

Item 12 - Question Time

To the Chair of the Environment, Development & Infrastructure Committee

"The planning approval for the Longman Waste Plant is to be welcomed. Can you confirm whether or not the plant will be in operation to meet the January 1st 2021 deadline?"

Response to Mr P Siggers

Any facility constructed at the former Longman Landfill will not be operational until after 1 January. Council Officers are working with the Scottish Government and existing contractors to identify transitional arrangements that will meet the requirements of the landfill ban.
