

The Highland Council

Agenda Item	6
Report No	SR/2/25

Committee: Isle of Skye and Raasay

Date: 17 February 2025

Report Title: Area Roads Capital Programme 2025/26

Report By: Assistant Chief Executive - Place

1 Purpose/Executive Summary

1.1 This report details the proposed 2025/26 Area Roads Capital Programme for the Isle of Skye and Raasay Area.

2 Recommendations

2.1 Members are asked to **approve** the proposed 2025/26 Area Roads Capital Programme for the Isle of Skye and Raasay Area.

3 Implications

3.1 **Resource** - All work will be managed within budget allocations with the Council delivering its legal responsibilities.

3.2 **Legal** - The combined programme for Structural Resurfacing and Structural Integrity Improvements enables the Council to meet its duty under the Roads (Scotland) Act 1984 within the Local Committee area.

3.3 **Risk** - The level of investment across Highland falls short of the budget requirements to maintain a steady state condition of the road network. Deterioration of the overall network will occur with a corresponding risk to the travelling public. An increase in damage claims can also be expected, as the road defects develop.

3.4 **Health and Safety (risks arising from changes to plant, equipment, process, or people)** - All operations are risk assessed, and a method statement is produced prior to works commencing. In addition, a Dynamic Risk Assessment is undertaken on site immediately before work starts to include for events that may occur on the day. Additional safety measures are included to mitigate site specific risks. Prior to works starting all operatives attend a Tool Box Talk to ensure that everyone understands their responsibilities to deliver the works safely and to a satisfactory standard.

3.5 **Gaelic** - This report has no impact on Gaelic considerations

4 Impacts

4.1 In Highland, all policies, strategies or service changes are subject to an integrated screening for impact for Equalities, Poverty and Human Rights, Children’s Rights and Wellbeing, Climate Change, Islands and Mainland Rural Communities, and Data Protection. Where identified as required, a full impact assessment will be undertaken.

4.2 Considering impacts is a core part of the decision-making process and needs to inform the decision-making process. When taking any decision, Members must give due regard to the findings of any assessment.

4.3 Integrated Impact Assessment - Summary

4.3.1 An Integrated Impact Assessment screening was undertaken on 30 January 2025. The conclusions have been subject to the relevant Manager Review and Approval.

4.3.2 The Screening process has concluded that there are no negative impacts arising from the Roads Capital Programme for 2025/26. The improved roads will result in improved transport links for residents, visitors and businesses which is a positive impact. Members are asked to consider the summary in **Appendix 1** to support the decision-making process.

4.3.3

Impact Assessment Area	Conclusion of Screening/Full Assessment
Equality	<ul style="list-style-type: none">• Children and Young People – <i>no impact</i>• Children affected by disability – <i>no impact</i>• Older adults –<i>no impact</i>
Socio-economic	<i>No impact</i>
Human Rights	<i>No impact</i>
Children’s Rights and Well-being	<i>No impact</i>
Island and Mainland Rural	<i>Positive impact</i>
Climate Change	<i>No impact</i>
Data Rights	<i>No impact</i>

5 Background

5.1 This report outlines the proposed area roads capital programme for the Isle of Skye area 2025/26 Capital programme in accordance with the approved capital budget.

5.2 Works will be delivered by both internal and external contractors. However, wherever possible works will be delivered internally due to lack of availability and additional cost of external contractors. The increased flexibility/reactive capabilities on delivery and the end figure - per square meter laying costs - are significantly improved by delivering the majority of the programme in-house on Skye and Raasay.

5.4 It is recognised that individual schemes on the programme may be a combination of works in addition to the surfacing.

- 5.5 Surfacing works take time to plan and deliver and it is vital that the programme of works is approved as early as possible. Any delay in approval will impact on the construction programme, which is influenced by the availability of resources, coordination with utility companies and also by the prevailing weather conditions.
- 5.6 Notwithstanding the works proposed in this report, it is recognised that variation can be expected due to rapid deterioration of the road network after the creation of this programme. These variations will be discussed and agreed with members at ward business meetings to maintain a dynamic programme.

6 Budget Allocation

- 6.1 The Highland Council Budget was set on 14 March 2024, where Members agreed the Roads Capital Budget Allocation for 2025/26 as part of a 3-year investment into Roads. Item 6.10 of [Place Based Approaches to Strategic Capital Planning and Asset Management](#) sets out the total investment into Road Capital over the 3 years.

For 2025/26 a total investment of £21.15m has been agreed.

The £21.15m is to be distributed in the same way as last year with a strategic allocation and a base capital allocation. The base capital allocations are to be distributed as per the distribution current formula for the operational Areas.

- 6.2 The local allocation for 2024/25 for the Skye and Raasay area is set at a similar level as last year:-
- Structural Overlay/Inlay – £521,223.
 - Surface Dressing - £340,565.
 - Structures - £50,000.
 - Strategic Allocation - £2,089,850.

This gives a total capital budget of £3,001,638.

7 Road Structural Maintenance Programme

- 7.1 Schemes are selected for the capital programme as follows:-
- approved 2024/25 capital schemes that remain to be completed; and
 - prioritised ranking of the road network
- 7.2 The following information was used to prepare the prioritised ranking:-
- Scottish Road Maintenance Condition Survey (SRMCS) data;
 - safety inspections;
 - service inspections; and
 - input and feedback from Ward Members

The Scottish Road Maintenance Condition Survey (SRMCS) records data which is processed to show rutting, profile, cracking and surface texture. Surface texture is principally used in the preparation of surface dressing programmes. Rutting and profile data is used for surfacing programmes, while cracking data is used in both surface dressing and surfacing programmes. All roads selected for resurfacing have been prioritised based on the criteria above.

7.3 All roads are inspected either monthly, quarterly or annually for safety hazards depending on their priority. Roads are also inspected in the course of preparing the works programmes. These inspections, together with specific concerns raised through Members and Community Councils, are also considered for inclusion in the works programmes.

7.4 Capital Works programme for 2025/26 including Surface Dressing and Structural Overlay is listed in **Appendix 2**.

There may be changes made to the content and delivery of this programme based on further deterioration of the road network, these changes will be discussed at Roads Meetings and Ward Business Meetings.

7.5 The Master Document for proposed works is listed in **Appendix 3**.

Schemes listed are works planned for this and future Capital year spends.

Designation: Assistant Chief Executive - Place

Date: 20 January 2025

Author: Mackenzie Sutherland, Roads Operations Manager
(Isle of Skye and Raasay)

Appendix 1 Integrated Impact Assessment

Appendix 1.1 About the Proposal

Issue	Sub - Issue	Response	Full Impact Assessment Required?	Comment
What does this proposal relate to?		Skye and Raasay - Capital roads programme 25/26	n/a	
Proposal Name		25/26 Roads Capital Programme for Skye and Raasay	n/a	
High level summary of the proposal		The 2526 roads capital programme identifies sections of road to be overlaid, inlaid or surface dressed across Skye and Raasay	n/a	
Who may be affected by the proposal?		Public using adopted roads	n/a	
Start date of proposal (where known)		1 st April 2025	n/a	
End date of proposal (where known)		31 March 2026	n/a	
Does this proposal result in a change or impact to one or more Council service?		Yes	n/a	
Which Council services will be impacted by this proposal?		Place	n/a	
Does this relate to an existing proposal?		No	n/a	

Appendix 1.2 Confidentiality

Issue	Sub Issue	Response	Full Impact Assessment Required	Comment
What level of confidentiality is required?		Standard	n/a	

Appendix 1.3 Equalities, poverty and human rights

Issue	Sub Issue	Response	Full Impact Assessment Required	Comment
Equalities	Sex	No impact	No	Road improvements consist of surfacing existing roads to improve transport links and not constructing new roads that may impact on residents
	Age	No impact		
	Disability	No impact		
	Religion or Belief	No impact		
	Race	No impact		
	Sexual orientation	No impact		
	Gender reassignment	No impact		
	Pregnancy and maternity	No impact		
Poverty and socio-economic	Marriage and civil partnership	No impact		
	Prospects and opportunities – the potential impact on people’s life chances	No impact		
	Places – the potential to impact on specific vulnerable areas or communities	No impact		
Human rights	Financial impact – the potential impact on household resources	No impact		
	Details of Articles covered by the Human Rights Act 1998 can be found here - https://www.equalityhumanrights.com/human-rights/human-rights-act	No impact		

Appendix 1.4 Children's Rights (see UNCRC - UN Convention on the Rights of the Child)

Issue	Sub Issue	Response	Full Impact Assessment Required	Comment
Providing an opportunity for children to express their views in any matter affecting them, and to have their views considered and taken seriously (Article 12)		No impact	No	
Children with disabilities can live a full life with dignity and, as far as possible, independence and to play an active part in the community (Article 23)		No impact		
Children have a standard of living that is good enough to meet their physical and social needs and support their development (Article 27)		No impact		
Children have a right to education (Article 28)		No impact		
Education that develops their personality, talents and abilities to the full (Article 29)		No impact		
Children have the right to relax, play and take part in a wide range of cultural and artistic activities (Article 31)		No impact		

Appendix 1.5 Data Protection

Issue	Sub Issue	Response	Full Impact Assessment Required	Comment
Will your proposal involve processing personal data?		No	No	
What change will there be to the way personal data is processed?		No personal data will be processed		

Appendix 1.6 Island and Mainland Rural Communities

Issue	Sub Issue	Response	Full Impact Assessment Required	Comment
Does your proposal impact island and mainland rural communities?		Yes	No	The capital programme will result in improved transport links for rural communities.
Could people in island and mainland rural communities be affected differently? Impact could differ within island communities, mainland rural communities as well as between islands. Consider travel time, higher costs, energy costs, internet access, sustainability of service and individuals (seasonal, part-time or self-employed)		No		
Have any negative impacts been identified?		No		

Appendix 1.7 Climate Change

Issue	Sub Issue	Response	Full Impact Assessment Required	Comment
Does the proposal involve activities that could impact on greenhouse gas emissions (CO2e)? Related to transport and travel, energy use, land use, procurement or disposal of resources		Yes	No	Work will be undertaken to standards, guidelines and best practice using trained operatives and serviced and maintained plant to minimise the environmental impact of the programme. Should the programme not proceed then existing road defects will become larger and more severe and will create more impacts in future repairs than undertaking the works in FY2526.
Does the proposal have the potential to affect the environment, wildlife or biodiversity?		No		
Have you identified potential impact for any of the areas above or marked any as not known?		No
