clear catchment areas for GME provision within the ASG. This will allow for more accurate roll projections and improved future planning.
- 5.3 The Council will however take account of any views expressed during consultation, contrary to the recommendation in this Paper.

### **Effects on School Transport**

- 6.1 The proposals will formalise the existing informal travel arrangements within the ASG, in terms of pupils who travel to GME.

### **Effects on Staff and School Management Arrangements**

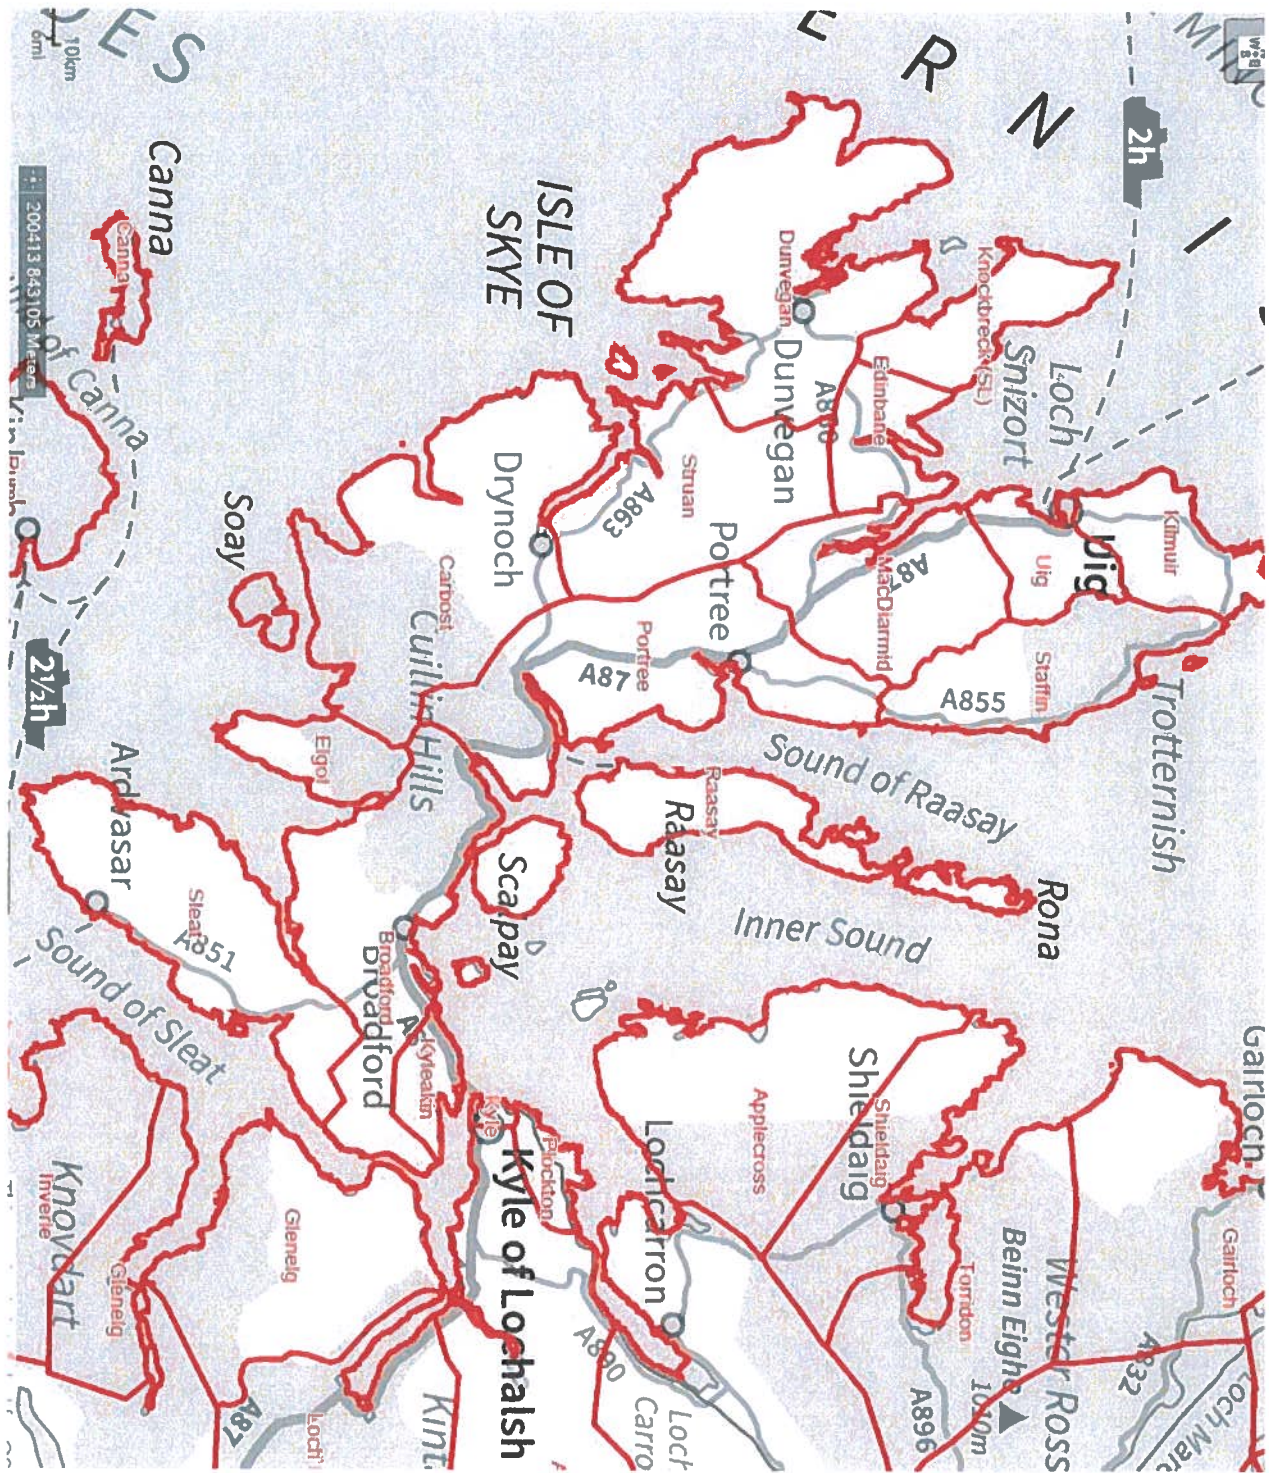

- 7.1 The proposal is not expected to have any impact on staff and school management arrangements.

### **Effect on the Local Communities**

- 8.1 The proposal is not expected to have any impact on the wider local community.

### **Recommendation**

- 9.1 Highland Council recommends that the adoption of Gàidhlig Medium catchment areas, in line with those set out in the first page of this paper. In the cases of Broadford Primary, Dunvegan Primary, Kilmuir Primary and Bunscoil Ghàidhlig Phort-Rìgh, the new GM catchment will overlay one or more English Medium catchments.
- 9.2 This consultation paper is issued in terms of the authority's procedures to meet the relevant statutory requirements. Following the consultation period, a report and submissions received will be presented to Highland Council's People Committee.

Medium Catchments Areas for the Portree ASG**

Morning Ian,

Spoke with a couple of weeks ago about the consultation with my pupils.  
Learning Council this morning had a discussion and agreed the new Portree Gaelic Primary should be the catchment for Carbost.  
Hope this helps.

Morning Ian,

Discussed the proposals with the 4 Struan pupils yesterday who very clearly thought that children in the Struan catchment should be part of the Portree Gaelic Medium catchment rather than Dunvegan. Their view was based on the fact that the two schools are part of the same cluster.

Highland Council has been told we have to decide which schools children go to if they choose to learn Gaelic and would like to have all their classes taught in Gaelic.

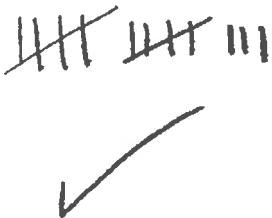

There are 13 primary schools where children go to Portree High School. In 6 of these schools children can learn in Gaelic all the time.

We need to decide what happens to children in the other 7 schools who also want to learn in Gaelic, and our ideas are below:

1. We think that children at Elgol Primary should go to Broadford Primary if they want to learn in Gaelic.
2. We think that children at Carbost Primary and Macdiarmid Primary should go to the new Gaelic School in Portree, if they want to learn in Gaelic.
3. We think that children in Edinbane Primary, Knockbreck Primary and Struan Primary should go to Dunvegan Primary, if they want to learn in Gaelic.
4. We think Raasay Primary is too far from any other school for the children to be able to travel to learn in Gaelic.

Tha mise a' Smaoineachadh  
 gum bu chòr dha an Àth leithid

 tha Port Rìgh a faighinn  
 Sgoil ior.

Chaidh innse do Chomhairle na Gàidhealtachd gum feum sinn co-dhùnadh a dhèanamh air na sgoiltean chun an tèid sgoilearan ma tha iad ag iarraidh a' Ghàidhlig ionnsachadh agus ma tha iad ag iarraidh gun tèid na clasaichean aca uile a theagasg sa Ghàidhlig.

Tha 13 bun-sgoiltean ann far a bheil sgoilearan a' dol gu Àrd-Sgoil Phort Rìgh. Ann an 6 de na sgoiltean seo, is urrainn do sgoilearan ionnsachadh sa Ghàidhlig fad na h-ùine.

Feumaidh sinn co-dhùnadh dè thachras do chlann sna 7 sgoiltean eile a tha cuideachd airson ionnsachadh sa Ghàidhlig, agus tha na beachd-smuaintean againn gu h-iseal:

1. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil Ealaghoil a dhol gu Bun-Sgoil an Àth Leathainn ma tha iad airson ionnsachadh sa Ghàidhlig.

Highland Council has been told we have to decide which schools children go to if they choose to learn Gaelic and would like to have all their classes taught in Gaelic.

There are 13 primary schools where children go to Portree High School. In 6 of these schools children can learn in Gaelic all the time.

We need to decide what happens to children in the other 7 schools who also want to learn in Gaelic, and our ideas are below:

1. We think that children at Elgol Primary should go to Broadford Primary if they want to learn in Gaelic. X
2. We think that children at Carbost Primary and Macdiarmid Primary should go to the new Gaelic School in Portree, if they want to learn in Gaelic. X X
3. We think that children in Edinbane Primary, Knockbreck Primary and Struan Primary should go to Dunvegan Primary, if they want to learn in Gaelic. X
4. We think Raasay Primary is too far from any other school for the children to be able to travel to learn in Gaelic. X

1. I think Elgol is quite far to learn Gaelic because it is 14 miles away.

2. I think Macdiarmid Primary and Carbost Primary should not go to the New Portree Gaelic School. 1. It's because Macdiarmid are getting Gaelic teachers so often. 2. Carbost Primary is too far away from Macdiarmid and the New Portree School.

3. I don't think Edinbane and Knockbreck and Struan Primary should not go to Dunvegan Primary because they're too far away. I don't know exactly how far but it's very far.

4. I think it's a good idea of Fassay Primary to stay at their own school but maybe one of the English classes could be turned into a Gaelic class.

I think some of your ideas are OK.

1. I think it's a good idea... but on the other hand, it's a bit of a long way. :-)

2. It's ~~not~~ a very good idea. Dunvegan is much closer. You would have to get up very early to get to portree. <sup>'no idea's better</sup>

3. I think it's a good idea and that Dunvegan is nice and close. 😊

4. I think that Raasay is close to portree... but I don't think the children will be able to get there.

There are 13 primary schools where children go to Portree High School. In 6 of these schools children can learn in Gaelic all the time.

We need to decide what happens to children in the other 7 schools who also want to learn in Gaelic, and our ideas are below:

1. We think that children at Elgol Primary should go to Broadford Primary if they want to learn in Gaelic.
2. We think that children at Carbost Primary and Macdiarmid Primary should go to the new Gaelic School in Portree, if they want to learn in Gaelic.
3. We think that children in Edinbane Primary, Knockbreck Primary and Struan Primary should go to Dunvegan Primary, if they want to learn in Gaelic.
4. We think Raasay Primary is too far from any other school for the children to be able to travel to learn in Gaelic.

Dear Ian

Thank you for your communication regarding the Gaelic Medium Catchment area.

Whilst some of our parents would like to be able to have a Gaelic Medium provision on Raasay we do understand that there are constraints both geographical and with the present small school role.

As a compromise these parents would like to continue or even increase the amount of Gaelic that is currently used in the school. All the other parents also support this as a positive move, and the schools winning of the Oban Rose Bowl from the last 3 years at the Mod is an indication of how receptive our children are and how integrated the Gaelic language is already in the school.

However we are aware that this is only possible as our current Head Teacher is a trained Gaelic Medium teacher and any change in staffing in the future may leave us without these opportunities. We would therefore like to discuss with you what is available to the pupils of Raasay Primary and how we can ensure that the Gaelic language remains an important part of their learning at Raasay Primary.

Many thanks

**Subject:** Gaelic Medium Catchment Areas for the Portree Associated School Group

Dear Mrs Gillies

I am emailing to provide advance notice that in the next few months the Highland Council may begin a statutory consultation on formally establishing Gaelic Medium catchment areas for the Portree Associated School Group. I am contacting you at this stage because of your involvement with the Raasay Primary School Parent Council. Whilst you are free to share the information that follows with other members of the Parent Council, I would ask you make it clear that at the moment the proposed statutory consultation has not yet been approved by the Highland Council's People Committee. This approval is required prior to any consultation taking place.

As you may already know, Highland Council has for some years operated informal transport arrangements for pupils wishing to access Gaelic Medium education (GME), where this is not available in the child's local school. Earlier this year, Bòrd na Gàidhlig issued new statutory guidance on GME. The Guidance includes a recommendation that local authorities should establish catchment areas for schools that offer GME, and that these catchment areas would normally overlay a number of English Medium catchment areas. However, the Statutory Guidance also suggests that a catchment area for GME provision should be an area in which the education authority thinks it is reasonable for

pupils wishing to receive GME provision to travel to school, and should have the potential to attract parents to choose GME provision for their children.

Having considered these criteria, it is likely our Proposal Paper will argue that, for primary age children, Raasay is not within reasonable travelling distance of the nearest GM provision in Portree, and that Bun-sgoil Ghàidhlig Phort-Rìgh is unlikely to be attractive to parents in Raasay who may be considering GME provision for the children. For these reasons, we do not propose to include the Raasay Primary School catchment within the new GM catchment for Bun-sgoil Ghàidhlig Phort-Rìgh.

The Proposal Paper may not therefore have any direct impact on Raasay Primary. However, we appreciate that people on the island may have views about how we define the proposed catchment area for Bun-sgoil Ghàidhlig Phort-Rìgh.

The statutory consultation process is set down in legislation and is quite lengthy. It takes place over a period of 6 weeks, which must include 30 school days. We must also hold a public meeting. Letters will be sent to all parents of Raasay PS pupils, and the Community Council will also be included. Following that, we must consult with Education Scotland for a minimum of 3 weeks. We must then review all the responses to consultation before coming to a final conclusion, to be presented to the People Committee for decision. The final report must be published at least 3 weeks before the Committee meets, and anyone who responded to the initial consultation is invited to make "further representations", to be taken into account by the Committee members.

There will therefore be plenty of opportunity for parents and others to make their views known during the statutory consultation. However, we would also welcome any initial views you might have at this stage. I would be very happy to speak on the telephone, and if you would like to do so please contact me on the number below.

Chaidh innse do Chomhairle na Gàidhealtachd gum feum sinn co-dhùnadh a dhèanamh air na sgoiltean chun an tèid sgoilearan ma tha iad ag iarraidh a' Ghàidhlig ionnsachadh agus ma tha iad ag iarraidh gun tèid na clasaichean aca uile a theagasg sa Ghàidhlig.

Feumaidh sinn co-dhùnadh dè thachras do chlann sna 7 sgoiltean eile a tha cuideachd airson ionnsachadh sa Ghàidhlig, agus tha na beachd-smuaintean againn gu h-iseal:

1. Tha sinn a' smaoineachadh gum bu chòir do chlann ann am Bun-Sgoil Ealaghoil a dhol gu Bun-Sgoil an Àth Leathainn ma tha iad airson ionnsachadh sa Ghàidhlig.
2. Tha sinn a' smaoineachadh gum bu chòir do chlann ann am Bun-Sgoil Chàrraboist agus Bun-Sgoil MhicDhiarmaid a dhol chun na Sgoile ùire Gàidhlig ann am Port Rìgh ma tha iad airson ionnsachadh sa Ghàidhlig.

There are 13 primary schools where children go to Portree High School. In 6 of these schools children can learn in Gaelic all the time.

We need to decide what happens to children in the other 7 schools who also want to learn in Gaelic, and our ideas are below:

1. We think that children at Elgol Primary should go to Broadford Primary if they want to learn in Gaelic.
2. We think that children at Carbst Primary and Macdiarmid Primary should go to the new Gaelic School in Portree, if they want to learn in Gaelic.
3. We think that children in Edinbane Primary, Knockbreck Primary and Struan Primary should go to Dunvegan Primary, if they want to learn in Gaelic.
4. We think Raasay Primary is too far from any other school for the children to be able to travel to learn in Gaelic.

I think it is too far to travel for Elgol children. I think there should be a small Gaelic unit in Elgol.

Chaidh innse do Chomhairle na Gàidhealtachd gum feum sinn co-dhùnadh a dhèanamh air na sgoiltean chun an tèid sgoilearan ma tha iad ag iarraidh a' Ghàidhlig ionnsachadh agus ma tha iad ag iarraidh gun tèid na clasaichean aca uile a theagasg sa Ghàidhlig.

Tha 13 bun-sgoiltean ann far a bheil sgoilearan a' dol gu Àrd-Sgoil Phort Rìgh. Ann an 6 de na sgoiltean seo, is urrainn do sgoilearan ionnsachadh sa Ghàidhlig fad na h-ùine.

Feumaidh sinn co-dhùnadh dè thachras do chlann sna 7 sgoiltean eile a tha cuideachd airson ionnsachadh sa Ghàidhlig, agus tha na beachd-smuaintean againn gu h-iseal:

1. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil Ealaghoil a dhol gu Bun-Sgoil an Àth Leathainn ma tha iad airson ionnsachadh sa Ghàidhlig.
2. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil Chàrraboist agus Bun-Sgoil MhicDhiarmaid a dhol chun na Sgoile ùire Gàidhlig ann am Port Rìgh ma tha iad airson ionnsachadh sa Ghàidhlig.
3. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil an Aodainn Bhàin, Bun-Sgoil a' Chnuic Bhric agus Bun-Sgoil an t-Sruthain a dhol gu Bun-Sgoil Dhùn Bheagain ma tha iad airson ionnsachadh sa Ghàidhlig.
4. Tha sinn a' smaoinichadh gu bheil Bun-Sgoil Ratharsair ro fhada air falbh bho sgoil sam bith eile gus an urrainn dhan chloinn siubhal ann airson ionnsachadh sa Ghàidhlig.

Tha am mapa a' sealltainn far am biodh sgoilearan a' siubhal, nam biodh iad airson ionnsachadh sa Ghàidhlig

2. Tha mi smaointinn gu bheil e ceart gu leor airson Chàrraboist, Mhic Dhiaramid a' dol gu Pòrt Rìgh ach 's dòcha gur b' urrainn Chàrraboist a' dol gu Dùn Bheagan.
3. Tha mi smaointinn gu bheil e math airson Aodann Bhàn, Chruc Bhrìc agus t-Sruthain a' dhol gu Dùn Bheagan oir tha e ro 20 mion bhogach sgoil airson a' faighinn gu Dùn Bheagan.
4. Chan eil e cothromach dha Ratharsair mach b' urrainn dhaibh Gàidhlig a' ionnsachadh. 'S urrainn dhaibh buddies fhaighinn bhon an ard sgoil agus a' dol air a bhàta.

Highland Council has been told we have to decide which schools children go to if they choose to learn Gaelic and would like to have all their classes taught in Gaelic.

There are 13 primary schools where children go to Portree High School. In 6 of these schools children can learn in Gaelic all the time.

We need to decide what happens to children in the other 7 schools who also want to learn in Gaelic, and our ideas are below:

1. We think that children at Elgol Primary should go to Broadford Primary if they want to learn in Gaelic.
2. We think that children at Carbost Primary and Macdiarmid Primary should go to the new Gaelic School in Portree, if they want to learn in Gaelic.
3. We think that children in Edinbane Primary, Knockbreck Primary and Struan Primary should go to Dunvegan Primary, if they want to learn in Gaelic.
4. We think Raasay Primary is too far from any other school for the children to be able to travel to learn in Gaelic.

The map shows where pupils would travel to, if they want to learn in Gaelic

I think it is wrong that the children in Raasay should not be allowed to learn in Gaelic.

The Serpent.

Chaidh innse do Chomhairle na Gàidhealtachd gum feum sinn co-dhùnadh a dhèanamh air na sgoiltean chun an tèid sgoilearan ma tha iad ag iarraidh a' Ghàidhlig ionnsachadh agus ma tha iad ag iarraidh gun tèid na clasaichean aca uile a theagasg sa Ghàidhlig.

Tha 13 bun-sgoiltean ann far a bheil sgoilearan a' dol gu Àrd-Sgoil Phort Rìgh. Ann an 6 de na sgoiltean seo, is urrainn do sgoilearan ionnsachadh sa Ghàidhlig fad na h-ùine.

Feumaidh sinn co-dhùnadh dè thachras do chlann sna 7 sgoiltean eile a tha cuideachd airson ionnsachadh sa Ghàidhlig, agus tha na beachd-smuaintean againn gu h-iseal:

1. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil Ealaghoil a dhol gu Bun-Sgoil an Àth Leathainn ma tha iad airson ionnsachadh sa Ghàidhlig.
2. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil Chàrraboist agus Bun-Sgoil MhicDhiarmaid a dhol chun na Sgoile ùire Gàidhlig ann am Port Rìgh ma tha iad airson ionnsachadh sa Ghàidhlig.
3. Tha sinn a' smaoinichadh gum bu chòir do chlann ann am Bun-Sgoil an Aodainn Bhàin, Bun-Sgoil a' Chnuic Bhric agus Bun-Sgoil an t-Sruthain a dhol gu Bun-Sgoil Dhùn Bheagain ma tha iad airson ionnsachadh sa Ghàidhlig.
4. Tha sinn a' smaoinichadh gu bheil Bun-Sgoil Ratharsair ro fhada air falbh bho sgoil sam bith eile gus an urrainn dhan chloinn siubhal ann airson ionnsachadh sa Ghàidhlig.

Tha am mapa a' sealltainn far am biodh sgoilearan a' siubhal, nam biodh iad airson ionnsachadh sa Ghàidhlig

A bheil thu a' smaoinichadh gur e beachd-smuaintean matha a th' againn? Cuir strìochag air an fhreagairt gu h-iseal as fheàrr a tha a' còrdadh riut.

**Co-chomhairleachadh air Sgoiltean le Comhairle na Gàidhealtachd**

Tha Bòrd na Gàidhlig a' dèanamh toileachas ris mar a tha sgoil Ghàidhlig gu bhith a' fosgladh ann am Port Rìgh a dh'athghearr agus ris a' cho-dhùnadh a rinn Comhairle na Gàidhealtachd gus sgìre-sgoile a stèidheachadh airson Bun-sgoil Ghàidhlig Phort Rìgh agus sgìrean-sgoile a chomharrachadh gu h-oifigeil airson sgoiltean FtG air feadh an Eilein Sgitheanaich

Tha Comhairle na Gàidhealtachd air beachdachadh gu cùramach air na sgìrean-sgoile airson FtG agus air na bhiodh reusanta a thaobh siubhail do sgoilearan a tha airson a dhol gu sgoil le FtG Ri linn na cho-dhùin a' Chomhairle, dh'fhaodadh gun roghnaich barrachd phàrantan an cuid chloinne a chur gu FtG B' fhiach cuimhneachadh gum bi sgìrean-sgoile airson FtG gu tric a' gabhail a-steach grunn sgìrean-sgoile aig diofar sgoiltean.

Tha e cuideachd na adhbhar misneachd gu bheil Comhairle na Gàidhealtachd, nach do chomharrachadh sgìrean-sgoile airson FtG ron seo, a' toirt fa-near do mar a bheir am pròiseas seo soilleireachd do phàrantan a thaobh FtG

**Schools Consultation by Highland Council**

Bòrd na Gàidhlig welcome the fact that a Gaelic school will shortly open in Portree and the decision by Highland Council to establish a catchment area for the new Bun-sgoil Ghàidhlig Phort Rìgh and formally create catchments for GME schools across Skye

Highland Council have reflected carefully on catchment areas for GME provision and considered reasonable travel arrangements for pupils wishing to receive GME This may well have the potential to attract parents to choose GME provision for their children It is noteworthy that catchment areas for GME provision will normally overlay a number of school catchment areas

It is also encouraging that Highland Council, having not previously specified catchment areas for GME, are mindful that this will provide transparency for parents in respect of provision of GME

As identified in the proposal the possibility of more effective collation of information will provide more accurate roll projections from early years upwards and improved future planning

In conclusion, Highland Council have stated that this proposal will not have any impact on provision of staff and school management or effect on the wider local communities This is most welcome as working jointly with schools and communities is central to the success of GME in the local area

### Chair

1. Welcome
2. Chair Introduced himself.
3. The purpose of the meeting - is to discuss the proposal to formally establish a Gaelic Medium Catchment for Portree Associated Schools Group (ASG) as set out in the recommendation to the proposal Paper.

The proposal has been issued as a result of new statutory guidance on Gaelic Medium Education published earlier this year.

Chair introduced those on the platform (Norma Young, Area Care and Learning Manager, Ian Jackson, Education Officer and Amy Coe, Business Support) and asked whether anyone needed another copy of the paper.

4. Chair - The Education Officer, Ian Jackson, will now describe the consultation process.

IJ - The Consultation process is quite a lengthy process. The stage we are in now is the 6 week public consultation, which must include 30 school days. Due to the in-service days in September, the consultation process will end on the 25<sup>th</sup> October 2017. This is the last date for responses, at this stage.

The next stage is a 3 week consultation with Education Scotland that will take place in November, and following that Education Scotland will produce a Report on the merits of the

proposal. We will then review the responses to the public consultation and the Education Scotland report, consider and respond to any points that are raised and then publish our final review report. This is published at least 3 weeks before taken back to the People Committee, to allow for any further representations from the public. Although the Paper must be published at least 3 weeks the Committee date, we will aim to publish a couple of weeks before that, to allow for full consideration of any representations received. If all is agreed, will be implemented.

We are hoping to take the paper to Committee in early 2018, 15<sup>th</sup> March.

5. Chair - The Area Care and Learning Manager, Norma Young, will now speak about the educational benefits set out in the Proposal Paper.

NY - Discussions were held about a catchment area when it became clear that the New Gaelic School was going to start in Portree and part of that, for Highland Council, was protecting the status of other Gaelic Medium Schools because we didn't want there to be a drift coming into the schools. However we are very mindful of the 1980 Education Act and through that parents can make a placing request. There is a placing request policy in Highland and we would use that if necessary if parents wish to do so. It was then picked up that defining Gaelic Medium catchments might be a very good idea across all Gaelic Medium units.

The Education Officer drew up a very detailed plan, had consultations with a lot of communities and practically every school catchment within Highland catchment area has access to Gaelic Medium Education. In this particular paper there is one school which will not have direct access, and that's Raasay, purely because of the logistics of it. However, if a parent wished their child to access Gaelic Medium Education at the age of 4 or 5 and were happy for their child to travel on the ferry, we would accommodate that. The Education Officer drew up some details plans in terms of travel times, these are notional travel times, to work out what travel would really look like for each of the different schools in the area, and Raasay is the only one where the children would need to be away early in the morning. You can find the table under section 4.3 on the Paper.

In Skye & Lochalsh, there would basically be no change, it's just firming up the proposal. The proposal in front of you will then be taken across the different ASGs and then be firming up on a rolling programme within different areas. Over a period of 2 or 3 years this will cover the whole of Highland with different ASGs. Part of this is because Education Scotland are involved in the process with us, and we need to have a manageable programme of implementing it.

6. The Chair then explained that Mrs Young and Mr Jackson are available to answer questions.
7. Open the meeting to the floor.

No questions were asked.

8. Chair thanked everyone for coming and reminded those present of the final date for submissions/representations, which should be sent to;

Mrs Norma Young, Area Care and Learning Manager (West)

The Care & Learning Service  
The Fingal Centre  
Portree  
Viewfield Road  
IV51 9ES

or by email to the address circulated in the letter, to arrive no later than Wednesday 25<sup>th</sup> October 2017.

The record of the meeting will be made available at least 3 weeks before the People Committee meeting in March 2018, when it is intended that the report of the meeting, plus any submissions/representations and the view of Education Scotland on the proposal will be considered.

The proposal has been issued as a result of new statutory guidance on Gaelic Medium Education published earlier this year.

4. Education Officer, Ian Jackson, described the consultation process:

The consultation process is set down in legislation, is a lengthy process and this is part of a six week public consultation period.

The meeting tonight is the final of three that have been held on the island.

Following the closure of the public consultation period, we then consult for three weeks with Education Scotland. In that time they will appoint an inspector to assess the educational merits of the proposals and will visit the schools.

The process will run until the end of January 2018. Following this, we will review the responses, and a Final Report will be published five to six weeks prior to being submitted to the People Committee. This will allow a 3-week period for further representations by the public.

We intend to submit the final proposal to Committee on the 30<sup>th</sup> May 2018, after which it will be sent to a meeting of the full Council. If Members ratify the documents the process will then be concluded.

5. Norma Young, Area Care & Learning Manager, gave a brief background report.

Discussions were held about a catchment area when it became clear that the New Gaelic School was going to start in Portree and part of that, for Highland Council, was protecting the status of other Gaelic Medium Schools because we didn't want there to be a drift coming into the schools. 6. The Chair opened meeting to the floor:

VP – What is the rationale behind this consultation process?

IJ – Bòrd na Gàidhlig have issued statutory guidance that we should create Gaelic Medium catchment areas. We have had an informal arrangement for a number of years, and this Proposal basically formalises those arrangements.

VP – What would happen if a GM pupil from Dunvegan wanted to go to Portree? Would this preclude them from going to Portree?

IJ –No. A Placing request would have to be submitted and transport would not be provided to Portree as Dunvegan is the pupil's catchment school.

Normally the request would be granted but on occasion, it can be refused if there is a financial cost to the Council e.g. an extra teacher was required or there was not enough space in the class.

VP – The whole process will provide greater clarity. Have you had any responses to the proposal?

IJ – Apart from pupil responses, so far we have had one response, from Raasay PS Parent Council. Raasay are not part of this arrangement due to their location. As of yet, there have been no expressions of concern.

NY – Highland Council has a clear Placing Request Policy in place for English Medium schools and for continuity, this will be the same for Gaelic Medium.

IJ – For example if you lived in Struan, Edinbane or Knockbreck, and you wanted GM Education, you wouldn't require a Placing Request to attend Dunvegan Primary, but you would if you lived in those catchments and wanted your child to attend Dunvegan PS for EM education.

NY – if you lived in Portree and wished your child to go to Kilmuir, Broadford etc. a Placing Request would be required and parents would require to transport their children.

Skye is quite unusual in that it has a number of schools providing GM Education and by default; catchment areas have already been recognised. This consultation will provide clearer guidance for parents and school staff.

7. The Chair advised meeting that any submission/ representations are to be sent to Norma Young by Wednesday 25<sup>th</sup> October 2017

Record of meeting will be made available at next People's Committee.

Chair thanked all for coming and closed the meeting (7.10pm)

**Report by Education Scotland to address educational aspects of the proposal by The Highland Council to establish a catchment area for the new Bun-sgoil Ghàidhlig Phort Rìgh, and to simultaneously establish formal catchment areas for the provision of Gaelic Medium Education (GME) for schools within the Portree Associated School Group (ASG).**

## **1. Introduction**

1.1 This report from Education Scotland has been prepared by Her Majesty's Inspectors of Education (HM Inspectors) in accordance with the terms of the *Schools (Consultation) (Scotland) Act 2010* and the amendments contained in the *Children and Young People (Scotland) Act 2014*. The purpose of the report is to provide an independent and impartial consideration of The Highland Council's proposal to set catchment areas for GME provision within the ASG for Portree High School. This entails defining a catchment area for the new GME school at Portree, Bun-sgoil Ghàidhlig Phort Rìgh which is planned to open in February 2018. This proposal also establishes formal catchment areas for all other primary GME provisions on the Isle of Skye. Raasay Primary School is on an island adjacent to the Isle of Skye and is part of the catchment area of Portree High School. The proposal states that, should there be a parental request for GME provision to be provided at Raasay Primary School, this would be assessed in line with the Education (Scotland) Act 2016. Section 2 of the report sets out brief details of the consultation process. Section 3 of the report sets out HM Inspectors' consideration of the educational aspects of the proposal, including significant views expressed by consultees. Section 4 summarises HM Inspectors' overall view of the proposal. Upon receipt of this report, the Act requires the council to consider it and then prepare its final consultation report. The council's final consultation report should include a copy of this report and must contain an explanation of how, in finalising the proposal, it has reviewed the initial proposal, including a summary of points raised during the consultation process and the council's response to them. The council has to publish its final consultation report three weeks before it takes its final decision. Where a council is proposing to close a school, it needs to follow all legislative obligations set out in the 2010 Act, including notifying Ministers within six working days of making its final decision and explaining to consultees the opportunity they have to make representations to Ministers.

### **1.2 HM Inspectors considered:**

- the likely effects of the proposal for children and young people who are currently in GME provision; any other users; children likely to become pupils within two years of the date of publication of the proposal paper; and other children and young people in the council area;
- any other likely effects of the proposal;
- how the council intends to minimise or avoid any adverse effects that may arise from the proposal; and
- the educational benefits the council believes will result from implementation of the proposal, and the council's reasons for coming to these beliefs.

1.3 In preparing this report, HM Inspectors undertook the following activities:

- attendance at the public meetings held on 13 and 14 September 2017 in connection with the council's proposals;
- consideration of all relevant documentation provided by the council in relation to the proposal, specifically the educational benefits statement and related consultation documents, written and oral submissions from parents and others;
- consideration of further representations made directly to Education Scotland on relevant educational aspects of the proposal; and
- visits to Broadford Primary School, Bun-sgoil Shlèite, Bun-sgoil Stafainn, Dunvegan Primary School, Kilmuir Primary School and Portree Primary School, including discussions with relevant consultees.

## **2. Consultation Process**

2.1 The Highland Council undertook the consultation on its proposal(s) with reference to the Schools (Consultation) (Scotland) Act 2010 and the amendments in the Children and Young People (Scotland) Act 2014.

2.2 The consultation process ran from 28 August 2017 to 25 October 2017. During that time, the council held public meetings at Broadford, Dunvegan and Portree. The attendance at two of these meetings was very low, with no one attending the other meeting. Announcements were placed in the local press and on the council's online services. Statutory consultees, including parents/carers, children, staff and Bòrd na Gàidhlig were informed of the consultation. Other Gaelic organisations, such as Comann nam Pàrant, were also advised. The council published documentation for the consultation on its website. They also distributed papers to a full range of stakeholders and interested parties. The council put in place suitable arrangements to enable interested parties to respond to the proposal, whether that be electronically or in writing. The number of written responses received was very low. A response was received from Bòrd na Gàidhlig which supported the proposal. The council undertook a consultation with pupils to ensure their views were sought. Overall, consultees supported the council's proposal to establish catchment areas for GME, with a few concerns expressed.

## **3. Educational Aspects of Proposal**

3.1 The Highland Council is demonstrating its continued commitment to the growth of the Gaelic sector through this proposal. The council has secured strong support for their proposal to set catchment areas which are specific to GME provisions. Almost all of the consultees recognise that, in many respects, The Highland Council are formalising arrangements which have evolved as they have met requests for GME on the Isle of Skye over time. Almost all consultees appreciate the potential clarity that designating catchment areas may bring. Parents have justifiable concerns about a few aspects of the proposal. In taking its proposal

forward, the council needs to engage with stakeholders to address these concerns as outlined in this report.

3.2 Some of the parents that met with HM Inspectors felt that the maps provided with the proposal document are too general and do not give enough detail. They would like to see precise details of the boundaries of catchment areas.

3.3 A few stakeholders in the locality of Struan felt that their catchment area should be that of Bun-sgoil Ghàidhlig Phort Rìgh rather than the stated Dunvegan Primary School. This was to enable cluster work to be the same as that for English medium. Going forward, the council should ascertain if this would have impact for collaborative activity. In the south of the island, a few pupils and parents were unclear of how the proposed catchment areas would impact on the secondary school that they would attend. Others sought clarity on how the proposal would impact on the arrangements for transport for GME provisions.

3.4 A few parents are seeking reassurances that current arrangements for accessing GME will be continued, should the proposal be accepted. In these cases, current placements of children do not concur with the proposed catchment areas. This would also apply to siblings who might, as a result of the proposed catchment areas, be scheduled to attend different primary schools. The proposal paper does not provide details of how a solution will be found to this.

3.5 The proposal involves the establishment of a catchment area for a new GME primary school in Portree. While this expansion in provision is very welcome, there are some concerns that, in the future, parents from outwith Portree's catchment area may opt for this school rather than their local GME provision. Parents in areas beyond Portree articulated their satisfaction of their local schools. As yet, the council is still to outline the educational benefits from their proposals for GME across the island. Such detail would assist stakeholders to be clearer on their school's GME curriculum and what parents may expect. Parents requested that there be increased promotion by the council of the benefits of GME. They felt that this is one way of encouraging more to choose GME for their children and help sustain GME provision in more rural areas. The availability of childcare facilities was also identified as a possible reason that parents may use a GME provision outwith their proposed catchment areas. The council should consider how they will consult parents on provision of early learning and childcare as a means of providing continuity in children's 3-12 education in their local GME provision.

3.6 The council's proposal paper states that Raasay Primary School has not been aligned with the proposed GME catchment areas due to excessive travelling distances for children. They do acknowledge that, should there be sufficient demand, they would meet the obligations described in the Education (Scotland) Act 2016. In the course of this statutory consultation, parents expressed an interest in increasing the Gaelic learning available to pupils at Raasay Primary School. Others have indicated that there may be a possible interest to access GME. We would ask the council to engage with the parents of Raasay Primary School to take forward, as appropriate, their interests in Gaelic.

#### **4. Summary**

The Highland Council's proposal to set catchment areas for GME has potential benefits for strengthening Gaelic within the Portree ASG. Almost all stakeholders support the proposal as formalising arrangements that are already in place. In doing so, they have identified reasonable concerns, that the council should take forward in finalising its report. This should include more detailed illustrations of the precise nature of GME catchment areas. The council's final consultation report needs to detail the educational benefits that will accrue from the proposal. These should assist in allaying parents' concerns that some GME provisions may be more attractive than others. It should be clear how the strategic leadership and curricula of all GME provisions referenced in the proposal paper will give due attention to securing high-quality outcomes for all pupils in GME. The council should continue to engage with the parents of Raasay Primary School in taking forward their interests in Gaelic. In its final report, the council should specify transition arrangements to include families who currently live outwith the proposed catchment area for the school to which they are currently sending their children and how they will guarantee places for any of their younger siblings.

**Aithisg le Foghlam Alba gus dèiligeadh ri taobhan foghlaim a' mholaidh bho Chomhairle na Gàidhealtachd sgìre-sgoile a stèidheachadh airson Bun-sgoil Ghàidhlig ùr Phort Rìgh, agus aig an aon àm sgìrean-sgoile foirmeil a stèidheachadh a thaobh solar Foghlam tro Mheadhan na Gàidhlig (FMG) airson sgoiltean taobh a-staigh sgìre a' Bhuidheann Co-cheangailte ri Sgoil Phort Rìgh (ASG).**

## 1. Ro-ràdh

1.1 Tha an aithisg seo bho Foghlam Alba air a bhith air a h-ullachadh le Luchd-sgrùdaidh na Banrigh airson Foghlam (Luchd-sgrùdaidh na Banrigh) a rèir cumhan *Achd Sgoiltean (Co-chomhairleachadh) (Alba) 2010* agus na h-atharrachaidhean ann an *Achd Clann agus Daoine Òga (Alba) 2014*. Is e adhbhar na h-aithisg breithneachadh neo-eisimeileach is neo-phàirteach a dhèanamh air moladh Chomhairle na Gàidhealtachd sgìrean-sgoile a stèidheachadh airson solar FMG taobh a-staigh an ASG airson Àrd-sgoil Phort Rìgh. Tha seo a' gabhail a-steach a bhith a' stèidheachadh sgìre-sgoile airson an sgoil ùr FMG ann am Port Rìgh, Bun-sgoil Ghàidhlig Phort Rìgh a thathar a' sùileachadh a bhith a' fosgladh sa Ghearran 2018. Tha am moladh seo cuideachd a' stèidheachadh sgìrean-sgoile foirmeil airson nan solair FMG bun-sgoile air fad san Eilean Sgitheanach. Tha Bun-sgoil Ratharsaigh air eilean faisg air an Eilean Sgitheanach agus tha e mar phàirt de sgìre-sgoil Àrd-sgoil Phort Rìgh. Tha am moladh ag ràdh, nan tigeadh iarrtas bho phàrant airson FMG a bhith air a thoirt seachad ann am Bun-sgoil Ratharsaigh, gum biodh seo air a mheasadh a rèir Achd an Fhoghlaim (Alba) 2016. Tha Earrann 2 den aithisg a' cur an cèill cunntas goirid mun phròiseas co-chomhairleachaidh. Tha Earrann 3 a' cur an cèill beachdan Luchd-sgrùdaidh na Banrigh mu thaobhan foghlaim a' mholaidh, a' gabhail a-steach beachdan cudromach a chaidh a thoirt leis an luchd-comhairleachaidh. Tha Earrann 4 a' toirt geàrr-chunntas air beachd farsaing Luchd-sgrùdaidh na Banrigh air a' mholadh. An uair a gheibhear an aithisg seo, tha an Achd a' cur riatanas air a' chomhairle beachdachadh oirre agus an uair sin an aithisg co-chomhairleachaidh dheireannach aige fhèin ullachadh. Bu chòir dhan aithisg co-chomhairleachaidh dheireannach aig a' chomhairle a bhith a' gabhail a-steach lethbhreac den aithisg seo agus feumaidh mineachadh a bhith innte, ann a bhith a' tighinn gu co-dhùnadh mun mholadh, mun lèirmheas a tha e air a dhèanamh air a' mholadh a chaidh a dhèanamh o thùs, a' gabhail a-steach geàrr-chunntas de na puingeann a chaidh a thogail tron phròiseas co-chomhairleachaidh agus freagairt na comhairle dhan taobh. Feumaidh a' chomhairle aithisg co-chomhairleachaidh dheireannach fhoillseachadh trì seachdainean mus tig e gu co-dhùnadh deireannach. Far a bheil comhairle a' moladh sgoil a dhùnadh, feumaidh e na dleasan reachdail air fad a tha ann an Achd 2010 a choileanadh, a' gabhail a-steach a bhith a' toirt fios do Mhinistearan taobh a-staigh sia làithean-obrach on thig e chun a' cho-dhùnaidh dheireannaich agus a' mineachadh do luchd-co-chomhairleachaidh an cothrom a tha aca riochdachaidhean a dhèanamh gu na Ministearan.

## 1.2 Bheachdaich Luchd-sgrùdaidh na Banrigh air:

- a' bhuidheann a dh'fhaodadh a bhith aig a' mholadh air clann agus daoine òga a tha an-dràsta a' faighinn solar FMG; luchd-cleachdaidh sam bith eile; clann a dh'fhaodadh a bhith nan sgoilearan taobh a-staigh dà bhliadhna bho cheann-

là foillseachaidh na h-aithisg; agus clann agus daoine òga eile ann an roinn na comhairle;

- buaidh sam bith eile a dh'fhaodadh a bhith aig a' mholadh;
- mar a tha a' chomhairle am beachd lùghdachadh no seachnadh droch bhuidh sam bith a dh'fhaodadh èirigh bhon mholadh; agus
- na buannachdan foghlaim a tha a' chomhairle am beachd a thigeadh bho bhith a' cur a' mholaidh seo an cèill, agus adhbharan na comhairle airson a bhith a' tighinn chun nam beachdan sin.

1.3 Ann a bhith ag ullachadh na h-aithisg seo, ghabh Luchd-sgrùdaidh na Banrigh os làimh na gnìomhan a leanas:

- frithealadh aig na coinneamhan poblach a chaidh a chumail air 13 agus 14 Sultain 2017 co-cheangailte ri molaidhean na comhairle;
- beachdachadh air na pàipearan iomchaidh air fad a chaidh a thoirt leis a' chomhairle a thaobh a' mholaidh, gu sònraichte an aithris air buannachdan foghlaim agus na sgrìobhainnean co-chomhairleachaidh buntainneach, fianais sgrìobhte agus labhairteach bho phàrantan agus bho dhaoine eile;
- beachdachadh air tuilleadh riochdachaidhean a chaidh a dhèanamh gu dìreach gu Foghlam Alba mu thaobhan foghlaim bhuntainneach mun mholadh; agus
- cuairtean gu Bun-sgoil An Ath Leathainn, Bun-sgoil Shlèite, Bun-sgoil Stafainn, Bun-sgoil Dhùn Bheagain, Bun-sgoil Chille Mhoire agus Bun-sgoil Phort Rìgh, a' gabhail a-steach conaltraidhean le luchd-co-chomhairleachaidh iomchaidh.

## 2. Am Pròiseas Co-chomhairleachaidh

2.1 Rinn Comhairle na Gàidhealtachd co-chomhairleachadh air a mholadh (mholaidhean) a rèir cumhan Achd Sgoiltean (Co-chomhairleachadh) (Alba) 2010 agus nan atharrachaidhean ann an Achd Clann agus Daoine Òga (Alba) 2014.

2.2 Lean am pròiseas co-chomhairleachaidh bho 28 Lùnastal 2017 gu 25 Dàmhair 2017. Rè an ama sin, chùm a' chomhairle coinneamhan poblach san Ath Leathann, Dhùn Bheagain is Port Rìgh. Bha na h-àireamhan a fhritheil na coinneamhan sin air leth ìosal, is cha do fhritheil duine sam bith tè eile de na coinneamhan. Chaidh fios a-mach sna pàipearan ionadail agus air seirbheisean air-loidhne na comhairle. Chaidh fios a thoirt do luchd-co-chomhairleachaidh reachdail, a' gabhail a-steach pàrantan/luchd-cùraim, clann, luchd-obrach agus Bòrd na Gàidhlig. Chaidh fios a thoirt cuideachd do bhuidhnean Gàidhlig eile leithid Comann nam Pàrant. Dh'fhoillsich a' chomhairle pàipearan mun cho-chomhairleachadh air a làrach-lìn. Chuairtich iad pàipearan cuideachd gu làn raon de luchd-ùidh is buidhnean eile le ùidh sa chùis. Chuir a' chomhairle ullachaidhean iomchaidh nan àite gus cothrom a thoirt don fheadhainn aig an robh ùidh sa chùis freagairt a thoirt don mholadh, an dà

chuid gu eileagtronaigeach no air pàipear. Bha an àireamh de fhreagairtean sgrìobhte air leth ìosal. Fhuaras freagairt bho Bhòrd na Gàidhlig a bha a' toirt taic don mholadh. Ghabh a' chomhairle os làimh co-chomhairleachadh le sgoilearan gus dèanamh cinnteach gun robh na beachdan aca air an gabhail a-steach. San fharsaingeachd, bha an fheadhainn a bha an sàs sa cho-chomhairleachadh a' toirt taic don mholadh sgìre-sgoile a stèidheachadh airson FMG, agus is e glè bheag uallach a chaidh a thogail mun seo.

### 3. Taobhan Foghlaim a' Mholaidh

3.1 Tha Comhairle na Gàidhealtachd a' comharrachadh a dhealas leantainneach a thaobh fàs an earrainn Ghàidhlig tron mholadh seo. Tha a' chomhairle air taic làidir fhaighinn airson a' mholaidh seo gus sgìrean-sgoile a stèidheachadh a tha sònraichte a thaobh an t-solair Ghàidhlig. Cha mhòr nach eil an luchd-co-chomhairleachaidh air fad ag aithneachadh gu bheil Comhairle na Gàidhealtachd ann an iomadh dòigh a' cur ullachaidhean ann an àite gu foirmeil a tha air a thighinn mun cuairt mar a tha iad air a bhith a' dèiligeadh ri iarrtasan airson FMG thar ùine san Eilean Sgitheanach. Cha mhòr nach eil an luchd-co-chomhairleachaidh a' cur luach air an t-soilleireachd a dh'fhaodadh a thighinn ri linn a bhith a' stèidheachadh sgìrean-sgoile. Tha uallachaidhean reusanta aig pàrantan mu dha no trì thaobhan den mholadh. Ann a bhith a' toirt a mholadh air adhart, feumaidh a' chomhairle a dhol an sàs le luchd-ùidh gus dèiligeadh ris na h-uallachaidhean sin mar a tha air a mhìneachadh san aithisg seo.

3.2 Bha cuid de na pàrantan a choinnich ri Luchd-sgrùdaidh na Banrigh a' faireachdainn gun robh na mapaichean a bha an cois an sgrìobhainn molaidh ro choitcheann is nach robh iad mionaideach gu leòr. Bu mhath leotha fiosrachadh mionaideach fhaicinn mu chrìochan nan sgìrean-sgoile.

3.3 Bha beagan den luchd-ùidh às An t-Sruthan a' faireachdainn gum bu chòir dhaibh-san a bhith ann an sgìre-sgoile Bun-sgoil Ghàidhlig Phort Rìgh seach Bun-sgoil Dhùn Bheagain mar a bha san sgrìobhainn. Bha seo gus leigeil le obair chom-pairteachail a dhol air adhart mar a bha a' tachairt le foghlam meadhan na Beurla. A' leantainn air adhart, bu chòir dhan chomhairle dèanamh cinnteach am biodh buaidh aige seo air obair co-obrachail. Ann an ceann a deas an eilein, bha cuid de na sgoilearan agus na pàrantan nach robh soilleir mun bhuidh a bhiodh aig na sgìrean-sgoile a bhathar a' moladh air an àrd-sgoil a bhiodh iad a' frithealadh. Bha cuid eile a' sireadh soillearachadh air a' bhuidh a bhiodh aig a' mholadh air na h-ullachaidhean a thaobh còmhaidh airson an t-solair FMG.

3.4 Tha beagan phàrantan a' sireadh fois-inntinn gun tèid leantainn air adhart leis na h-ullachaidhean a tha ann aig an àm a tha an làthair a thaobh cothrom air FMG, nan deigheadh gabhail ris a' mholadh. Sna cùisean sin, chan eil suidheachadh chloinne san là an-diugh a rèir nan sgìrean-sgoile a thathar a' moladh. Bhiodh seo cuideachd a' buntainn ri clann eile ann an teaghlaichean, a dh'fhaodadh, mar thoradh air na sgìrean-sgoile a thathar a' moladh, a bhith air am meas gu bhith a' frithealadh bun-sgoiltean eadar-dhealaichte. Chan eil am pàipear molaidh a' toirt fiosrachadh mun dòigh a dheigheadh fuasgladh fhaighinn air a' cheist seo.

3.5 Tha am moladh a' dèiligeadh ri bhith a' suidheachadh sgìre-sgoile airson na bun-sgoile ùir FMG ann am Port Rìgh. Ged a tha fàilte mhòr ron leudachadh a tha seo san t-solair, tha cuid de dh'uallachaidhean ann, gum bi pàrantan bho thaobh a-muigh sgìre-sgoile Phort Rìgh san àm ri teachd, a' taghadh na sgoile seo seach an t-solair FMG ionadail aca. Thuir pàrantan ann an sgìrean taobh a-muigh Phort Rìgh gun robh iad sàsaichte leis na sgoiltean ionadail aca. Chun na h-ìre seo chan eil a' chomhairle air mìneachadh dè na buannachdan foghlaim a bhios an cois nam molaidhean aca airson FMG air feadh an eilein. Bhiodh a leithid de mhion-fhiosrachadh na chuideachadh do luchd-ùidh a bhith nas soilleir mu churraicealam an sgoile a thaobh FMG agus mu na dh'fhaodadh na pàrantan a bhith a' sùileachadh. Dh'iarr na pàrantan gum biodh a' chomhairle a' dèanamh barrachd àrdachaidh air na buannachdan a tha an cois FMG. Bha iad a' faireachdainn gur e seo aon dòigh air a bhith a' misneachadh barrachd dhaoine a bhith a' taghadh FMG dhan cuid chloinne agus gun cuidicheadh e ann a bhith a' dèanamh an t-solair FMG nas seasmhaich sna sgìrean as dùthchaile. Bha cothrom air goireasan cùram-chloinne cuideachd air a chomharrachadh mar nì a dh'fhaodadh a bhith na adhbhar carson a bhiodh pàrantan airson a bhith a' cleachdadh FMG taobh a-muigh na sgìre-sgoile a bhathar a' moladh dhaibh. Bu chòir dhan chomhairle beachdachadh air an dòigh anns an dèan iad co-chomhairleachadh le pàrantan mu sholar tràth fhoghlaim agus cùram-chloinne mar dhòigh air toirt dhaibh leantail eachd ann am foghlam 3-12 chloinne san t-solair ionadail FMG aca.

3.6 Tha pàipear molaidh na comhairle ag innse nach eil Bun-sgoil Ratharsaigh air a ceangal a-steach ris na sgìrean-sgoile FMG a thathar a' moladh leis gum biodh astaran fada aig a' chloinn ri dhol. Tha iad a' tuigsinn, nam biodh iarrtas gu leòr ann air a shon, gun coileanadh iad na dleastanasan a tha air an comharrachadh ann an Achd an Fhoghlaim (Alba) 2016. Rè cùrsa a' cho-chonaltraidh reachdail seo, tha pàrantan air ùidh a nochdadh a thaobh a bhith a' leudachadh an ionnsachaidh Ghàidhlig a tha ri fhaotainn do sgoilearan ann am Bun-sgoil Ratharsaigh. Tha cuid eile air nochdadh gur dòcha gum biodh ùidh aca air cothrom air FMG. Dh'iarradh sinn air a' chomhairle a dhol an sàs le pàrantan Bun-sgoil Ratharsaigh gus an ùidh a thaobh na Gàidhlig a thoirt air adhart, mar a bhiodh iomchaidh.

#### 4. Geàrr-iomradh

Tha moladh Chomhairle na Gàidhealtachd sgìrean-sgoile a stèidheachadh airson FMG a' tabhann bhuannachdan airson a bhith a' neartachadh na Gàidhlig taobh a-staigh ASG Phort Rìgh. Cha mhòr nach eil an luchd-ùidh air fad a' toirt taic don mholadh leis gu bheil e dìreach a' cur nan ullachaidhean a tha a-cheana nan àite air stèidh fhoirmeil. Ann a bhith a' dèanamh seo tha iad air comharrachadh cùraman reusanta, a bu chòir dhan chomhairle a thoirt air adhart ann a bhith a' crìochnachadh an aithisg. Bu chòir dhan seo a bhith a' gabhail a-steach dealbhan nas mionaidich de fìor nàdar sgìrean-sgoile FMG. Feumaidh an aithisg co-chomhairleachaidh dheireannach aig a' chomhairle mineachadh gu mionaideach na buannachdan foghlaim a thig bhon mholadh. Bu chòir dhaibh sin cuideachadh ann a bhith a' cur inntinn phàrantan gu fois mu uallachaidhean a tha orra gu faodadh cuid den t-solair FMG a bhith nas tarraingiche na cuid eile. Bu chòir dha a bhith soilleir ciamar a tha an ceannardas ro-innleachdail agus an curraiceala den t-solair FMG air fad, a chaidh an togail sa phàipear molaidh, a' toirt deagh aire do bhith a' faighinn builean de dh'àrd-chàileachd do na sgoilearan air fad ann am FMG. Bu chòir dhan chomhairle leantainn air adhart a' conaltradh ri pàrantan Bun-sgoil Ratharsaigh ann a bhith a' toirt air adhart an ùidh sa Ghàidhlig. San aithisg dheireannach aca, bu chòir dhan chomhairle comharrachadh nan ullachaidhean eadar-ghluasad gus a bhith a' gabhail a-steach nan teaghlachan a tha an-dràsta taobh a-muigh na sgìre-sgoile a thathar a' moladh airson na sgoile sa bheil an cuid chloinne a' dol an-dràsta agus gun tèid àiteachan a ghealltainn do chlann sam bith a tha nas òige san teaghlach aca.
