

(38) Mr R MacWilliam

To the Leader of the Council

What budget has Highland Council allocated to cover the ongoing maintenance costs for recently commissioned public artworks?

In relation to ongoing maintenance, the minute of the City of Inverness Area Committee meeting on 20 August 2019 stated that "following information being sought on future maintenance costs and specifically how they would be met, it was confirmed that such costs were to be kept to a minimum and this had been contained within the Artist's Brief and would be the subject of future scrutiny and monitoring".
