#### **5.0 Legislation**

- 5.1 The Licensing Board must in considering and determining the application, consider whether any grounds of refusal apply and if none of them applies, the Board must grant the application.

Relevant grounds of refusal may be: -

1. the grant of the application will be inconsistent with one or more of the licensing objectives;
2. having regard to (i) the nature of the activities carried on or proposed to be carried on in the subject premises, (ii) the location, character and condition of the premises, and (iii) the persons likely to frequent the premises, the Board considers the premises are unsuitable for use for the sale of alcohol in accordance with the proposed variation;
3. that the Board considers that, if the application were to be granted, there would, as a result, be overprovision of licensed premises, or licensed premises of the same or similar description as the subject premises, in the locality.

5.2 For the purposes of the Act, the licensing objectives are-

- (a) preventing crime and disorder,
- (b) securing public safety,
- (c) preventing public nuisance,
- (d) protecting and improving public health, and
- (e) protecting children and young persons from harm.

5.3 The Board only has power either to grant the application and make a variation of the conditions to which the licence is subject or to refuse the application.

5.4 If the Board refuses the application, the Board must specify the ground for refusal and if the ground for refusal relates to a licensing objective, the Board must specify the objective in question.
