There were no Declarations of Interest.

3. Highland Coastal Communities Fund

There was circulated Report No HCCF/3/21 dated 19 October 2021 by the Executive Chief Officer Infrastructure, Environment and Economy.

Members were informed of the reason for the late submission and were assured, if granted, that there were sufficient funds available to meet the amount requested by Ionad Thròndairnis for their Phase 1 building project. To assist Members in their deliberations a project summary and technical assessment of the application including a RAG assessment of key criteria had been circulated along with their application form.

In their discussion Members recognised that the project would develop in stages, the second phase being the provision of toilet and car parking facilities. These were much needed in the area and would also provide a revenue source for Ionad Thròndairnis going forward.

Accordingly, the Sub Committee **NOTED** the application presented for funding and **AGREED** the application from Ionad Thròndairnis for their Phase 1 building project in the sum of £47,139.

The meeting ended at 10.45 am.
