

Item 7: Question Time

To the Leader of the Council

Will you confirm how the £1.407m income target agreed in the 2018/19 Council budget (Item 4, Booklet B, Budget Template CS/5) is to be allocated to individual areas in future financial years?

Response to Mr A Baxter

The £1.407m saving agreed last year is now reflected in the Base Budget carried forward to 2019/20. The setting of future targets will be the subject of full local discussions as outlined in the answer to the previous question.
