# The Highland Council

**Committee:** Sutherland County

**Date:** 17 February 2025

**Report Title:** Area Roads Capital Programme 2024/25 Update

**Report By:** Assistant Chief Executive - Place

## 1 Purpose/Executive Summary

1.1 This report provides an update on the Area Roads Capital Programme 2024/25.

## 2 Recommendations

2.1 Members are asked to:-

- i. **Note** the final budget allocation for Sutherland area for 2024/25;
- ii. **Note** the works completed on the approved prioritised list to date;
- iii. **Note** the additional works identified and prioritised throughout the year; and
- iv. **Approve** the works still proposed for the 2024/25 financial year.

## 3 Implications

3.1 **Resource** - All work will be managed within budget allocations with the Council delivering its legal responsibilities.

3.2 **Legal** - The combined programme for Structural Resurfacing and Structural Integrity Improvements enables the Council to meet its duty under the Roads (Scotland) Act 1984 within the Local Committee Area.

3.3 **Risk** - The level of investment across Highland falls short of the budget requirements to maintain a steady state condition of the road network. Deterioration of the overall network will occur with a corresponding risk to the travelling public. An increase in damage claims can also be expected, as the road defects develop.

3.4 **Health and Safety (risks arising from changes to plant, equipment, process, or people)** - No implications arising from this report.

3.5 **Gaelic** - This report has no impact on Gaelic considerations.

## **4 Impacts**

- 4.1 In Highland, all policies, strategies or service changes are subject to an integrated screening for impact for Equalities, Poverty and Human Rights, Children's Rights and Wellbeing, Climate Change, Islands and Mainland Rural Communities, and Data Protection. Where identified as required, a full impact assessment will be undertaken.
- 4.2 Considering impacts is a core part of the decision-making process and needs to inform the decision-making process. When taking any decision, Members must give due regard to the findings of any assessment.
- 4.3 This is an update report and therefore an impact assessment is not required.

## **5 Background**

- 5.1 On 23 January 2024 at the Sutherland County Committee, Members approved the prioritised Area Roads Capital Programme (Report [SCC/02/24](#)) for Sutherland Area. At the time of approving the report the Highland Council had not set its budget for the 2024/25 financial year.

## **6 Budget**

- 6.1 The Highland Council Budget was set on 14 March 2024, where Members agreed the Roads Capital Budget Allocation for 2025/26 as part of a 3-year investment into Roads. Item 6.10 of [Place Based Approaches to Strategic Capital Planning and Asset Management](#) sets out the total investment into Road Capital over the 3 years.
- 6.2 For 2024/25 a total investment of £20.70m was agreed.
- 6.3 The £20.70m is to be distributed with a strategic allocation and a base capital allocation. The base capital allocations is to be distributed as per the distribution current formula for the operational Areas.
- 6.3 The local allocation for Sutherland was set at:-
- Base capital allocation = £1,332,342.
  - Strategic allocation = £882,300.
  - Structures = £100,000.
  - A total for Sutherland of 2,314,642.

## **7 Road Structural Maintenance Programme**

- 7.1 The prioritised list for 2024/25 that was approved in January 2024 is detailed within Area Roads Capital Programme (Report [SCC/02/24](#)) for Sutherland Area.
- 7.2 The approved list was reviewed following winter and once the effects of the weather on the road network could be assessed. Senior Sutherland Roads Staff regularly attend the Sutherland Area Business Meeting where the list of priorities was reviewed, pre-prioritised and agreed.

7.3 Factors influencing the changes included:-

- additions as road conditions changed and roads not previously identified were added; and
- 3<sup>rd</sup> parties carrying out their works in the same locations.

7.4 The updated prioritised list is detailed within **Appendix 1**. Completed schemes have been identified and works prioritised for early 2025 have been listed.
