Report Title: Major Development Update

Report By: Area Planning Manager – North

Purpose/Executive Summary

This report provides an update on progress of all cases within the 'Major' and 'National' development categories currently with the Planning and Development Service for determination. The report also details progress on proposals submitted under S36 or S37 of the Electricity Act 1989 on which the Council is consulted.

Recommendation

Members are asked to note the current position of these applications.

1. Update on Progress
