## Introduction by the Area Commander

### Chief Inspector Alasdair MacLeod

I am pleased to present the Badenoch and Strathspey Scrutiny Report for the reporting period 01 April 2022 – 31 December 2022.

The demands placed on the Police have been unique and continue to be challenging. The Police continue to assist and support partners working within communities, whilst at the same time fulfilling traditional Police activity.

The interpretation of statistics continues to be a key part of what we do, identifying potential crime trends and ensuring I have the right officers in the right place to keep our communities safe. We do compare data on previous years, however it may be some years before we can accurately compare year on year data as a result of the COVID pandemic. I am always happy to discuss the data and provide some context around the statistics within the report. The interpretation of statistics from the reporting period and comparisons to the previous year and 3 year average can be difficult and one should be wary of drawing hasty conclusions.

We are now, following the COVID challenges, facing some real cost of living challenges which will impact all of our communities, including those who have not felt such hardship before. My team are continuing to work with partners to protect the vulnerable people within our communities.

We maintain and have increased our strong presence on our roads, enforcing road traffic legislation, improving road safety and investigating road traffic collisions. I share this particular area of concern given the notable increase in the number of fatalities over recent months. There are numerous efforts ongoing to try and reduce the number of accidents in the area and I know you have been briefed regarding the specifics of this.

Throughout this period my team continued to progress the Visitor Management Plan, working with various partners to ensure the Highlands continues to be a safe and enjoyable place to visit.

We have strong partnership relationships, structures and working arrangements for the protection of vulnerable people, which we will continue to develop.

Our work tackling serious organised criminals, especially those engaged in County Lines has continued to be disruptive and also identifies vulnerable young people caught up in this awful practice.

Partnership is also a key feature of our approach to countering terrorism, which continues with public sector, private sector, education and third sector partners and our communities.

You will note from the report a significant decrease in missing person enquiries from last year. This is a result of a number of factors. We are not complacent about this and it is worth highlighting that that area of work still demands a significant amount of Police time.

The implementation of technology through mobile devices, crime and case management systems continue to improve the efficiency and effectiveness of Policing in Badenoch and Strathspey and allow officers more time to actively patrol their communities.

Finally, assaults against officers continue to be at an unacceptable level. An assault against a Police officer is an assault against society and should not be tolerated by any of us.

This report highlights the positive work and the challenges faced by officers in Badenoch and Strathspey and I commend it to you.

## 2022/2023 Drink/Drug Driving Offences -

**Operation CEDAR** - (Challenge, Educate, Detect and Reduce) builds on established practices and will continue to focus on various agencies working in partnership to reduce the number of people killed and seriously injured in the Highland area.

Operation CEDAR involves proactive multi-agency enforcement operations on the roads, which sits alongside education activity aimed at improving driver behaviour of all ages. Partner agencies continue to work together to improve understanding of the factors which could contribute to improving road safety for everyone on the roads and together respond to these issues.

**Driver Engagement North** - A multi-agency initiative makes use of an interactive driving simulator designed to assess and highlight a participant's reactions, hazard awareness and any potential vulnerabilities on the roads. The project, launched in Inverness during October 2019 received funding from Transport Scotland and is led by Police Scotland with support from a number of partners including NHS Highland, Local Authority Community Safety Groups, IAM Roadsmart, Age Concern and RoSPA.

## OFFICIAL

The simulator has been specially designed to assess and demonstrate a driver's reactions and abilities in a safe environment under the supervision of specialists who will be able to offer advice and support.

While this initiative is aimed at older drivers, advice will be offered to family members and/or friends who are concerned regarding an individual's fitness to drive.

Any interested parties looking for more information can contact:  
[highlandandislandsdriverengagement@scotland.pnn.police.uk](mailto:highlandandislandsdriverengagement@scotland.pnn.police.uk)

**Operation Close Pass** – Close Pass is cycle safety initiative which aims to highlight how much room motorists should allow when passing cyclists who are considered to be vulnerable road users. This educational initiative is aimed at changing driver behaviour through engagement and interaction.

**Visitor Management** - There are Road Policing plans in place for motorcyclists/vulnerable road users and Visitor Management for the year ahead. Analytical work has been carried out to ensure Police Scotland are targeting the right areas and road users at the right time.

Police Scotland are committed to reducing road casualties across the Highland area and patrols will be conducted on priority routes on a daily basis and undertaking specific weekends of action utilising car and motorcycle patrols with the aim of influencing driver and road user behaviour, detect and deter criminality on our roads and reassure communities. We will continue to promote our activity through media channels and encourage anyone with road safety concerns to contact Police Scotland.

Inspector Craig Johnstone, Area Inspector (Badenoch, Strathspey and Nairn) stated:

***“Unfortunately during this period there have been a number of extremely tragic road accidents resulting in a number of fatalities on the A9 and surrounding roads. This has deeply affected many of our local communities and had a significant impact on Policing in the area. The number of fatalities during this period is unprecedented in recent times and we are striving to commit as many resources and assets and link in with partner agencies as much as possible to try and prevent further such collisions occurring. The causation factors for these accidents are wide ranging, often unpredictable, complex and extremely challenging to counter against. By working with partners and concentrating our efforts further I would like to reassure everyone that we are fully committed to tackling this and doing our utmost to try and prevent further loss of life.”***

## Anti-Social Behaviour, Disorder and Violence (including Alcohol and Drug misuse)

**Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across the Highland Area.**

**Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.**

**Harm Prevention Officer** – An 18 month pilot Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP) and has recently been extended to April 2023 and is anticipated to be continued beyond then.

**Stop and Search -**

Positive Stop Search - A positive stop and search is when an item is recovered where possession of same implies criminality on the part of the individual being searched or any other; or potentially compromises the safety of that individual or another.

**No Knives, Better Lives** - No Knives, Better Lives (NKBL) is a national capacity-building programme that supports primary prevention work related to knife carrying in Scotland. In 2009, the NKBL National Delivery Team at YouthLink Scotland and the Scottish Government began supporting partners in 11 selected Local Authority areas to implement NKBL. The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. The focus is not just on what it is we do not want young people to do and how to stop them doing it, but also what we want young people to be able to do, how we support them to understand and navigate risk and to make positive life choices.

Police Scotland’s Prevention and Interventions Officers supported this initiative in the Highland area. This is further complemented by the Joint Education and Police Knives in School Protocol which has been progressed.

Further inputs have been undertaken by Prevention and Interventions Officers supported by Special Police Constables.

Inspector Craig Johnstone, Area Inspector (Badenoch, Strathspey and Nairn) stated:

***“I am pleased to report a continuing trend in the reduction in the reports of Anti Social Behaviour regarding “boy racers” in Grantown. We are continuing with our commitment to dealing with this issue and continue to resource regular patrols at peak times to deal with this”***

# Acquisitive Crime

**Intention – With Partners and Communities, prevent instances of acquisitive crime across the Highland area.**

**Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.**

	5 Year Average	3 Year Average	YTD 2021/2022	YTD 2022/2023	YTD Variation	Detection Rate
Housebreaking (Dwelling House)	3.6	4.7	1	5	4	20.0%
Fraud	12.0	14.7	20	26	6	3.8%
Theft by Shoplifting	14.2	12.3	20	11	-9	27.3%
Motor Vehicle Crime	8.2	6.7	4	15	11	26.7%

Fraud – The increase in Fraud related crimes last year and continuing to this year has not only been experienced by members of the public residing within the Badenoch and Strathspey area, but across the wider N Division area, Scotland and the United Kingdom.

## **Fraud** –

### **Banking Protocol**

Following a number of incidents across the N Division area in respect of Frauds and Banking Protocol, work has been ongoing with various Banks within N Division with a view to setting up learning sessions between staff members to talk through Banking Protocol. This has allowed for a better understanding of the Police response, management of vulnerabilities and referrals/support available to victims.

This has and will continue to allow Bank staff to be aware as to the point in they feel that they can/should intervene.

**Rural Watch** - The Highland area is renowned for great natural beauty and the rural communities are safe places in which to live, work and visit. However, the nature of the environment and way of life means there are some crime prevention tips particularly relevant to rural life. Watch Schemes work well as a crime prevention and detection tool but are also extremely valuable in terms of enabling Highland communities to share information, allowing agencies to send out relevant crime alerts, and empower local communities to be more resilient.

To receive local ALERTS about crime and other threats in your area, simply click the green JOIN button on the Rural Watch Website - [www.ruralwatchscotland.co.uk](http://www.ruralwatchscotland.co.uk)

**OFFICIAL**

Inspector Craig Johnstone, Area Inspector (Badenoch, Strathspey and Nairn) stated:

***“Like the rest of Scotland we are continuing to see an upward trend in the number of Frauds being reported. Over recent months the number of instances reported appears to be plateauing. Of particular concern is the number of ‘Sextortion’ cases being reported. This occurs when attempts are being made to extort money from victims who have shared explicit images of themselves, with strangers, who they often believe are females trying to engage in online sexual activity with them. These instances are particularly concerning because of the desperate situation victims often find themselves within. The Police spend considerable time putting safety planning measures in place for these victims to help ensure their wellbeing. This is part of a national trend of such incidents.”***

# Protecting Vulnerable People

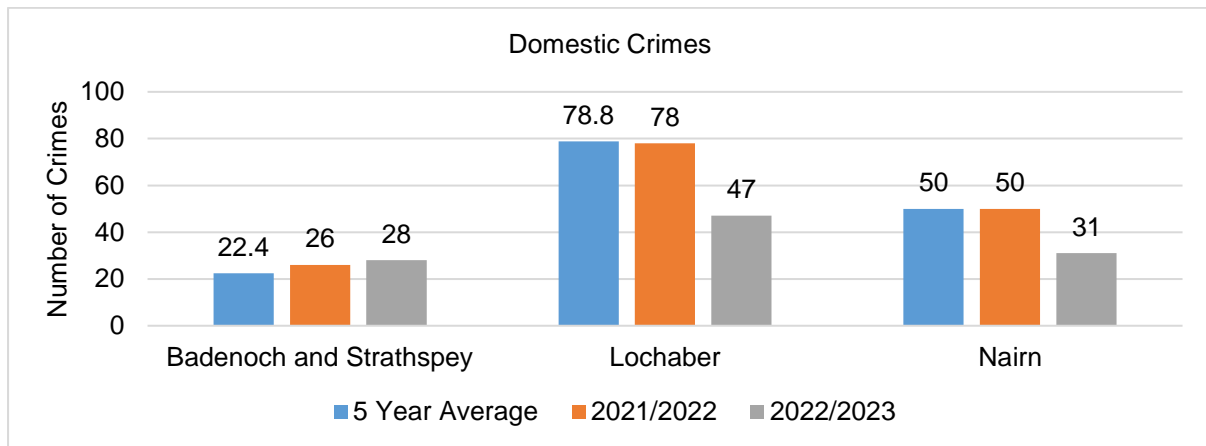

**Intention – Protect people at risk of harm.**

**Objective – With Partners and as corporate parents we will deliver the Highland CHAMPS (Highland Champion Board) strategy; with Partners we will focus on safeguarding communities; with Partners we will address emerging issues through Prevention and Intervention.**

**Missing Persons –**

Police Scotland takes every report of a missing person seriously and investigates appropriately with access to local, regional and national specialist resources. Missing persons investigations are a core part of local Policing and it is local officers who undertake all investigations, supported by specialist colleagues where necessary. Further, each Division including, N Division has a dedicated Missing Person Co-ordinator who advises on operational and preventative approaches.

Missing Person Category	2021/2022	2022/2023	Variation

<b>Total</b>	<b>103</b>	<b>76</b>	<b>-27</b>

Over the last reporting year, each Area Command has appointed a local Police liaison officer who maintains contact and liaison with the residential units in their respective area. This role has developed and regular contact has built a good relationship with residential unit(s). Where required, this officer also works in conjunction with the Missing Person Co-ordinator who similarly enjoys a good working relationship with residential units.

**Highland CHAMPS** - The Highland CHAMPS (Children have Amazing Minds, Potential and Stories) are a group based in Clachnaharry, Inverness. Highland CHAMPS welcome any young person from the Highland area who identifies as care-experienced whether they are a care-leaver, looked after at home, fostered, adopted, in residential care or other. Highland CHAMPS provide a safe space for activities, opportunities, socialising and fun. Further information regarding Highland CHAMPS can be found at:- <https://www.highland.gov.uk/highlandchamps>

## Serious and Organised Crime

**Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.**

**Objective – With Partners work to safeguard the Highland area by taking all opportunities to prevent crime and make the Highland area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Highland Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.**

	5 Year Average	3 Year Average	YTD 2021/2022	YTD 2022/2023	YTD Variation	Detection Rate
Drug (Supply) Offences	6.4	8.3	0	3	3	100.0%

**County Lines** - When Organised Crime Groups from major cities such as Birmingham, Derby, Liverpool and London are expanding their drug networks to other areas, bringing with it serious criminal behaviour such as violence, exploitation and abuse. The term County Lines refers to the use of a single telephone number to order drugs, operated from outside the local area. They often set up a base in a rural town for a short time, taking over the home of a vulnerable person by 'cuckooing' and use adults and children to act as drug runners. Preventions and Interventions delivered advisory presentations to Partner agencies including Highland Council (Housing/Social Work) and NHS Highland.

Police Scotland has relaunched an awareness-raising initiative aimed at preventing young people from falling into a life of crime. Working in partnership with the Scottish Government, Police have devised an educational pack for young people that shows the devastating effects of Serious Organised Crime.

N Division has also recently expanded its team of dedicated officers with the sole purpose of targeting County Line offenders, working in partnership with partner agencies and protecting vulnerable persons.

**Harm Prevention Officer** – An 18 month pilot Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP).

# Counter Terrorism

**Intention – Support the delivery of the CONTEST strategy to reduce the threat posed by terrorism and domestic extremism.**

**Objective – Strengthen PREVENT work with Partners and institutions; with Partners, support individuals who are vulnerable to terrorism and violent extremism; strengthen PREVENT work in relation to the internet and Social Media; Effective Multi-agency planning in respect of Counter Terrorism is taking place; Develop our ability to respond effectively to any terrorist attack (with a specific focus on emerging high-risk threats, and specialist capabilities).**

WRAP (Workshop to Raise Awareness of Prevent) - The workshop covers issues such as crime, normal social processes that are used to influence and manipulate, case studies that cut across the spectrum of extremism, terrorist ideologies and factors which may contribute to an individual's susceptibility to a terrorist ideology.

In particular, it seeks to support participants to recognise that using their existing expertise and professional judgement, they may be able to recognise potentially vulnerable individuals who may be susceptible to being persuaded by an extremist or terrorist ideology. Workshops delivered to partners across the Highland area.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience.
