INTRODUCTION

The purpose of this document is to provide an overview of the functions of the Highland & Western Isles Valuation Joint Board and to describe aspects of its governance and management. The Board is required to prepare a Code of Corporate Governance annually which is based on guidance from CIPFA and SOLACE on delivering good governance.

The department functions under the terms of the Rating, Valuation and Local Government Acts and Regulations in respect of Rating and Council Tax activities. These are generally referred to as 'The Valuation Acts' and lie within the legislative remit of the Scottish Parliament. In the field of Electoral Registration, the department operates in terms of The Representation of the People Acts and Regulations which are principally, but not exclusively, within the remit of the UK Parliament.

In 2001, CIPFA in conjunction with SOLACE and with support from key organisations in local government, responded to the need to draw together the principles identified by Cadbury and Nolan into a single framework of good governance for use in local government and published *Corporate Governance in Local Government – A Keystone for Community Governance: Framework*. In spring 2016 CIPFA and SOLACE published a revised Guidance Note for Scottish Authorities – *Delivering Good Governance in Local Government: Framework*.

The Framework and Guidance are based on 7 principles:

1. Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of the law
2. Ensuring openness and comprehensive stakeholder engagement
3. Defining outcomes in terms of sustainable economic, social and environmental benefits
4. Determining the interventions necessary to optimise the achievement of the intended outcomes
5. Developing the entity's capacity, including the capability of its leadership and the individuals within it
6. Managing risks and performance through robust internal control and strong public financial management
7. Implementing good practices in transparency, reporting and audit to deliver effective accountability

It is necessary in the case of a Valuation Joint Board to contextualise these various approaches given that the functions of the Assessor and Electoral Registration Officer (ERO) are wholly statutory in character and do not involve the wide-ranging duties, discretions and community planning and partnership options that are a part of the wide-ranging business of a local authority.

The activities of valuing property and registering electors are statutory duties placed directly on the Assessor and ERO by the Scottish Parliament, the UK Parliament and the constituent authorities. Implementation of those duties requires to be apolitical in character, subject always to the right of parliaments to vary the regime from time to

time. The statutory determinations of the Assessor and ERO are subject to appeal to tribunals and courts rather than to the Board. The oversight role of the Board is therefore primarily administrative in character and importantly covers the issue of staffing, finance and other resources.

The Board has 10 elected members, 8 appointed by The Highland Council and 2 appointed by Comhairle nan Eilean Siar.

Risk analysis has in recent years become an important element of planning and oversight. It is concerned with identifying and defining the various strategic risks which bear on the achievement of the organisation's objectives and coming to a view as to the basis on which they are to be accepted, reduced or avoided.

THE DEPARTMENT'S AIMS

All three business functions of the department are channelled through the office of a statutory official. In broad terms then the aim of the department is to:

“discharge fully the Office of the Assessor and ERO in a manner that is exemplary”

THE DEPARTMENT'S OBJECTIVES

Naturally this broad statement of purpose requires to be elaborated upon to give some sense of what it means to discharge the Office for which the department is responsible:

- To carry out the duties stated and implied in the Valuation Acts and the Representation of the People Acts. These are largely concerned with the compilation and maintenance of the Valuation Roll, the Council Tax List and the Register of Electors
- To exceed the reasonable expectations of stakeholders
- To provide a cost-effective service
- To seek always to improve performance

CODE OF CORPORATE GOVERNANCE 2022/23

On 23 September 2022 the Board approved the Code of Corporate Governance for 2022/23 which was based on the seven principles.

Progress in delivering these actions is monitored by the Assessor & ERO and the Depute ERO / Business Manager. The majority of actions have been completed and where appropriate, some actions have been carried forward to the 2023/24 Code.

CODE OF CORPORATE GOVERNANCE 2023/24

The proposed Code for 2023/24 is detailed at Appendix 1.

APPENDIX 1

2023/24
