# Introduction by the Area Commander

## Chief Inspector Stuart Fitzpatrick

I present to you the Dingwall and Seaforth Area Committee Scrutiny Report covering the reporting period 1 April 2022 until the 31 March 2023.

The interpretation of statistics continues to be a key part of what we do, identifying potential crime trends and ensuring I have the right officers in the right place to keep our communities safe. We do compare data on previous years, however it may be some years before we can accurately compare year on year data as a result of the COVID pandemic. I am always happy to discuss the data and provide some context around the statistics provided within the report.

We are now, following the COVID challenges, facing some real cost of living challenges which will impact all of our communities, including those who have not felt such hardship before. My team are continuing to work with Partners to protect the vulnerable people within our communities.

We maintain our presence on our Highland roads, enforcing road traffic legislation, improving road safety and investigating road traffic collisions. I know this has been a particular area of concern, especially with the notable increase in visitors to the Highlands. My team continue to engage with the Visitor Management Plan, working with various partners to ensure the Highlands continues to be a safe and enjoyable place to visit.

There is an anticipated increase in assaults with the removal of social distancing and all previous COVID restrictions lifted, with our licenced premises and annual events now fully returned. I am pleased to see a reduction in Serious Assault offences and that there has only been a slight increase in Anti-Social Behaviour related incidents.

Acquisitive crime in the area remains low. Fraud continues to increase with individuals falling victim to various methods of fraud. We have attempted to increase publicity around these and worked with financial institutions to reinforce messages around keeping money safe.

You will note from the report a slight reduction in missing person enquiries from last year. A large proportion of these missing persons enquiries relate to looked after children failing to return home when required to.

Missing person enquiries place significant demands on our resource.

Incidents of hate crime remain low with a slight increase on the previous year. We continue to support victims of crime to engage with us and feel confident in reporting crimes to us.

Our work tackling Serious and Organised Crime continues, we continue to disrupt these individuals and working effectively with Partners is key. We use these relationships to identify individuals that are vulnerable to exploitation, making early interventions and making the Highlands inhospitable to Serious and Organised Crime Groups.

Finally the implementation of technology within Police Scotland I hope will continue, however with the recent budget announcement of cuts to the Police Service these may not progress as promptly as we would prefer. These budget cuts continue to impact negatively on our Policing footprint across the board.

Operation CEDAR involves proactive multi-agency enforcement operations on the roads, which sits alongside education activity aimed at improving driver behaviour of all ages. Partner agencies continue to work together to improve understanding of the factors which could contribute to improving road safety for everyone on the roads and together respond to these issues.

## Anti-Social Behaviour, Disorder and Violence (including Alcohol and Drug misuse)

**Intention – With Partners, better understand the causes to prevent and reduce instances of Anti-Social Behaviour, Disorder and Violence to enhance community safety across the Highland Area.**

**Objective – Work with Partners to share information, support Education, Prevention, Diversionary and Enforcement Measures linked to harmful alcohol consumption; maintain robust procedures around licensed premises; support victims of violent crime by working with partners to improve service provision and prevent repeat victimisation.**

**Harm Prevention Officer** – A Harm Prevention Officer (HPO) role was introduced within the N Division area in November 2020. This role is filled by a Police Constable who undertakes daily liaison between internal/external stakeholders with a view to reducing the risk posed to certain members of the public through alcohol and controlled substance misuse.

The HPO works with other partners to target Cuckooing which is a crime whereby crime groups take over the home of a vulnerable person in order to use it as a base for County Lines offences. The HPO works within the nationally recognised Serious and Organised Crime Strategy (Divert, Deter, Disrupt, Detect) targeting the Divert and Deter strands.

The HPO is fully funded by NHS Highland via the Highland Alcohol and Drug Partnership (HADP).

**No Knives, Better Lives** - No Knives, Better Lives (NKBL) is a national capacity-building programme that supports primary prevention work related to knife carrying in Scotland. In 2009, the NKBL National Delivery Team at YouthLink Scotland and the Scottish Government began supporting partners in 11 selected Local Authority areas to implement NKBL. The approach to prevention is informed by the principles and values of youth work and a public health approach to violence prevention. The focus is not just on what it is we do not want young people to do and how to stop them doing it, but also what we want young people to be able to do, how we support them to understand and navigate risk and to make positive life choices.

Police Scotland's Prevention and Intervention Officers supported this initiative in the Highland area. This is further complemented by the Joint Education and Police Knives in School Protocol which has been progressed.

# Acquisitive Crime

**Intention – With Partners and Communities, prevent instances of acquisitive crime across the Highland area.**

**Objective – With Partners, share information, support education, prevention, diversionary and enforcement activity linked to acquisitive crime; develop work with targets – recidivist offenders to reduce reoffending linked to acquisitive crime e.g. Persistent Offenders programme; enhance the use of all media platforms to raise awareness of local and national preventative initiatives.**

Fraud – The increase in Fraud related crimes last year and continuing to this year has not only been experienced by members of the public residing within the Dingwall and Seaforth area, but across the wider N Division area, Scotland and the United Kingdom.

## **Fraud –**

### **Banking Protocol**

Following a number of incidents across the N Division area in respect of Frauds and Banking Protocol, work has been ongoing with various Banks within N Division with a view to setting up learning sessions between staff members to talk through Banking Protocol. This has allowed for a better understanding of the Police response, management of vulnerabilities and referrals/support available to victims.

This has and will continue to allow Bank staff to be aware as to the point in they feel that they can/should intervene.

### **Parcel Scam Fraud**

General awareness messaging around parcel/delivery company scams has been circulated electronically to all housing providers across the N Division area and to the University of the Highlands and Islands for sharing with their staff, clients and students.

**Rural Watch** - The Highland area is renowned for great natural beauty and the rural communities are safe places in which to live, work and visit. However, the nature of the environment and way of life means there are some crime prevention tips particularly relevant to rural life. Watch Schemes work well as a crime prevention and detection tool but are also extremely valuable in terms of enabling Highland communities to share information, allowing agencies to send out relevant crime alerts, and empower local communities to be more resilient.

**Hate Crime –**

Police Scotland underwent a national inspection by Her Majesty's Inspectorate of Constabulary in Scotland (HMICS) in relation to Hate Crime with N Division (Highland and Islands) being identified as one of three focussed Divisions.

**Missing Persons –**

Police Scotland takes every report of a missing person seriously and investigates appropriately with access to local, regional and national specialist resources. Missing persons investigations are a core part of local Policing and it is local officers who undertake all investigations, supported by specialist colleagues where necessary. Further, each Division including, N Division has a dedicated Missing Person Co-ordinator who advises on operational and preventative approaches.

Missing Person Category	2021/2022	2022/2023	Variation
Adult	62	82	20

Looked After Child	159	131	-28
Child	52	53	1
Absconder/Wanted	2	3	1
Total	283	275	-8

Each Area Command has appointed a local Police liaison officer who maintains contact and liaison with the residential units in their respective area. This role has developed and regular contact has built a good relationship with residential unit(s). Where required, this officer also works in conjunction with the Missing Person Co-ordinator who similarly enjoys a good working relationship with residential units.

**Highland CHAMPS** - The Highland CHAMPS (Children have Amazing Minds, Potential and Stories) are a group based in Clachnaharry, Inverness. Highland CHAMPS welcome any young person from the Highland area who identifies as care-experienced whether they are a care-leaver, looked after at home, fostered, adopted, in residential care or other. Highland CHAMPS provide a safe space for activities, opportunities, socialising and fun. Further information regarding Highland CHAMPS can be found at:- <https://www.highland.gov.uk/highlandchamps>

# Serious and Organised Crime

**Intention – With Partners, reduce the threat, risk and harm caused by Serious Organised Crime.**

**Objective – With Partners work to safeguard the Highland area by taking all opportunities to prevent crime and make the Highland area a hostile environment for Serious & Organised Crime Groups; to improve outcomes for individuals and communities and reduce offending through prevention, early intervention and diversion; in support of our Partners in the Local Authority and NHS via the Highland Alcohol and Drug Partnership Strategy we will direct those who are substance dependant towards recovery through prevention, treatment and support services; with Partners work to reduce the instances of substance misuse in our communities.**

Drug (Supply) Offences	11.0	10.3	11	8	-3	75.0%

**County Lines** - When Organised Crime Groups from major cities such as Birmingham, Derby, Liverpool and London are expanding their drug networks to other areas, bringing with it serious criminal behaviour such as violence, exploitation and abuse. The term County Lines refers to the use of a single telephone number to order drugs, operated from outside the local area. They often set up a base in a rural town for a short time, taking over the home of a vulnerable person by 'cuckooing' and use adults and children to act as drug runners. Preventions and Interventions delivered advisory presentations to Partner agencies including Highland Council (Housing/Social Work) and NHS Highland.

Police Scotland has relaunched an awareness-raising initiative aimed at preventing young people from falling into a life of crime. Working in partnership with the Scottish Government, Police have devised an educational pack for young people that shows the devastating effects of Serious Organised Crime.

N Division has also recently expanded its team of dedicated officers with the sole purpose of targeting County Line offenders, working in partnership with partner agencies and protecting vulnerable persons.

# Counter Terrorism

**Intention – Support the delivery of the CONTEST strategy to reduce the threat posed by terrorism and domestic extremism.**

**Objective – Strengthen PREVENT work with Partners and institutions; with Partners, support individuals who are vulnerable to terrorism and violent extremism; strengthen PREVENT work in relation to the internet and Social Media; Effective Multi-agency planning in respect of Counter Terrorism is taking place; Develop our ability to respond effectively to any terrorist attack (with a specific focus on emerging high-risk threats, and specialist capabilities).**

WRAP (Workshop to Raise Awareness of Prevent) - The workshop covers issues such as crime, normal social processes that are used to influence and manipulate, case studies that cut across the spectrum of extremism, terrorist ideologies and factors which may contribute to an individual's susceptibility to a terrorist ideology.

In particular, it seeks to support participants to recognise that using their existing expertise and professional judgement, they may be able to recognise potentially vulnerable individuals who may be susceptible to being persuaded by an extremist or terrorist ideology. Workshops delivered to partners across the Highland area.

ACT Early is a program delivered to schools across the Highland area. The ACT Early session is a vehicle for debate around the sensitive issue of violent extremism within communities. As such it is an enabler for community participants to air grievances, debate matters of interest to them and work through a group problem solving experience.
