Introduction by the Divisional Commander

I am pleased to present the N Division Scrutiny Report, specifically covering the Highland area for the reporting period 01 April 2021 – 31 March 2022.

The demands placed on the Police have been unique and continue to be challenging. The Police continue to assist and support partners working within communities, whilst at the same time fulfilling traditional Police activity which has had both a personal and organisational strain on Policing.

There is a general feeling in policing that demands overall have increased since coming out of Covid regulations. This is likely to be seen in statistics during the coming year.

The interpretation of statistics from the reporting period and comparisons to the previous year and 3 year average can be difficult and one should be wary of drawing hasty conclusions.

That said, we have been active across all priority areas of our Policing Plan. We have maintained a proactive presence on Highland roads, enforcing road traffic legislation, working with partners to improve road safety and investigating road traffic collisions. We have seen reductions in Anti-Social Behaviour, disorder and violence along with many areas of acquisitive crime against the 5 Year Average; however Fraud, particularly online has significantly increased.

I am cautiously pleased to report a reduction in Hate Crime, however Domestic Crime remains at 5 year average levels despite a reduction from the previous year and there has been a slight increase Year on Year in relation to Sexual Crime. We have strong partnership relationships, structures and working arrangements for the protection of vulnerable people, which we will continue to develop. Our work tackling serious organised criminals, especially those engaged in County Lines has continued to be disruptive and also identifies vulnerable young people caught up in this awful practice.

Partnership is also a key feature of our approach to countering terrorism, which continues with public sector, private sector, education and third sector partners and our communities.

Officers from N Division supported the Policing operation at the United Nations (UN) 26th Conference of the Parties in Glasgow in November which proved to be a successful Policing operation. N Division were still able to continue 'Business as Usual'. We have also recently policed the Belladrum Music Festival returning for the first time since 2019 and my thanks to officers and staff for their commitment to achieve these Policing operations.

The implementation of technology through mobile devices, crime and case management systems continue to improve the efficiency and effectiveness of Policing in Highland and allow officers more time to actively patrol their communities.

With changes to pension rules allowing officers earlier exit points from policing than the traditional 30 years, this has resulted in greater than usual turnover of staff. I recently had the opportunity to welcome 18 probationers to the Division.

Finally, assaults against officers continue to be at an unacceptable level. An assault against a Police officer is an assault against society and should not be tolerated by any of us.

This report highlights the positive work and the challenges faced by officers in Highland and I commend it to you.

Road Safety and Road Crime

Intention - With Partners, enhance Road Safety across the Highland Area.

Objective – With Partners, deliver a Road Safety Strategy focusing on: Challenging driver behaviour; Education at the road side and elsewhere; Detection of offences linked to contributing factors of Fatal and Serious Road Traffic Collisions and collectively reducing potential harm.

2021/2022 Drink/Drug Driving Offences -

Operation CEDAR - (Challenge, Educate, Detect and Reduce) builds on established practices and will continue to focus on various agencies working in partnership to reduce the number of people killed and seriously injured in the Highland area.

Operation CEDAR involves proactive multi-agency enforcement operations on the roads, which sits alongside education activity aimed at improving driver behaviour of all ages. Partner agencies continue to work together to improve understanding of the factors which could contribute to improving road safety for everyone on the roads and together respond to these issues.

Driver Engagement North - A multi-agency initiative makes use of an interactive driving simulator designed to assess and highlight a participant's reactions, hazard awareness and any potential vulnerabilities on the roads. The project, launched in Inverness during October 2019 received funding from Transport Scotland and is led by Police Scotland with support from a number of partners including NHS Highland, Local Authority Community Safety Groups, IAM Roadsmart, Age Concern and RoSPA. The simulator has been specially designed to assess and demonstrate a driver's reactions and abilities in a safe environment under the supervision of specialists who will be able to offer advice and support.

While this initiative is aimed at older drivers, advice will be offered to family members and/or friends who are concerned regarding an individual's fitness to drive.

Any interested parties looking for more information can contact:
highlandandislandsdriverengagement@scotland.pnn.police.uk.

Operation Close Pass – Close Pass is cycle safety initiative which aims to highlight how much room motorists should allow when passing cyclists who are considered to be vulnerable road users. This educational initiative is aimed at changing driver behaviour through engagement and interaction.

North Coast 500 (NC500) and Visitor Management - There are Road Policing plans in place for motorcyclists/vulnerable road users and Visitor Management for the year ahead. Analytical work has been carried out to ensure Police Scotland are targeting the right areas and road users at the right time.

Police Scotland are committed to reducing road casualties across the Highland area and patrols will be conducted on priority routes on a daily basis and undertaking specific weekends of action on the NC500 route, utilising car and motorcycle patrols with the aim of influencing driver and road user behaviour, detect and deter criminality on our roads and reassure communities. We will continue to promote our activity through media channels and encourage anyone with road safety concerns to contact Police Scotland.

Inspector Donald MacKinnon of the Road Policing Unit, Operational Support Division stated:

“We have demonstrated our commitment to road safety by patrolling roads in Highland and Islands, both through day-to-day general patrols as well as longer (3-6 day) dedicated deployments. This has allowed for wider geographical coverage for extended periods which has maximised our efficiency and made us more visible and available to remote communities. We listened to public concerns in relation to road safety and used intelligence, analytical and technological products such as roadside drug wipes and speed detection equipment to target those who present the greatest risk to road users and communities with the aim of tackling and reducing collisions. We worked with partners to influence road user behaviour in car, motorcycle and bicycle communities and engaged with HGV / PCV / taxi / private hire drivers / operators through joint initiatives aimed at improving road safety.”

Anti-Social Behaviour, Disorder and Violence (including Alcohol and Drug misuse)

Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across the Highland Area.

Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.

Drug Deaths	33.0	31.63	34	34	-	N/A

Drugs Deaths – Drug Related Deaths within the N Division area (Highland) is of significant concern. N Division continues to work with Partner Agencies in order to support individuals who find themselves involved with alcohol and controlled substance misuse. Every Drug Related Death within the N Division area is reviewed by the Harm Prevention Officer (HPO).

Harm Prevention Officer – An 18 month pilot Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP) and has recently been extended to April 2023 and is anticipated to be continued beyond then.

Stop and Search -

Positive Stop Search - A positive stop and search is when an item is recovered where possession of same implies criminality on the part of the individual being searched or any other; or potentially compromises the safety of that individual or another.

No Knives, Better Lives - No Knives, Better Lives (NKBL) is a national capacity-building programme that supports primary prevention work related to knife carrying in Scotland. In 2009, the NKBL National Delivery Team at YouthLink Scotland and the Scottish Government began supporting partners in 11 selected Local Authority areas to implement NKBL. The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. The focus is not just on what it is we do not want young people to do and how to stop them doing it, but also what we want young people to be able to do, how we support them to understand and navigate risk and to make positive life choices.

Police Scotland's Prevention and Interventions Officers supported this initiative in the Highland area. This is further complemented by the Joint Education and Police Knives in School Protocol which has been progressed.

Further inputs have been undertaken by Prevention and Interventions Officers supported by Special Police Constables.

Acquisitive Crime

Intention – With Partners and Communities, prevent instances of acquisitive crime across the Highland area.

Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation	Detection Rate
Housebreaking (Dwelling House)	119.4	121.0	119	101	-18	32.7%

Motor Vehicle Crime	258.8	209.0	159	143	-16	51.0%

Fraud – The increase in Fraud related crimes has not only been experienced by members of the public residing within the N Division area, but across Scotland and the United Kingdom.

Fraud –

Banking Protocol

Following a number of incidents across the N Division area in respect of Frauds and Banking Protocol, work has been ongoing with various Banks within N Division to setup learning sessions between staff members to talk through Banking Protocol. This has allowed for a better understanding of the Police response, management of vulnerabilities and referrals/support available to victims.

This has and will continue to allow Bank staff to be aware as to the point in they feel that they can/should intervene.

Parcel Scam Fraud

General awareness messaging around parcel/delivery company scams has been circulated electronically to all housing providers across the N Division area and to the University of the Highlands and Islands for sharing with their staff, clients and students.

A total of 400 leaflets in relation to this particular type of scam, were supplied to Co-op and Tesco stores and Filling Stations across Caithness. This Police Scotland leaflet provides information in relation to phishing emails, purportedly from well-known delivery companies, which claim that they have been unable to deliver parcels, packages or large letters, asking the recipient to pay a fee or provide additional details in order to rearrange the delivery. In addition, this leaflet advises the public to be aware of an

increased risk of scam phone calls and text messages impersonating delivery companies, as well as fake delivery notices posted through letterboxes. In view of the number of on-line purchases that have been and will continue to be made during COVID-19 lockdown restrictions, this safety messaging is deemed to be very relevant.

Festive Safety Messaging

In order to reach as many households as was possible, a general festive safety leaflet was distributed through Home Delivery services at the following locations: Sainsbury's (Nairn) - 1000 leaflets. Tesco (Dingwall) - 1000 leaflets which were delivered as far as Dornoch, Skye and the Black Isle area. Tesco Extra (Inverness) - 1200 leaflets which were delivered as far as the Badenoch, Strathspey and Nairn areas.

The Police Scotland leaflets were distributed along with festive messaging from the Scottish Fire & Rescue Service.

A GUIDE TO KEEPING SAFE TOGETHER IN YOUR COMMUNITY

A guide containing safety advice covering; Fraud, Home Security/Pedal Cycle Security, Hate Crime and Cuckooing and County Lines was compiled and distributed across the N Division area via local newspapers. A total of 42,000 households across the N Division area received the guide with additional copies distributed to Garden Centres in order to reach households who may not necessarily have access to Social Media.

Approximately 10,000 copies were distributed to Post Office branches across the N Division area. Distribution of copies continue to be distributed through Supermarket Home Delivery services.

A copy of the leaflet is attached at Appendix A.

Rural Watch - The Highland area is renowned for great natural beauty and the rural communities are safe places in which to live, work and visit. However, the nature of the environment and way of life means there are some crime prevention tips particularly relevant to rural life. Watch Schemes work well as a crime prevention and detection tool but are also extremely valuable in terms of enabling Highland communities to share information, allowing agencies to send out relevant crime alerts, and empower local communities to be more resilient.

To receive local ALERTS about crime and other threats in your area, simply click the green JOIN button on the Rural Watch Website - **www.ruralwatchscotland.co.uk**

City Centre Policing Team, Inverness – Work continues with all retailers within Inverness City Centre to standardise security approach and ensure the focus is on crime prevention and target hardening with implementation of a dedicated initiative targeting repeat offenders of shopliftings.

Protecting Vulnerable People

Intention – Protect people at risk of harm.

Objective – With Partners and as corporate parents we will deliver the Highland CHAMPS (Highland Champion Board) strategy; with Partners we will focus on safeguarding communities; with Partners we will address emerging issues through Prevention and Intervention.

Missing persons investigations are a core part of local Policing and it is local officers who undertake all investigations, supported by specialist colleagues where necessary. Further, each Division including, N Division has a dedicated Missing Person Co-ordinator who advises on operational and preventative approaches.

Over the last reporting year, each Area Command has appointed a local Police liaison officer who maintains contact and liaison with the residential units in their respective area. This role has developed and regular contact has built a good relationship with residential unit(s). Where required, this officer also works in conjunction with the Missing Person Co-ordinator who similarly enjoys a good working relationship with residential units.

Highland CHAMPS - The Highland CHAMPS (Children have Amazing Minds, Potential and Stories) are a group based in Clachnaharry, Inverness. Highland CHAMPS welcome any young person from the Highland area who identifies as care-experienced whether they are a care-leaver, looked after at home, fostered, adopted, in residential care or other. Highland CHAMPS provide a safe space for activities, opportunities, socialising and fun. Further information regarding Highland CHAMPS can be found at:- <https://www.highland.gov.uk/highlandchamps>

Police Scotland are an active participant of the Highland Corporate Parenting Board with Chief Superintendent Trickett undertaking the role of Chair.

Serious and Organised Crime

Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.

Objective – With Partners work to safeguard the Highland area by taking all opportunities to prevent crime and make the Highland area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Highland Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.

	5 Year Average	3 Year Average	YTD 2020/2021	YTD 2021/2022	YTD Variation	Detection Rate
Drug (Supply) Offences	179.2	179.0	192	115	-77	160.9%

County Lines - When Organised Crime Groups from major cities such as Birmingham, Derby, Liverpool and London are expanding their drug networks to other areas, bringing with it serious criminal behaviour such as violence, exploitation and abuse. The term County Lines refers to the use of a single telephone number to order drugs, operated from outside the local area. They often set up a base in a rural town for a short time, taking over the home of a vulnerable person by 'cuckooing' and use adults and children to act as drug runners. Preventions and Interventions delivered advisory presentations to Partner agencies including Highland Council (Housing/Social Work) and NHS Highland.

Police Scotland has relaunched an awareness-raising initiative aimed at preventing young people from falling into a life of crime. Working in partnership with the Scottish Government, Police have devised an educational pack for young people that shows the devastating effects of Serious Organised Crime.

N Division has also recently expanded its team of dedicated officers with the sole purpose of targeting County Line offenders, working in partnership with partner agencies and protecting vulnerable persons.

Detective Chief Inspector Mark Czerniakiewicz stated:

“The County Lines method of drug dealing continues to be the main form of Serious Organised Crime affecting the Highland area of N Division.

As a result of additional resources provided to the Serious and Organised Crime Team, we have focused our efforts on gathering intelligence that identifies those dealing harmful drugs in our area and taking enforcement action to disrupt and detect those responsible.

Throughout the reporting period a number of protracted drug supply investigations have taken place with significant quantities of drugs, cash and weapons recovered. We continue to locate vulnerable youths and young adults from English counties in our area and return them to their

home territory where they can be suitably supported in order to reduce their exposure to potentially harmful behaviour.

The main drugs imported into this area for supply by County Lines gangs continue to be the Class A drugs, namely, Heroin and Crack Cocaine.

We have also sought to remove Benzodiazepines from our communities following analytical work that identified the consumption of these drugs as being a contributory factor in a large number of drug related deaths. A number of search warrants have been executed with large quantities of tablets recovered.

Violence related to Serious Organised Crime has been recorded within the Division including attempted murder, abduction, robbery and serious assault. A number of notable detections have been made and reports submitted to the Procurator Fiscal.

Joint working with the Merseyside, South Yorkshire and Metropolitan Police forces has taken place throughout the year with information shared effectively to the benefit of all areas. These are the originating regions for the majority of the County Lines gangs that try and establish themselves in the Highland area”.

Counter Terrorism

Intention – Support the delivery of the CONTEST strategy to reduce the threat posed by terrorism and domestic extremism.

Objective – Strengthen PREVENT work with Partners and institutions; with Partners, support individuals who are vulnerable to terrorism and violent extremism; strengthen PREVENT work in relation to the internet and Social Media; Effective Multi-agency planning in respect of Counter Terrorism is taking place; Develop our ability to response effectively to any terrorist attack (with a specific focus on emerging high-risk threats, and specialist capabilities).

WRAP (Workshop to Raise Awareness of Prevent) - The workshop covers issues such as crime, normal social processes that are used to influence and manipulate, case studies that cut across the spectrum of extremism, terrorist ideologies and factors which may contribute to an individual's susceptibility to a terrorist ideology.

In particular, it seeks to support them to recognise that using their existing expertise and professional judgement, they may be able to recognise potentially vulnerable individuals who may be susceptible to being persuaded by an extremist or terrorist ideology. Workshops delivered to partners across the Highland area.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such, it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience. The following links can provide more information regarding the program:-

Police Constable Lisa Campbell, N Division's Local Counter Terrorism Officer stated:

“N Division continues to have quarterly Prevent, Protect and Prepare meetings with partner agencies to ensure a conjoined approach to any matters that arise. Online webinars on the new Prevent referral process has been held with partner agencies. Radicalisation awareness training continues with education, third sector and other partners. We have Local Contest Liaison Officers (LCLO) to cover the force area who are kept updated by the Counter Terrorism Liaison Officer with regular training and information shared. We continue through our Protect and Prepare sub-group to provide information and assistance to all members to increase resilience and security within their business area. In relation to Pursue we continue to develop and improve understanding amongst partners, the private sector and the public on mechanisms available to promptly share information regarding concerning or suspicious activity that may be linked to Counter Terrorism and/or Domestic Extremism”.

A GUIDE TO KEEPING SAFE TOGETHER IN YOUR COMMUNITY

Together let's stop fraud.

Criminals are experts at impersonating people, organisations and the police. They spend hours researching you for their scams, hoping you'll let your guard down for just a moment.

Stop and think. It could protect you and your money.

STOP

Taking a moment to stop and think before parting with your money or information could keep you safe.

CHALLENGE

Could it be fake? It's ok to reject, refuse or ignore any requests. Only criminals will try to rush or panic you.

PROTECT

Contact your bank immediately if you think you've fallen for a scam and report it to Police Scotland by calling 101.

Together let's stop cold callers.

A cold-caller may contact you about your bank account. They may claim to have noticed some unusual transactions on your account and ask you to transfer money to another account to "keep it safe", to send your bank details, or ask to access your computer remotely. A genuine bank will NEVER ask you to do these things.

Always remember

- Never disclose your PIN or let anyone persuade you to hand over your bank card, financial information or withdraw cash.
- Check their credentials – a genuine person won't mind. You can phone the company they represent or check online, but never use contact details they give you.
- Take the time to think about what they are asking you to do, even if it's genuine.
- Don't be embarrassed to say 'No'.
- Don't feel pressured. Don't agree to transfer over money. Take time to think about it and talk to someone you trust.

Together let's protect your home and belongings.

Crime can make its way to any neighbourhood, however there are some simple steps you can take to secure your home from intruders.

How can I protect my home?

- Ensure your door is always locked.
- Make sure your keys are well out of sight and reach of letterboxes and windows.
- Don't keep house and car keys together.
- Don't put your name or address on your key ring.
- Lock your doors and windows, even when you are in the house.
- Security mark your property with a UV pen.
- Avoid keeping large amounts of cash in the house.
- Don't leave valuables in view of windows.

If you see signs of a break-in at your home, call Police Scotland on 101 or, if you believe the intruder is still there, dial 999.

Together let's protect your bike.

More than 500,000 bikes are stolen in the UK each year because they're poorly secured or not secured at all.

How can I help protect my bike?

Make sure you take a note of all your bike details, including the frame and serial number. This is usually found underneath the bottom bracket.

If your bike is stolen or stripped, you can pass details to Police Scotland to help them find your bike or parts, and help catch those responsible.

You can register your bikes details free online at [bikeregister.com](https://www.bikeregister.com) and also on [immobilise.com](https://www.immobilise.com) along with any other property that bears a serial number.

Together let's fight County Lines

What is County Lines?

County Lines is the police term used for the criminal exploitation of children and young people. Drugs dealers from large cities including London, Manchester and Liverpool expand their operations into smaller towns. They target children and young people to move drugs and money across the country using dedicated mobile phone 'deal lines'.

Gangs will often set up a base in a rural area for a short time, taking over a local vulnerable person's house by force or coercion. This is known as 'cuckooing'.

Why does it matter?

This is having a significant impact on Scotland's towns. Gangs target local vulnerable people and once they are involved, it is difficult to escape. It can lead to sexual exploitation, violence and human trafficking.

How can I report County Lines?

Your information can help get them removed and keep your communities safe. If you have concerns, you can report them to Police Scotland by calling 101 or anonymously to Crimestoppers by calling 0800 555 111 or online at [crimestoppers-uk.org](https://www.crimestoppers-uk.org)

Call your local Police on 101 non-emergency line in an emergency always call 999
