2nd May 2022

Dear Mr Webster

**Change Request – Canna Community Hub
Place Based Investment Programme**

On behalf of Isle of Canna Development Trust, I am writing to request the approval to change the current delivery body for the canna community hub place based investment fund approved grant. At the time of the application submission the delivery group was the Isle of Canna Development Trust, however due to internal resource, VAT considerations and the ownership of the land belonging to the National Trust for Scotland, it has been deemed more suitable for NTS to receive the funding and deliver this project.

Upon completion the building will be managed by Isle of Canna Community Trust on behalf of the community.

If you require more information about this change request, please contact us via Margaret Willington, Administrator, IoCCDT: msfw.theisleofcanna@gmail.com

Sincerely,

Geraldine MacKinnon
Chair
Isle of Canna Development Trust
