- i. Beachdachadh air na trì pròiseactan a tha air am mìneachadh ann an tagradh Tabhartas Sònraichte na Gàidhlig;
- ii. Toirt fa-near dhan phrògram obrach mòr-mhiannach ris am bi an tabhartas a' cur taic agus gura dòcha gum feum seo atharrachadh mura faighear an t-sùm iomlan; agus
- iii. Toirt fa-near gu bheil Riaghaltas na h-Alba fhathast a' beachdachadh air an iarrtas agus gu bheil dùil ri co-dhùnadh tràth sa Bhliadhn' Ùir.

3. Buaidhean

3.1 Goireas – Tha am maoineachadh a tha Riaghaltas na h-Alba a' toirt seachad tro Thabhartas Sònraichte na Gàidhlig a' toirt taic luachmhor do raon farsaing phròiseactan a tha a' cuideachadh na Comhairle ann a bhith a' libhrigeadh nan geallaidhean aice fo Phlana na Gàidhlig, leis a' mhòr-chuid a' cur taic ri bhith a' libhrigeadh Foghlam tron Ghàidhlig agus Foghlam Luchd-ionnsachaidh na Gàidhlig. Ged a tha seo susbainteach is air fhàilteachadh gu mòr, bu chòir toirt fa-near gu bheil a' mhòr-chuid de chaiteachas Gàidhlig na Comhairle a' tighinn bho phrìomh bhuidseatan na Comhairle fhèin.

An-uiridh chuir a' Chomhairle a-steach iarrtas Tabhartas Sònraichte na Gàidhlig airson £1,076,669 mu choinneamh caiteachas suidhichte de £6,416,976 agus chaidh £910,000 fhaotainn. Airson bliadhna ionmhasail 2022/23 tha a' Chomhairle a' cur iarrtas a-steach airson £1,105,060 ann an Tabhartas Sònraichte na Gàidhlig, mu choinneamh cosg iomlan a thathar an dùil a bhios aig £6,807,056.

A bharrachd air prìomh mhaoineachadh na Comhairle agus Tabhartas Sònraichte na Gàidhlig, tha buidseat na Gàidhlig cuideachd a' gleidheadh maoineachadh a bharrachd tro thagraidhean airson phròiseactan sònraichte gu Bòrd na Gàidhlig, agus Maoin Buileachaidh Achd na Gàidhlig (GLAIF).

- 3.2 Laghail – Tha e mar riatanas air Comhairle na Gàidhealtachd am Plana Gàidhlig aice a bhuileachadh fo Achd na Gàidhlig (Alba) 2005.
- 3.3 Coimhearsnachd (Co-ionannachd, Bochdainn, Dùthchail agus Eilean) – Tha pròiseactan a tha a' faighinn taic bho Thabhartas Sònraichte na Gàidhlig a' cuideachadh gus a' Ghàidhlig a ghleidheadh is fhàs ann an coimhearsnachdan air feadh na Gàidhealtachd.
- 3.4 Atharrachadh Gnàth-shìde/Carbon Ciallach – Tha coinneamhan uile air an cumail gu bhiorail agus tha gnìomhan air an dèanamh air-loidhne.
- 3.5 Cunnart – Mar as trice tha cus cuideim air buidseat Tabhartas Sònraichte na Gàidhlig aig Riaghaltas na h-Alba agus tha sin a' ciallachadh gu bheil e eu-coltach gum faigh a' Chomhairle an t-suim iomlan a tha i ag iarraidh. Mas e seo a thachras, agus aon uair 's gu bheil sùim an tabhartais air a dearbhadh, bidh e riatanach ath-mheasadh a dhèanamh air na pròiseactan san iarrtas agus an atharrachadh gus freagairt air na goireasan a tha rim faotainn.
- 3.6 Gàidhlig – Tha an t-iarrtas a' sealltainn gu bheil a' Chomhairle mòr-mhiannach a thaobh a bhith a' gleidheadh is a' fàs na Gàidhlig thar nan roinnean is nam buidhnean aoise uile, agus a' cur luach air buannachdan foghlaim, sòisealta, cultarail is eaconamach a' chànain.

4. **Adhbhar**

- 4.1 'S e adhbhar na h-aithisge seo fios is geàrr-chunntas a thoirt seachad mu iarrtas na Comhairle airson Tabhartas Sònraichte na Gàidhlig. Chithear an t-iarrtas iomlan ann an **Eàrr-ràdh 1**.
- 4.2 Chaidh an t-iarrtas a chur a-steach ro cheann-latha Riaghaltas na h-Alba dhen 2 Dùbhlachd agus thathar an-dràsta a' feitheamh co-dhùnadh mun duais bho Riaghaltas na h-Alba.
- 4.3 Tha Riaghaltas na h-Alba air mìneachadh gu bheil an àireamh iarrtasan a tha a' tighinn a-steach gu buidseat na Gàidhlig air àrdachadh agus seach nach deach am buidseat fhèin àrdachadh, gu bheil coltas ann nach tèid an t-iarrtas iomlan againn a phàigheadh a-mach. Seo mar a tha air tachairt airson grunn bhliadhnaichean a-nis. Ach, bha Sgioba na Gàidhlig soirbheachail ann a bhith a' faighinn àrdachadh beag anns na chaidh a phàigheadh an-uiridh agus tha seo air barrachd misneachd a thoirt do Sgioba na Gàidhlig airson iarrtas na bliadhna sa.

Tha Achd na Gàidhlig (Alba) 2005 (An Achd), a dh'aontaicheadh le Pàrlamaid na h-Alba, a' sireadh inbhe thèarainte airson na Gàidhlig mar chànan oifigeil na h-Alba le co-ionannachd spèise ris a' Bheurla. Tha an tabhartas a' toirt taic do phròiseactan ùra is làithreach a tha comasach air, no a bhios comasach air, an luach a thaisbeanadh ann a bhith a' cur taic ri fàs ann am Foghlam Gàidhlig. Tha dleastanasan aig Ùghdarrasan Ionadail uile fo Achd an Fhoghlaim (Alba) 2016 taic is brosnachadh a thoirt dhan Ghàidhlig agus tha seo follaiseach ann an iarrtas Chomhairle na Gàidhealtachd airson Tabhartas Sònraichte na Gàidhlig.
- 5.2 Fo Riaghailtean Thabhartasan airson Foghlam Gàidhlig (Alba) 1986 (Pàipear-taice B), thathar a' cur fàilte air iarrtasan a thaobh caiteachas a bhios ann airson adhbharan air an aontachadh le Ministearan na h-Alba ann an, no co-cheangailte ri, teagasg cànain na Gàidhlig no teagasg chuspairean eile sa chànan sin. Tha Riaghaltas na h-Alba dhen bheachd, airson Tabhartas Sònraichte na Gàidhlig, gu bheil am facal 'teagasg' a' gabhail a-steach teagasg do gach buidheann-aoise ann an suidheachaidhean foirmeil is neo-foirmeil.

A bharrachd, bidh cosgaisean a tha an lùib a bhith a’ fastadh thidsearan no òraidichean, a bhith gan trèanadh, a bhith a’ cumail is a’ frithealadh chùrsaichean, a bhith a’ solarachadh thogalaichean is ghoireasan, a bhith a’ dèanamh is a’ ceannach leabhraichean, stuthan is uidheaman, agus ann a bhith a’ gabhail os làimh obair rannsachaidh, uile air an làimhseachadh mar nithean a tha a’ tighinn taobh a-staigh farsaingeachd an reachdais.”*

APPLICATION FOR THE SCHEME OF GAELIC SPECIFIC GRANT FOR GAELIC EDUCATION 2022/22

Name of Authority: The Highland Council	
Authority Contact: Kate Lackie	
Name of Project The Highland Council Specific Grants Projects for 2022-23	
Status (New/Ongoing/Cross Border)	
Commencement Date: April 2022	
Description (including, staff and pupil numbers, breakdown of costs, National Plan Priorities and Gaelic Language Plan commitments)	<p><u>Outlined in this application are three overarching Project headings related to Gaelic Education:</u></p> <p>Project 1 – Gaelic Planning, Policy Implementation and Resources Project 2 – Gaelic in the Home and in Communities - Learning & Development Projects including 0-3 Project 3 – Gaelic in Early Learning and Childcare, Primary and Secondary Education</p> <p>Description: The application is split into areas within the 3 project sections. The first description is relevant to all 3 projects and provides the strategic context and the following areas break down descriptions and costs under each of the project headings.</p> <p>Highland Council is the largest provider of Gaelic Medium Education in Scotland. Our Education service has 203 schools in total, covering a geographical area nearly the size of Belgium. The area is a mix of urban, semi urban and rural and remote areas and we have ambition to provide opportunities for Gaelic across the whole region.</p> <p>Over the last 2 years, the Council has ensured an increased profile of Gaelic, invested in the team, established a Gaelic Committee and Gaelic is embedded in the Council’s Executive Leadership Team, led by the Interim Depute Chief Executive. This reflects that the Council is committed to growing and developing the GM and GL Education sector; Gaelic learning and curriculum development; and Gaelic culture and communities. We have extended our Gaelic offering by incorporating Gaelic into our Virtual Academy and our pupil numbers evidence our continued commitment to growing Gaelic useage across our Highland schools and communities.</p> <p>We need to continue our focus on our growth in ELC and 0-3, curriculum development, support to ASN,</p>

and focus on language use within our communities for both our children and our fragile communities to ensure Gaelic has a sustained and strong presence. These are our key priorities within our projects over the last year continue to be our priority.

Our challenges include our geography, demographics with a declining population and the protection of our fragile Gaelic communities. Our growth in GME is impacted by a shortage of probationer allocation teachers, difficulty in recruiting Gaelic teachers and a narrowing of curriculum choice at the senior phase. An understanding of our challenges helps us direct resource to where it will have most effect and this re-energisation of our ambition for Gaelic means we are confident that additional funding, will make a positive and lasting impact.

Despite the continuing challenges of COVID, the Council has been able to demonstrate flexibility and sustained commitment to Gaelic through the provision of a program of adjusted delivery. We were able to maintain a good level of engagement and develop tools and approaches that have subsequently been adopted as best practice elsewhere.

In our bid, we have set out how much is GSG resource and how much is Council resource. From this it is apparent how much the Council is investing in Gaelic and how this has reflected the higher priority and the strategic commitment the organisation is giving to the language and culture.

The Highland Council is building on, and continues to strengthen, the work undertaken in its previous Gaelic Language Plans, and is committed to achieving the Scottish Government's five strategic objectives.

This suite of priority areas has been formulated to fulfil commitments associated with the National Performance Outcomes, and the targets in the Council's Partners' Single Outcome Agreement with the Government. Pupil numbers

The first table indicates that there is a total number of 307 pupils in GME nurseries and partner centres at the beginning of academic year 2021/22. As ELC pupils don’t have a unique identifier we are unable to give a total number of pupils across Highland as there will be some double counting because of split placements. Therefore, we are comparing year on year changes in GME nurseries and partner centres.

The Gaelic team will work with provisions to ensure that parents are confident in committing to GME and numbers are strong relative to community context such as population and rurality factors, to ensure a positive start. Projects include events with 'Bi-lingualism Matters', working with Argyll & Bute and Comhairle nan Eilean Siar on promotional materials and with Comann nam Parant to ensure families have access to support when making the commitment of Gaelic Medium Education for their child/ren.

The following table exemplifies pupil numbers across Highland in Primary. Primary 1 enrolment for August 2021/22 indicates that 8.06% of Highland pupils are in GME following a percentage increase of 0.19% on last year's total.

The Committee also has a remit for monitoring expenditure and providing governance and scrutiny of performance and delivering on statutory reporting requirements. The Gaelic Committee has a workplan which forms part of the Gaelic language and cultural planning for the Council and this includes reports which are submitted by the Gaelic Team and Senior Executive Officers on a quarterly basis. The reports generated include recommendations which relate to the 6 Themes within the current Gaelic Language Plan and focus on the implementation of targets within the Plan. The Highland Council Gaelic Development Officer is part of the Gaelic Team within the Authority and has a pan Highland remit.</p> <p>Sabhal Mor Ostaig, the national Gaelic College, is located within our Local Authority. Whilst we have a memorandum of understanding with the college, and the Highland Council contributes support to students with bursary awards, we aim to build on this relationship following discussions with the Director and Depute Director of Studies with a collaborative approach to this post and projects that will follow.</p> <p>This initiative will also help to inform the development of the 2nd project in this bid.</p>							

The Gaelic Development Officer works with the Community Learning and Development Officers and the Senior Translation Officer regarding the regular reporting to the Gaelic Committee. Additionally, where appropriate joint working on project development, supporting the Gaelic Team in the promotion of projects which are part funded by Gaelic Specific Grant. This is achieved by producing regular press releases and using both traditional and social media to further the promotion of the events, projects and activities.

The remit of the Gaelic Development Officer also includes working with stakeholders/ external agencies and key organisations in Highland, several of which receive financial support from the Council. As part of the Council's governance the organisations who receive support are required to demonstrate where reasonable and appropriate how the support assists the Council in implementing specific targets with GLP3, that includes targets within the **priority areas** Gaelic in the Home, Early Learning and Childcare, Gaelic in the Community and Gaelic in Education. A collaborative and strategic approach between the Development Officer and the Community Learning Officers is crucial to the overall impact of this work for Highland for our GLP3 progress.

Gaelic Vision and Strategy – New Project

Going forward, in order to deliver on the strategic aims of The Highland Council for Gaelic Education and in preparation for Highland Council's Gaelic Language Plan 4 there is an agreed commitment to enhance the remit of Gaelic within the Authority through the creation of a permanent Senior Gaelic Officer with strategic management responsibility. This post would build on the foundations of current wider partnership and collaboration across public bodies in Highland by supporting work to identify opportunities, sharing of knowledge and expertise, and shape a vision for the future of Gaelic in Highland. This is a new permanent senior post for Highland Council that illustrates strategic commitment and ambition during this significant stage in the lead up to the 4th generation Gaelic Language Plan. The recruitment for this post is currently underway with an aim to have this post advertised early next year.

Initial work is underway with internal workshops to start to scope out the remit of the review across the six priority areas. It has already come through very clearly that staff are committed to a vision that is ambitious and sustainable, building on the many opportunities there are to work with partners locally and nationally to expand Gaelic education, language and culture in the Highlands. There will be a strong focus in the review on education and sustainability is identified as a critical factor, in particular responding to the additional challenges that Covid has created, alongside long-standing pressures in relation to staffing and workforce planning.

Engagement with UHI, Bòrd na Gàidhlig and the Scottish Government is ongoing and will form part of our stakeholder discussions. In addition to a focus on education, strong themes are emerging about the need for enhanced Gaelic presence across all Council Services, including the website; and highlighting and supporting the contribution that Gaelic makes to the Highlands in terms of culture, tourism and the economy.

Critical to making progress will be the identification of sustainable resourcing which means access to both capital

and revenue funding; high quality curriculum and extra curriculum content and choice; and reliable teacher supply as well as maximising the impact that the Council and partners can have on the numbers of people at every age who learn Gaelic, speak Gaelic and use Gaelic in school and wider community and cultural settings. This can only be achieved by taking a connected, partnership approach.

Our bid has requested support for the following projects. The following adds further detail around each of the areas on the table.

Over the next period of the GSG, a feasibility study will be carried out to assess 3-18 GME provision in Inverness. The primary purpose of this study is to explore what steps need to be taken to

deliver sustainable expansion of 3-18 Gaelic Medium Education **specifically in Inverness**. An associated benefit should be to develop a fuller understanding of the approaches that could be also adopted across Highland to expand Gaelic Medium education and sustain and grow Gaelic in other Highland communities.

- **Raising attainment** for all learners is a priority, as is widening curriculum choice, content and wider opportunities to use the language so that there can be a sustainable increase in the numbers learning and speaking Gaelic at all levels. In addition to increasing ELC and Primary GME and language provision, project activity will be looking at what can be done to expand Gaelic at secondary level, including options for the development of a 3–18 campus in Inverness.
- **Gaelic Vision and Strategy** The Executive Chief Officers, Education Strategic Leads and the Gaelic Development Manager work collaboratively and are currently undertaking a further review of the next steps to form an in depth action plan and strategic vision agreement for the wider considerations for Gaelic Education growth and sustainability across Highland.
- **Council Gaelic Committee** of 14 elected members meets quarterly to oversee development, delivery and improvement of Gaelic Language and culture and reports to full Council on the delivery of GLP3.
- **Gaelic Team** meets every 3 weeks to address strategic approach, discuss updates and decide next steps.
- Gaelic Team meets quarterly to review GLP3 progress, including the priorities for Gaelic education and engages in discussion using a performance management reporting system.
- Gaelic Team engages with Corporate Communications for events and projects, ensuring visibility and promotion of Gaelic within press and social media.
- Gaelic Team communicates regularly with Chair and Vice Chair of the Gaelic Committee to share performance within the Gaelic priority areas.
- The Gaelic Team reports formally to the committee and sharing information within the framework of the Council's public meetings to ensure communities have access to regular Gaelic updates and information as well as engaging with the Committee members in the decision-making process on local initiatives that support and promote Gaelic.
- Gaelic Team supports the Education Team with Gaelic specific requests, consultations and support for the expansion of GME in the early years and the promotion of GME within their identified geographical remit areas.
- Gaelic Team works with community and parent councils when required to support fundraising events, expansion of GME within the school, providing, creating, promoting resources through the use of the Highland Digital Schools hub and distribution list and working with partners.
- **Engagement** with key partners and delivery of joint initiatives i.e. Fèis Rois, Fèisean nan Gàidheal, Blas, An Comunn, AÀA, SMO and Highlife Highland.
- **Translation Gaelic Translation Service** The Council's Gaelic Translation Service provides translation and proofreading across all its services and to elected members. Assistance is also provided to High Life Highland and occasionally to external organisations who wish to incorporate Gaelic into their signage and marketing texts. There is a high demand for Gaelic translation and a high turnaround of work is administered to fulfil the requirements of The Highland Council's Gaelic Language Plan 2018–2023, and to enable Gaelic development across the whole Highland area.

- All translation and proofreading work is in-house and relates to a wide range of texts and materials – mainly educational resources, corporate documents, marketing and publicity texts, press releases, official correspondence, and street and building signage.
- Bilingual agendas, reports and minutes are provided for the Gaelic Committee and press releases and other texts relating directly to Gaelic are published fully bilingually. Council publications and corporate documents, not relating directly to Gaelic, require Gaelic headings and sub-headings. Presentations by Council officers are also required to include Gaelic.
- Bilingual external and internal signage is provided for all Council-owned buildings and properties including schools, offices, libraries, museums, sports centres etc. Recently, bilingual lift commands were provided for the new Alness Academy and it is hoped this initiative can be replicated in other buildings in due course. In stand-alone Gaelic schools, monolingual Gaelic signage to enhance the immersion ethos of GME.
- Road directional, street and place-name signs are provided, in consultation with Ainmean-Àite na h-Alba. As the majority of place-names in the Highlands are anglicised names of Gaelic origin, the bilingual aspect serves to illuminate the meaning and reinforce the Gaelic heritage of the area. Ongoing work on street and building signage steadily increases the visibility of the language across the Highland area. Bilingual interpretation panels are erected at sites of importance across the Highlands and help to celebrate the area's cultural heritage and raise the profile of the language. These add interest for residents and visitors alike.
- The Council continues to liaise with Ainmean-Àite na h-Alba and other national agencies and contributes to consultation on place-names and linguistic or corpus issues, thereby contributing to Gaelic development both within the Highland area and nationally.

Project 2 – Promotions and Actions under 4 areas of Project 2 Outcomes A-D

Adult Gaelic learning – New Project direction

- SpeakGaelic – The Highland Council CLD Gaelic officers have worked closely with Sabal Mòr Ostaig and the Gaelic Learning and Development review group for Gaelic to share experience and feed into the development of the SpeakGaelic course. Highland Council CLD Gaelic officers ran a very successful tutor training event to ensure that there is a supply of trained tutors for the Highland area. 18 existing and prospective tutors attended the event. The day was led by Màrtainn Mac a' Bhàillidh, Adult Learning Manager at Sabhal Mòr Ostaig and co-author of the SpeakGaelic and Gaelic Duolingo courses, introducing SpeakGaelic, a new, multi-pronged approach to learning Gaelic. SpeakGaelic will offer students a variety of ways in which they can learn Scottish Gaelic.
- The course is delivered via face-to-face classes, self-guided online learning through the SpeakGaelic website, and media content through a variety of platforms e.g., BBC ALBA/BBC Radio nan Gàidheal or all three at the same time. SpeakGaelic course is aimed both at complete beginners and those who may have tried learning Gaelic in the past and aims to help those less confident in speaking the language.
- The Highland Council Gaelic team will utilise the SpeakGaelic course in the delivery of Gaelic Adult Education classes at beginner level, as it provides a widespread, comprehensive structure to learning

Gaelic. SpeakGaelic A1 classes, both online and face-to-face, are promoted and organised to meet community demand using GLAIF funding to support the initiative.

- All 74 elected members of the Highland Council will receive information on Gaelic Learning pathways in Highland following the local government elections in May 2022.
- All Highland Council staff will be encouraged and supported to have access to Gaelic Awareness training, learn and use Gaelic in their roles.

Gaelic Classes – Ongoing

- The Highland Council Gaelic Team continue to engage with other local authorities through the GLAD group to monitor the success and impact of the classes.
- Gaelic classes for adults at higher levels will be offered to enable a progressive route to fluency in a sustainable manner.

Adult Gaelic Community Usage – New Project

- The Gaelic team will support an exciting and new project led by Alzheimer Scotland West Highland. The Gaelic initiative “Gaelic Conversations” was recently established to provide essential support to people living with dementia whose first language is Gaelic and their carers and families. The project will also engage with GM young pupils at BSGPR and BSGLA regularly. This will provide inter-generational contexts for Gaelic usage.
- CLD Gaelic Officers will organise Adult learning activities as part of the new national initiative Seachdain na Gaidhlig due to take place in March 2022. This will enhance promotion and local activity engagement with the initiative.

Home and Community

- To support new and existing Gaelic medium parents in the Home and Community we are proposing to update existing promotional materials and support resources that are issued primarily to Early Years parents in the 0-3 and Sgoiltean Àraich sectors. We aim to increase the promotion of GME to new parents through producing new GME information leaflets aimed at Gaelic Early Years and primary aged parents. This will contribute to recognition of the importance of language recovery outwith the classroom.
- To further support GM parents we will work in partnership with key Gaelic partners to update the Highland Council ‘Gàidhlig Dachaigh’ parents’ course to enable parents to access the course online. Initially the parents’ Gaelic course would focus on the Early Years’ parents.
- To raise the awareness of the benefits of bilingualism and promote and increase the numbers going into Gaelic Medium Education we will organise a hybrid of online and face to face events in targeted areas in Highland where there is an identified need to support schools and GM early years.

B - Gaelic community in ELC & Childcare.

CALA – Enhanced Geographical Remit

- Support and recovery work with the Gaelic Birth to Three sector continues through the Bòrd na Gàidhig GLAIF partnership project with Highland Council and the Care and Learning Alliance.
- With the recent changes to 0-3 Early Years Workforce for GME in Skye, Highland Council engaged with Bòrd na Gàidhig to ensure that any new gaps in provision of support were identified. CALA agreed to extend their remit and 2 new posts are currently being recruited to support parents and toddlers and support the existing CALA Gaelic Team with this extra remit.
- CLD officers continue focused engagement with existing toddler groups as well as encouraging the participation of new parents remains the primary focus as we focus on re-establishing groups impacted by the closure of venues and COVID restrictions. Groups have enthusiastically moved towards outdoor meets and buggy walks to support and overcome the isolation of new parents.

New Project 0-3 Lochaline

- In addition to sustaining existing toddler groups, a new group of parents in Lochaline is being supported to establish a Gaelic Toddler group in the area. The Gaelic Team will support this group in partnership with CALA.
- As part of re-establishing provision following Covid closures, Lochaber's Croileagan Grianach have now re-opened at Bun-Sgoil Ghaidhlig Lochaber. Encouragingly, there are a healthy numbers of new participants. The Gaelic Team are underway with promotional activity planning to further encourage and advance involvement in the group as a first step transitioning into GM Education at BSGLA.

New Projects 0-3 Gaelic Promotion

- In partnership with Arts Play Highland, a six week series of Ceol is Cluich (music making and games) sessions for parents and toddlers will take place in Newtonmore, Drumnadrochit and Inverness.
- Ongoing support during Covid mitigations to 0-3 toddler groups - All Gaelic ELC provision across Highland will again be offered the opportunity to access a live visit from Bodach na Nollaig (Father Christmas) online.

C – Gaelic community in Primary.

The Gaelic Team CLD officers provide joint working on Gaelic language project development around GME primaries. To formalise the partnership working with GME schools the CLD officers have developed a Gaelic Development Plan document to link in with the schools. The Gaelic community development plan will support GM parents, pupils', and the wider Gaelic school community.

Re-establishing Projects Covid Recovery -

To support pupils' language acquisition skills and increase Gaelic language usage out with the formal education setting the following projects will be developed to support Gaelic community in Primary. 'Face to Face' community activities have only recently been active again due to Covid mitigations.

- In partnership with Ainm Àite na h-Alba deliver the new project Facal is Fearann to GME schools. The project aims to give pupils the basics of place-name construction and element meanings, map reading and

drawing skills, the importance of collecting place-names and any history or folklore connected to them and the skills in how to conduct place-name fieldwork.

- To address the language recovery support, following COVID interruption to after school activities for GM pupils need we will re-establish a programme to provide opportunities for GME pupils to use their Gaelic out with formal education such as after school, drama and language support activities clubs thus increasing their exposure to hearing Gaelic language spoken in a community setting.
- To further develop and enhance community learning and development liaison within standalone Gaelic education provision the CLD officers will engage with education staff and external agencies to maximise the opportunities available to GME pupils through the medium of Gaelic.
- The Highland Council Gaelic officers will be working with external agencies to promote Gaelic across the Highland Council area in a project which incorporates using football and climate change awareness with pupils.
- A programme of community events will be delivered for pupils and families such as Family Learning Weeks and Gaelic partnership projects with agencies such as holiday clubs.

D – Gaelic community in Secondary.

As with Primary School provisions, The Gaelic team CLD officers provide joint working on Gaelic language project development around GME Secondary Schools. To formalise the partnership working with GME schools the CLD officers have developed a Gaelic Development Plan document to link in with the schools. The Gaelic community development plan will support GM parents, pupils, and the wider Gaelic school community.

New and Ongoing Projects -

- The Gaelic CLD Gaelic team officers will promote and encourage with parents and young people the continuation of Gaelic learning into secondary education.
- Following on from last year's online Siuthad events and the resulting legacy resource, teachers and students will be surveyed to seek feedback on the usage of the resource and suggestions as to the most useful content for the 2022 event. Project 3 – Gaelic in Early Learning and Childcare, Primary and Secondary Education

New Projects –

Oideas

A series of podcasts about Gaelic Medium Education was launched in September. Following a collaboration between The Gaelic Team and SMO Initial Teacher Education team, the project was created to support teachers with an opportunity to connect through social and digital media. In each podcast, Gwen Culbertson talks to high school or primary school experts about the role, challenges and best solutions working in GME. The questions during the podcasts focus on professional development for teaching students and teachers. The podcast is also a great opportunity for anyone interested in Gaelic Medium Education to listen to teachers and experts reflect and discuss. Oideas aims to provoke new thinking, raise questions and share information between Gaelic teachers who are often facing similar challenges in their respective classrooms.

Podcasts are linked [here](#)

Following the success of this podcast series, series 2 is planned in partnership with SMO. We also hope to extend the scope of Oideas and re-brand the annual February In-service training across Highland under the Oideas brand. This would mean all training is available to SMO students and Highland practitioners in ELC and Education. We aim to survey GME workforce to seek feedback and ideas on Professional Learning needs across Highland. All training will be available as a legacy resource on Highland digital hub, an open website all can access.

Gaelic Resources

A project titled 'Gaelic Content Creating School scheme' (SNGG = Sgoil nan Goireasan Gàidhlig) has been initiated, to encourage colleagues to share resources with others. Schools who engage in the project will receive an award level dependant on the number of resources sent in, which gives them the right to use the logos and title "Sgoil nan Goireasan Gàidhlig". Recommendations have been made that digital resources as well as downloadable materials would be invaluable and could be shared via the Gaelic Medium portal on the Highland Digital Hub. Schools have already shared resources that can be used by others and officer will continue to encourage others to

take part as this project develops and progresses.

Gaelic Senior Phase Curriculum Development Teacher

The Highland Council is committed to expanding the offer of Gaelic Medium Provision in Secondary. A key stakeholder in our Highland Secondary Schools is Portree High School. All 13 Primary Schools in Skye and Raasay transition to Portree High School. Over the next session, there is ambition to provide extra additionality to the Gaelic Medium staffing allocation for Portree High School. Recruitment of a Secondary Teacher with both a teaching responsibility and protected curriculum development time within their remit will work collaboratively with the Gaelic Team and Gaelic Department at Portree High School. It is envisaged that the post holder will take a lead role in supporting the development and expansion of the Secondary Gaelic Curriculum offer. The post will work closely with Gaelic Team who will promote close working with the Education Scotland post holder for Secondary Gaelic development for both local and national impact.

Gaelic Youth Ambassador

The Gaelic Team have secured GLAIF funding to provide full time one year post for a Gaelic Youth Champion. It is proposed that the activity of the post holder will gather the views of the Highland Youth Voice while based at Portree High School. Highlife highland, The HLH youth participation team, including youth workers, Highland Youth Parliament reps and the Youth Convener are committed to working in partnership and are looking forward to meeting and working with the new Gaelic Youth Champion so that each can hear about and support each other's campaigns and programmes. The Gaelic Team will manage recruitment to this post with Bòrd na Gàidhlig and ensure engagement with wider outcomes of Highland Council's Gaelic Education outcomes.

Ongoing Activity Promotion -

- The Council will be represented at national forums, Stòrlann board of directors, Faster Rate of Progress to engage, inform and influence Gaelic education and policy.
- Work closely with the Education team at Bòrd na Gàidhlig, arranging regular meeting with the Director and officers to communicate and work strategically on national priorities and workforce planning.
- Lead working groups and stakeholder reference groups with a focus on needs directed by the group e.g. addressing persistent literacy difficulties within GME secondary phase and removing this as a barrier to continuing with the language, improving the confidence gap for young learners and enabling them to have opportunities for social language acquisition as well as more formal educational language learning experiences. Work with the Northern Alliance to ensure cross-border working.
- Engage with Sabhal Mòr Ostaig and Higher Education Establishments and the Northern Alliance to work collaboratively on our professional development activities.
- Raise the profile of Gaelic within the agenda for 'Skills for learning, life and work', through the annual event 'Siuthad' that works with partners and Skills Development Scotland and extend this offer to upper primary with the utilising the new confidence in digital platforms.
- Work with the Council's Corporate Communications Unit to ensure positive media coverage of growing

GME provision within Highland and share good news from GME provisions at formal Committee meetings, through the medium of Gaelic and then English subsequently raising the corporate profile of Gaelic within formal setting.

- Report on 1 plus 2 Gaelic within Committee and work with schools and education officer to ensure that there is access to training and resources to deliver within schools as well as embed the delivery within existing schools.
- Work with the Strategic Lead Officer for schools on the role of Gaelic within the leadership and empowerment agenda for new school middle leadership to build capacity for future headship confidence.
- Quality assurance and partnership working with Care and Learning officers to ensure high quality provision in our Early Years and engaging with the Early Years Education Officers to ensure regular visits and support is available within GME ELC settings.
- Work with Education Scotland the Education officers' team at Highland to train a GME experienced practitioner associate assessor, who is GME experienced teacher, with a remit for GME provisions to support school improvement agendas to help ensure quality inspections within Highland GME provisions. In addition to this, use digital platforms to develop an attainment profile platform for pupils' literacy in writing to ensure there is an agreement pan Highland on the standards that are expected within each level.
- Plan events such as 'Seachdain nan Deugairean' for secondary pupils with partner provisions such as Sabhal Mòr Ostaig to build community relationships within GME and provide opportunities to use Gaelic outwith the school setting. This also provides an opportunity to see further education opportunities as a pathway for the continuation of their Gaelic language study.
- Work with Giglets and MCNG to deliver digital Highland training opportunities. We have also agreed to support Phase 2 of MCNG providing local authority representatives, creating content for the sector, and in supporting the quality assurance process that will be led by Education Scotland and the Scottish Government.
- Continue the development of a GME Reading Intervention resource, piloting the resource in Highland and working with Storlann and Education Scotland for national distribution.
- Continue to support all education practitioners who have identified their own confidence gaps in the language, working with partners to provide funding support towards professional development opportunities such as Sreap or SMO support.

Provision of Support Services

The Council also provides a dedicated Gaelic education resources support service for schools. Education resources support ensures that schools and teachers are kept updated of new resources being produced at national level. The service enables Highland pupils to receive the most up to date Gaelic education materials at the earliest opportunity. The Highland Council continues to manage one of the largest independent collections of educational resources, some of which are the only copy of original support material. This resource is used by many other organisations to assist with the re-launch/reprinting of resources. Partner agencies also engage with the Resources Officer to distribute information on Gaelic community events within Highland for both pupils and families to ensure the profile of activities in place is raised and awareness promoted with school communities.

	<p>Translation Educational resources are translated for the Early Years, Primary and Secondary sectors, for both Gaelic Medium Education and Gaelic Learners. As well as teaching materials, support is provided for newsletters and school menus etc. Due to Covid-19, there has been a greater emphasis on online educational resources such as interactive PowerPoint files which promote language acquisition and pronunciation. These resources have been very well-received, and it is anticipated that collaborative work will continue between the Gaelic Team and Education officers to build on the resources available.</p> <p>Gàidhlig Medium Catchment Areas Statutory Guidance on Gaelic Education recommends that local authorities should establish GM catchment areas for schools that offer GME. The establishment of GM catchments is subject to statutory consultation under the schools (Consultation) Act Scotland 2010. These are resource intensive exercises, not only for Highland Council but also for Education Scotland, who must appoint an Inspector to assess each proposal. Of the 20 Highland primary schools offering GME, 11 GM catchments have been created, with a further 3 proposals currently out to consultation. Over the period of the next Gaelic Grant, consultations will continue, and the Gaelic Team will work collaboratively at community engagement as part of this process.</p>
