4. Background

- 4.1 The Pension Fund recognises the importance of training of Committee and Board members and officers in relation to Pension Fund matters. The Fund's Governance Policy Statement refers to the Fund's current policy with regard to training. Also, the Annual Report and Statement of Accounts for the Fund include a statement setting out governance compliance against the Myners effective decision-making principles.
- 4.2 An essential part of the good governance of the Highland Council Pension Fund is that all those involved in administering the scheme have the required skills and knowledge to fulfil their role. Pensions Committee members have a legal fiduciary duty to the scheme members and employer bodies, which is separate and distinct from their role as elected Councillors.
- 4.3 There are a number of regulatory requirements specific to knowledge and skills which the Highland Council Pension Fund must comply with. These include the CIPFA LGPS Code of Practice Knowledge and Skills (2021), The Pensions Regulator Code of Practice and the Markets in Financial Instruments Directive II (MiFID II). It is also a CIPFA requirement that attendance at training is reported in the Highland Council Pension Fund Annual Accounts.
- 4.4 The CIPFA Code of Practice on Public Sector Pensions Finance Knowledge and Skills, and CIPFA's supporting Framework and guidance documentation was formally adopted by the Pensions Committee in November 2013, with the Framework being updated in June 2021.
- 4.5 The Fund must also comply with the Markets in Financial Instruments Directive II (MiFID II) and in order to be categorised as professional clients under this legislation, must meet both qualitative and quantitative requirements. The qualitative requirements focus on a collective assessment of the expertise, experience and knowledge of the LGPS administering authority in relation to its investment decisions.
- 4.6 Arrangements for the regular training of members and officers are in place, with training delivered through a number of means including: online training on the Pension Regulator website; external seminars and events (in person, via video conference, webinars); training delivered as Committee agenda items; and other briefings and research material. Officer training is planned and monitored through the Council's Employee Review and Development (ERD) framework.

4.7 Following the introduction of the Public Service Pensions Act 2013 the Pensions Regulator has outlined the legal requirements for individual Pension Board members to have the correct level of knowledge and understanding to undertake their role. The training policy with regards to Pension Board members is addressed separately in this document.

5. The CIPFA Code and Framework

5.1 In order to ensure all members and officers involved in Pension Fund decisions are adequately trained, CIPFA has developed a Public Sector Pensions Knowledge and Skills Framework to support the Code. The Code and Framework are seen as supporting the requirements of the Public Sector Pensions Act 2013 and Pension Regulator code.

5.2 The CIPFA Framework supporting the Code of Practice is intended to have two primary uses:

- as a tool for administering authorities to acquire and retain LGPS knowledge and skills, and to determine whether they have the right skill mix to meet their pension scheme management, governance and decision-making needs.
- as an assessment tool for individuals to measure their progress and plan their development.

5.3 The Framework sets out 8 core areas of knowledge and skills for those involved in LGPS pensions finance (both members and officers):

- pensions legislation and guidance
- pensions governance
- funding strategy and actuarial methods
- pensions administration and communications
- pensions financial strategy, management, accounting, reporting and audit standards
- investment strategy, asset allocation pooling, performance and risk management
- financial markets and products
- pension services procurement, contract management and relationship management

5.4 An extract of the competency assessment for members has been included with this report at **Appendix 1** and is further described at **section 9**.

5.5 The CIPFA Framework recognises that all LGPS Funds will differ, and each fund will wish to adapt the framework to suit their own requirements e.g. not all funds will be of a size, or take an investment approach, whereby all activities and knowledge are in-house. The framework acknowledges that some Funds will choose to access certain types of expertise from external sources such as investment managers and investment advisers.

5.6 The key recommendations of the Code and Framework are:

- Formal adoption of the CIPFA Framework as the basis for training and development of members and officers involved in Pension Fund finance matters.
- Disclosure within the Pension Fund Annual Report and Financial Statements how the framework has been applied, what assessment of training needs has been undertaken, and what training has been delivered against the identified training needs.

The Highland Council Pension Fund complies with both of these recommendations.

6. Training Policy

6.1 Training needs will be assessed using the structure of the 8 core knowledge and skills areas set out at **para 5.3**. Training needs assessment and delivery will be based upon a group (Committee and Board) and individual (member/officer) approach.

6.2 It is likely that most aspects of training will be delivered on a group basis, either at Committee and Board or through separate events to which all members will have the opportunity to attend. For this type of training, the training programme and assessment of needs will be based on a consideration of; new developments and legislation, topical/live issues, as well as member feedback and specific requests for training.

6.3 Group Needs and Training

Group training will be delivered through a variety of mediums including:

- provided directly at Pensions Committee and Board or Investment Sub-Committee through reports and presentations.
- specific training sessions/conferences/seminars/visits/webinars, provided by e.g. Council officers, investment managers, investment advisors, national bodies such as CIPFA, NAPF, Scottish LGPS Group etc.
- provision of and reading of relevant material e.g. research, briefing papers, website content, industry magazines, etc.

6.4 Individual Needs and Training

To further support the identification of training needs and recognising some individuals may have specific requirements the CIPFA Framework provides for self-assessment to identify training needs.

- **Appendix 1** provides further details of the 8 core competencies and members are asked to review this to self-assess any personal knowledge and skills requirements they feel they may have.
- A separate framework similar to **Appendix 1** exists for officers, and it will be integrated with the Council's Employee Review and Development (ERD) framework process to identify any specific individual officer training needs.

6.5 Having reviewed these learning assessment tools members may wish to approach the Head of Corporate Finance to discuss any individual queries or training needs they may have identified. It is important that members appreciate that an in-depth understanding of all the core knowledge areas is neither assumed nor necessary. In many cases what the framework expects is only an *understanding* or *awareness* of the area, and knowledge of where more detailed knowledge could be sought e.g. members are not necessarily expected to have in depth knowledge of a matter, but a general awareness of the issue and understanding of where they might source further information if required.

6.6 An annual report on training will be considered by the Pensions Committee and Board in future, to ensure that training needs are regularly assessed, and training arrangements developed.

7. Pension Board

7.1 The Pension Board has been established from 1 April 2015 under the provisions of section 5 of the Public Service Pensions Act 2013 and regulation 106 of the LGPS Regulations 2013.

- 7.2 The regulations require that pension board members must meet certain legal requirements that relate to their knowledge and understanding. Members must:
- have a working knowledge of the scheme rules and of any policy document for the scheme
 - have knowledge and understanding of the law relating to pensions
- 7.3 The Pension Regulator and CIPFA have produced material to assist with training needs assessment and the acquisition of the identified knowledge and skills and are described in the following sections. Pension Board members should take advantage of either or both of these learning resources, if required, to help ensure the attainment of the appropriate level of knowledge and understanding.
- 7.4 An annual report on training will be considered by the Pensions Committee and Board in future, to ensure that training needs are regularly assessed, and training arrangements developed.

8. The Pension Regulator

- 8.1 The Pension Regulator is the UK regulator of work-based pension schemes. The Regulator works with trustees, employers, pension specialists and business advisers, giving guidance on what is expected of them.
- 8.2 The principal aim of the Pension Regulator is to prevent problems from developing. The Regulator uses their powers flexibly, reasonably and appropriately, with the aim of putting things right and keeping schemes, and employers on the right track for the long term.
- 8.3 The Pension Regulator website has information on public service pension schemes <https://www.thepensionsregulator.gov.uk/en/public-service-pension-schemes/understanding-your-role>
- 8.4 The Pension Regulator also provides training resources. On the Pension Regulator website there is a learning assessment tool available which is a useful resource to help Pension Board members identify any training requirements.
- <https://trusteetoolkit.thepensionsregulator.gov.uk/mod/page/view.php?id=337>
- 8.5 The Pension Regulator also provides a free online learning programme called the Public Service toolkit which Pension Board members should complete, unless the equivalent training has already been completed. The Public Service toolkit covers the following area:

<https://education.thepensionsregulator.gov.uk/login/index.php>

- 8.6 These resources are freely available to all members and officers.

A full copy of the code can be accessed on the Pensions Regulator website.

<https://www.thepensionsregulator.gov.uk/en/document-library/codes-of-practice/code-14-public-service-pension-code-of-practice>

 - Acquiring, reviewing and updating knowledge and understanding

- 8.8 As part of the Pension Fund Regulations 2015, the Scottish Public Pensions Agency (SPPA) commissioned a review of the Pension Board arrangements during 2017 and how these were operating. One of the recommendations from this review was, "All Pension Board and Scheme Advisory Board members should be required to undertake the Pensions Regulator on-line training as part of their induction training."

- 9.6 **Appendix 2** provides a copy of the Self-Assessment Matrix from this framework. Pension Board members should complete this to identify any training requirements (paragraph 57 of the Pension Regulator's Code of Practice advises this).
- 9.7 In May 2018, a Guide for Local Pension Boards was published.
